SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. Title: National Study of Postsecondary Faculty: 2004 (NSOPF: 04)—Faculty Survey.

Frequency: Survey conducted approximately every four years.

Affected Public: Individuals or households; not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 1,200.

Burden Hours: 510.

Abstract: The fourth cycle of the NSOPF is being conducted in response to a continuing need for data on faculty and instructional staff at U.S. postsecondary education institutions. Information about these key staff at postsecondary institutions is critical to understanding and explaining the quality of education and research in these institutions. This study will expand the information about faculty and instructional staff in two ways: allowing comparisons to be made over time and examining critical issues surrounding faculty that have developed since the first three studies. This clearance request covers field test and full-scale activities for the second phase of the study—a self-directed WEB or CATI interview with faculty and instructional staff in 2- and 4-year postsecondary institutions. The interview will collect information on the background, responsibilities, workload, salaries, benefits, and attitudes of faculty members.
