

abuse treatment and related reentry services in agencies currently providing supervision of and services to sentenced juvenile and young adult offenders returning to the community from incarceration for criminal/juvenile offenses. Applicants are expected to form stakeholder partnerships that will plan, develop and provide community-based substance abuse treatment and related reentry services for the targeted populations. Because reentry transition must begin in the correctional or juvenile facility before release, funding may be used for limited activities in institutional correctional settings in addition to the expected community-based services.

**Eligibility:** Public and domestic private non-profit entities may apply. For example, the following may apply: State and local governments; Indian Tribes and tribal organizations; courts; community-based organizations; and faith-based organizations.

**Availability of Funds:** It is expected that approximately \$6 million will be available for FY 2003. Approximately 12–14 awards will be made. The average annual award will range from \$300,000 to \$500,000 in total costs (direct and indirect). The total funds available and actual funding levels will depend on the receipt of an appropriation. Annual continuation of the award depends on the availability of funds and progress achieved.

**Period of Support:** An award may be requested for a project period of up to 4 years.

**Criteria for Review and Funding:**  
**General Review Criteria:** Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

**Award Criteria for Scored Applications:** Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criterion. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.

**Catalog of Federal Domestic Assistance Number:** 93.243.

**Program Contact:** For questions concerning program issues, contact: Kenneth W. Robertson, Public Health Advisor, Division of Services Improvement, CSAT/SAMHSA,

Rockwall II Building, Suite 740, 5600 Fishers Lane, Rockville, MD 20857. (301) 443-7612. E-Mail: [kroberts@samhsa.gov](mailto:kroberts@samhsa.gov).

For questions regarding grants management issues, contact: Steve Hudak, Division of Grants Management, OPS/SAMHSA, Rockwall II, 6th floor, 5600 Fishers Lane, Rockville, MD 20857. (301) 443-9666. E-Mail: [shudak@samhsa.gov](mailto:shudak@samhsa.gov).

**Public Health System Reporting Requirements:** The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (standard Form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
  - (1) A description of the population to be served.
  - (2) A summary of the services to be provided.
  - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2003 activity is subject to the Public Health System Reporting Requirements.

**PHS Non-use of Tobacco Policy Statement:** The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

**Executive Order 12372:** Applications submitted in response to the FY 2003 activity listed above are subject to the intergovernmental review requirements

of Executive Order 12372, as implemented through DHHS regulations at 45 CFR part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials or on SAMHSA's website under "Assistance with Grant Applications". The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: November 14, 2002.

### Fish and Wildlife Service

#### Information Collection To Be Submitted to the Office of Management and Budget (OMB) for Approval Under the Paperwork Reduction Act; Sandhill Crane Harvest Survey

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice; request for comments.

**SUMMARY:** The U.S. Fish and Wildlife Service will submit the collection of information listed below to OMB for approval under the provisions of the Paperwork Reduction Act. A copy of the information collection requirement is included in this notice. If you wish to obtain copies of the proposed information collection requirement, related forms, and explanatory material, contact the Service Information

Collection Clearance Officer at the address listed below.

**DATES:** We accept comments until January 21, 2003.

**ADDRESSES:** Mail your comments on the requirement to Anissa Craghead, Information Collection Clearance Officer, U.S. Fish and Wildlife Service, ms 222-ARLSQ, 4401 N. Fairfax Drive, Arlington, VA 22203; or e-mail [Anissa\\_Craghead@fws.gov](mailto:Anissa_Craghead@fws.gov).

**FOR FURTHER INFORMATION CONTACT:** To request a copy of the information collection request, explanatory information, and related forms, contact by phone at Anissa Craghead at (703) 358-2445, or electronically at [Anissa\\_Craghead@fws.gov](mailto:Anissa_Craghead@fws.gov).

**SUPPLEMENTARY INFORMATION:** The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see CFR 1320.8(d)). The U.S. Fish and Wildlife Service (We) plan to submit a request to OMB to renew its approval of the collection of information for the Sandhill Crane Harvest Survey. We are requesting a 3-year term of approval for this information collection activity.

Federal agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1018-0023.

Migratory Bird Treaty Act (16 U.S.C. 703-711) and Fish and Wildlife Act of 1956 (16 U.S.C. 742d) designate the Department of the Interior as the key agency responsible for the wise management of migratory bird populations frequenting the United States and for the setting of hunting regulations that allow appropriate harvests that are within the guidelines that will allow for those populations' well being. These responsibilities dictate the gathering of accurate data on various characteristics of migratory bird harvest. Knowledge attained by determining harvests and harvest rates of migratory game birds is used to regulate populations (by promulgating hunting regulations) and to encourage hunting opportunity, especially where crop depredations are chronic and/or lightly harvested populations occur. Based on information from harvest surveys, hunting regulations can be adjusted as needed to optimize harvests at levels that provide a maximum of

hunting recreation while keeping populations at desired levels.

This information collection approval request seeks approval for us to continue conducting the Sandhill Crane Harvest Survey. This is an annual questionnaire survey of people who obtained a sandhill crane hunting permit. At the end of the hunting season, we randomly select a sample of permit holders and send those people a questionnaire that asks them to report the date, State, county, and number of birds harvested for each of their sandhill crane hunts. Their responses provide estimates of the temporal and geographic distribution of the harvest as well as the average harvest per hunter, which, combined with the total number of sandhill crane permits issued, enables the Service to estimate the total harvest of sandhill cranes.

The Sandhill Crane Harvest Survey enables us to annually estimate the magnitude of the harvest and the portion it constitutes of the total mid-continent sandhill crane population. Based on information from this survey, hunting regulations are adjusted as needed to optimize harvest at levels that provide a maximum of hunting recreation while keeping populations at desired levels.

*Title:* Sandhill Crane Harvest Survey.

*Approval Number:* 1018-0023.

*Service Form Number(s):* 3-530, 3-530A, 3-2056N.

*Frequency of Collection:* Annually.

*Description of Respondents:* Individuals and households.

*Number of Respondents:* About 6,500 hunters will respond to the Sandhill Crane Harvest Survey annually.

*Total Annual Burden Hours:* The reporting burden is estimated to average 5 minutes per respondent. Total annual burden is 540 hours.

We invite comments concerning this renewal on: (1) Whether the collection of information is necessary for the proper performance of our migratory bird management functions, including whether the information will have practical utility; (2) the accuracy of our estimate of the burden of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and, (4) ways to minimize the burden of the collection of information on respondents. The information collections in this program are part of a system of record covered by the Privacy Act (5 U.S.C 552(a)).

Dated: November 6, 2002.

#### **Fiscal Year 2002 Private Stewardship Grants Program; Proposal Due Date Extension**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice; extension of the due date.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), announce a due-date extension for submission of project proposals for Federal assistance under the fiscal year 2002 Private Stewardship Grants Program (PSGP). Project proposals must now be submitted to the appropriate Service Regional Office by January 15, 2003.

**DATES:** Project proposals must be received by the appropriate Regional Office (see Table 1 in **SUPPLEMENTARY INFORMATION**) no later than January 15, 2003.

**ADDRESSES:** For additional information contact the Service's Regional Office that has the responsibility for the State or Territory in which the proposed project would occur. The contact information for each Regional Office is listed in Table 1 under **SUPPLEMENTARY INFORMATION** below. Information on the PSGP is also available from the Branch of Recovery and State Grants, U.S. Fish and Wildlife Service, 4401 N. Fairfax Drive, Room 420, Arlington, VA 22203 or electronically at [http://endangered.fws.gov/grants/private\\_stewardship.html](http://endangered.fws.gov/grants/private_stewardship.html) or e-mail: [Privatestewardship@fws.gov](mailto:Privatestewardship@fws.gov).

To submit a project proposal send your project proposals to the Service's Regional Office that has the responsibility for the State or Territory in which the proposed project would occur (see Table 1 under **SUPPLEMENTARY INFORMATION**). You must submit one original and two copies of the complete proposal. We will not accept facsimile project proposals.

**FOR FURTHER INFORMATION CONTACT:** The Program Contact in the appropriate Regional Office identified in Table 1 under **SUPPLEMENTARY INFORMATION** or Martin Miller, Chief, Branch of
