**SUPPLEMENTARY INFORMATION:** The subject amendment to Permit No. 821-1588-01 is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), and the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR part 216).

Permit No. 821-1588-01 authorizes the permit holder to conduct research under three projects: (1) capture, tag, sample, release Weddell seals (*Leptonychotes weddelli*) on McMurdo Sound, Antarctica; (2) approach, tag, biopsy, photograph sperm whales (*Physeter macrocephalus*) in the Gulf of Mexico, and conduct research activities on Odontocetes that may result in Level B harassment; and (3) import/export marine mammal specimens obtained from dead animals. The permit holder requests authorization to take up to two times each, 30 adult female northern elephant seals (*Mirounga angustirostris*) and 10 subadult seals of either sex during each of three years by capture, restraint, sedation, attachment of instruments, placement of catheters into blood vessels, placement of subcutaneous temperature and intravenous oxygen sensors, and taking muscle biopsies. Adult females may be pregnant, although no late-term pregnant seals will be sampled. Level B harassment may occur on an additional 40 seals per year during observations to check flipper tags for identification. Up to two accidental mortalities per year are requested for this amendment. Research will occur at Ano Nuevo Point, California. The purpose of this research is to investigate the behavioral and energetic adaptations that enable elephant seals to forage at depth in the northern Pacific Ocean.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: November 14, 2002.
