OVERSEAS PRIVATE INVESTMENT CORPORATION

Privacy Act of 1974, as Amended; System of Records Notice

AGENCY: Overseas Private Investment Corporation.

ACTION: Notice to add new Privacy Act system of records.

SUMMARY: The Overseas Private Investment Corporation (OPIC) is giving notice that it proposes to add a new system of records, Staff Central (OPIC-4), to its existing inventory of systems subject to the privacy Act of 1974 (5 U.S.C. 552a), as amended. This system of records incorporates and replaces OPIC-4, Employee Exit Forms, which OPIC is deleting from its inventory of systems of records. Staff Central is an electronic workflow and information tracking system employed in connection with the administration and handling of OPIC personnel. The system automates administrative tasks associated with the processing of new employees, moving personnel between offices, and processing employees through OPIC's employment exit procedures. Staff Central also transfers staff in formation to various directories and applications, and provides a central location for other OPIC systems to link to and pull information from as needed.

DATES: The new system will be effective without further notice on November 15, 2004, unless comments on or before the date cause a contrary decision.

ADDRESSES: Written comments may be addressed and mailed or hand-delivered to Christopher Astriab, Overseas Private Investment Corporation, 1100 New York Avenue, NW., Washington, DC 20527. Faxes may be sent to Christopher Astriab at (202) 842-8413. Submit electronic comments to cast@opic.gov. If changes are made based on OPIC's review of comments received, a new final notice will be published.

FOR FURTHER INFORMATION CONTACT: Christopher Astriab, Overseas Private Investment Corporation, 1100 New York Avenue, NW., Washington, DC 20527, telephone (202) 336-8633.

SUPPLEMENTARY INFORMATION: OPIC last published a comprehensive set of Privacy Act system notices in the **Federal Register** on July 9, 1999 (64 FR 37152). OPIC published one additional system, OPIC-21, in the **Federal Register** on December 9, 1999 (64 FR 69033). OPIC is proposing to replace one of its existing systems of record, OPIC-4, Employee Exit Forms, with a new system of records, OPIC-4 Staff Central. OPIC's employee exit process is incorporated into Staff Central.

Section 552a(e)(4) and (11) of Title 5, United States Code, provides that the public be afforded a 30-day period in which to comment on this addition to OPIC's existing record systems. Additionally, a copy of this notice has been submitted to the Chair of the Committee on Government Reform and Oversight of the House of Representatives, the Chair of the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget, pursuant to 5 U.S.C. 552a(r).

Staff Central, an electronic workflow and information tracking system, enables OPIC to automate the processes associated with the administration and handling of OPIC personnel. This includes such tasks as processing new employees, moving personnel between offices, and processing employees through OPIC's employment exit procedures. Staff Central also transfers staff information to various directories and applications, and provides a central location for other OPIC systems to link to and pull information from as needed. The system cross-references, indexes, and tracks a number of administrative work processes in a centralized, paperless environment. Records maintained in Staff Central are primarily accessed by employee name. In addition, records may be accessed by reference to any information entered into the system, including address, phone number, certification in CPR, etc.
