## NUCLEAR REGULATORY COMMISSION

### Extension of Public Comment Period: Louisiana Energy Services National Enrichment Facility

**AGENCY:** Nuclear Regulatory Commission (NRC).

**ACTION:** Extension of public comment period.

**SUMMARY:** The NRC is extending further the public comment period for the Draft Environmental Impact Statement (DEIS) for the Proposed National Enrichment Facility (NEF) in Lea County, New Mexico (NUREG-1790). The notice of availability of the DEIS appeared in the *Federal Register* on September 17, 2004 (69 FR 56104), with the public comment period to end on November 6, 2004. On November 9, 2004, the NRC extended the public comment period until December 18, 2004 (69 FR 64983).

On October 25, 2004, the NRC suspended public access to its Agencywide Documents Access and Management System (ADAMS) database accessible through the NRC's Web site and initiated an additional security review of publicly-available documents to ensure that potentially sensitive information is removed. This security review is ongoing and the exact date of its completion is not certain.

However, from October 25, 2004, until December 6, 2004, members of the public continued to have access to the DEIS through NRC's project-specific Web site (<http://www.nrc.gov/materials/fuel-cycle-fac/lesfacility.html>). Members of the public also had access to the Environmental Report (ER) submitted by Louisiana Energy Services (LES) for the NEF through the same Web site until November 28, 2004. The links to the DEIS and the ER were suspended on December 7, 2004, and on November 29, 2004, respectively, while the NRC staff conducted its security review of these documents.

By this notice, the public comment period on the DEIS is being extended further until January 7, 2005. This extension of the public comment period will allow members of the public an additional opportunity to obtain relevant documents in order to comment on the DEIS. The NRC staff will make available on its project-specific Web site redacted copies of the DEIS, the ER, and LES's responses to NRC staff requests for additional information related to the ER. Redacted versions of these documents are expected to be accessible beginning on December 23, 2004. Interested members of the public may obtain copies of additional publicly-available documents for review and/or copying by contacting the NRC Public Document Room. The NRC Public Document Room is located at NRC Headquarters in Rockville, MD, and can be contacted at 800-397-4209 or 301-415-4737 or [pdr@nrc.gov](mailto:pdr@nrc.gov).

Members of the public are invited and encouraged to submit comments to the Chief, Rules Review and Directives Branch, Mail Stop T6-D59, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001. Please note Docket No. 70-3103 when submitting comments. Written comments submitted by mail should be postmarked by January 7, 2005, to ensure consideration. Comments mailed after that date will be considered to the extent practical. Comments will also be accepted by e-mail to [nrcprep@nrc.gov](mailto:nrcprep@nrc.gov), or by facsimile to 301-415-5397, Attention: Anna Bradford.

**FOR FURTHER INFORMATION CONTACT:** For general or technical information associated with the license review of the National Enrichment Facility, please contact Timothy Johnson at (301) 415-7299. For general information on the NRC environmental review process, please contact either Anna Bradford at (301) 415-5228 or James Park at (301) 415-5835.

Dated at Rockville, MD, this 15th day of December 2004.

For the Nuclear Regulatory Commission.

## NUCLEAR REGULATORY COMMISSION

### Advisory Committee on Reactor Safeguards Subcommittee Meeting on Thermal-Hydraulic Phenomena; Notice of Meeting

The ACRS Subcommittee on Thermal-Hydraulic Phenomena will hold a meeting on January 26, 2005, Room T-2B3, 11545 Rockville Pike, Rockville, Maryland.

The agenda for the subject meeting shall be as follows:

*Wednesday, January 26, 2005—8:30 a.m. until the conclusion of business.*

The Subcommittee will review the application for an 8.5% power uprate for the Waterford Nuclear Power Station. The Subcommittee will hear presentations by and hold discussions with representatives of the NRC staff and Entergy Nuclear South regarding this matter. The Subcommittee will gather information, analyze relevant issues and facts, and formulate proposed positions and actions, as appropriate, for deliberation by the full Committee.

Members of the public desiring to provide oral statements and/or written comments should notify the Designated Federal Official, Mr. Ralph Caruso (Telephone: 301-415-8065) five days prior to the meeting, if possible, so that appropriate arrangements can be made. Electronic recordings will be permitted.

Further information regarding this meeting can be obtained by contacting the Designated Federal Official between 7:30 a.m. and 4:15 p.m. (e.t.). Persons planning to attend this meeting are urged to contact the above named individual at least two working days prior to the meeting to be advised of any potential changes to the agenda.

Dated: December 15, 2004.

**John H. Flack,**

*Acting Branch Chief, ACRS/ACNW.*
