

believes that the proposed rule change should help to ensure that all registered persons are kept up-to-date on regulatory, compliance, and sales practice-related industry issues. Further, the Commission believes that the proposed rule change will reinforce the importance of compliance with just and equitable principles of trade by exposing all registered industry participants to the full benefits of the Regulatory Element programs, which include a new Regulatory Element module that focuses specifically on ethics.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹² that the proposed rule change (SR-NASD-2004-098), as amended, is approved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-50458; File No. SR-NASD-2004-109]

Self-Regulatory Organizations; National Association of Securities Dealers, Inc.; Order Granting Approval to Proposed Rule Change To Increase the Initial Inclusion Requirements for Certain Foreign Securities Seeking To List on the Nasdaq SmallCap Market

September 28, 2004.

On July 15, 2004, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² a proposed rule change to modify Rule 4320 to apply the same, heightened quantitative initial inclusion standards upon non-Canadian foreign issuers that currently apply to domestic and Canadian issuers seeking to list on the Nasdaq SmallCap Market ("SmallCap Market"). Specifically, Nasdaq has added to the initial inclusion requirements of Rule 4320 a minimum bid price requirement of \$4 and a market value requirement for publicly held shares of \$5,000,000.

The proposed rule change was published for comment in the **Federal Register** on August 18, 2004.³ The Commission received no comments on the proposal.

The Commission finds that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁴ in general, and with Section 15A(b)(6) of the Act,⁵ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest. The Commission believes that applying the same quantitative initial inclusion standards upon non-Canadian foreign issuers seeking to list on the Nasdaq SmallCap market that currently apply to domestic and Canadian issuers is an appropriate change that raises the applicable standards and achieves consistent application of those standards among issuers.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,⁶ that the proposed rule change (File No. SR-NASD-2004-109) be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁷
