

(11) The range of Federal and State fees that might apply to such background check requests;

(12) Any requirements that should be imposed concerning the time for responding to such background check requests;

(13) Any infrastructure that may need to be developed to support the processing of such checks, including—

(A) The means by which information is collected and submitted in support of the checks; and

(B) The system capacity needed to process such checks at the Federal and State level;

(14) The role that States should play; and

(15) Any other factors that the Attorney General determines to be relevant to the subject of the report.

Congress has instructed the Department of Justice to consult with certain parties in developing the report. In accordance with section 6403(e) of the Act, the Department of Justice must consult with representatives of State criminal history record repositories, the National Crime Prevention and Privacy Compact Council, appropriate representatives of private industry, and representatives of labor, as determined appropriate by the Attorney General.

Comments Sought

The Department of Justice seeks public comment on all of the reporting requirements described in section 6403 of the Act. In particular, the Department is seeking comments responsive to the fifteen factors it must consider when making recommendations to Congress. The Department welcomes comments not just from the specific parties identified in section 6403(e) of the Act, but from any person who may be able to provide responsive information that the Department may consider when drafting the report.

Dated: May 31, 2005.

Rachel Brand,

Acting Assistant Attorney General.

BILLING CODE 4410-02-P

DEPARTMENT OF LABOR

Office of the Secretary

Submission for OMB Review: Comment Request

May 27, 2005.

The Department of Labor (DOL) has submitted the following public information collection requests (ICRs) to the Office of Management and Budget (OMB) for review and approval in

accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35). A copy of each ICR, with applicable supporting documentation, may be obtained by contacting Darrin King on 202-693-4129 (this is not a toll-free number) or e-mail: king.darrin@dol.gov.

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Employee Benefits Security Administration (EBSA), Office of Management and Budget, Room 10235, Washington, DC 20503, 202-395-7316 (this is not a toll-free number), within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: Employee Benefits Security Administration.

Type of Review: Extension of currently approved collection.

Title: Procedure for Application for Exemption from the Prohibited Transaction Provisions of Section 408(a) of the Employee Retirement Income Security Act of 1974 (ERISA).

OMB Number: 1210-0060.

Frequency: On occasion.

Type of Response: Reporting and Third party disclosure.

Affected Public: Business or other for-profit; Not-for-profit institutions; and Individuals or households.

BILLING CODE 7036-01-M

NUCLEAR REGULATORY COMMISSION

Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. *Type of submission, new, revision, or extension:* Revision.

2. *The title of the information collection:* 10 CFR Part 100, "Reactor Site Criteria".

3. *The form number if applicable:* Not applicable.

4. *How often the collection is required:* As necessary in order for NRC to assess the adequacy of proposed seismic design bases and the design bases for other geological hazards for nuclear power and test reactors constructed and licensed in accordance with 10 CFR parts 50 and 52 and the Atomic Energy Act of 1954, as amended.

5. *Who will be required or asked to report:* Applicants and licensees for nuclear power and test reactors.

6. *An estimate of the number of annual responses:* 2.

7. *The estimated number of annual respondents:* .33 (1 respondent every 3 years).

8. *An estimate of the total number of hours needed annually to complete the requirement or request:* 8,711.

9. *An indication of whether section 3507(d), Pub. L. 104-13 applies:* Not applicable.

10. *Abstract:* 10 CFR part 100, "Reactor Site Criteria," establishes approval requirements for proposed sites for the purpose of constructing and operating stationary power and testing reactors pursuant to the provisions of 10 CFR parts 50 or 52. These reactors are required to be sited, designed, constructed, and maintained to withstand geologic hazards, such as faulting, seismic hazards, and the maximum credible earthquake, to protect the health and safety of the public and the environment. Non-seismic siting criteria must also be evaluated. Non-seismic siting criteria include such factors as population density, the proximity of man-related hazards, and site atmospheric dispersion characteristics. NRC uses the information required by 10 CFR part 100 to evaluate whether natural phenomena and potential man-made hazards will be
