

Correction of Publication

Accordingly, the publication of the notice of proposed rulemaking by cross-reference to temporary regulations and notice of public hearing (REG-129709-03), which was the subject of FR Doc. 04-27295, is corrected as follows:

1. On page 75492, column 2, in the preamble under the caption **DATES**, the second sentence from the bottom of the paragraph, the language "10 a.m. must be received by March 14," is corrected to read "10 a.m. must be received by March 30,".

2. On page 75492, column 2, in the preamble under the caption **ADDRESSES**, the last sentence, the language "REG-129703-03)." is corrected to read "REG-129709-03)."

3. On page 75492, column 3, in the preamble under the caption Comments and Requests for a Public Hearing, paragraph 3, line 8, the language "March 14, 2005. A period of 10 minutes" is corrected to read "March 30, 2005. A period of 10 minutes".

PART 1—[AMENDED]

§ 1.409(p)-1 [Corrected]

4. On page 75493, column 1, the section title for § 1.409(p)-1, the language "Prohibited allocation of securities in an S Corporation." is corrected to read "Prohibited allocations of securities in an S Corporation.".

Guy R. Traynor,

Federal Register Liaison, Publication and Regulations Branch, Legal Processing Division, Associate Chief Counsel, Procedures and Administration.

BILLING CODE 4830-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 300

[FRL-7868-5]

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule; notice of intent to delete the Southern Maryland Wood Treating Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region III is issuing a notice of intent to delete the Southern Maryland Wood Treating Superfund Site (Site) located in Hollywood, Maryland from the National Priorities

List (NPL) and requests public comments on this notice of intent. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (CERCLA), is found at Appendix B of 40 CFR part 300, which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). EPA and the State of Maryland, through the Maryland Department of the Environment (MDE), have determined that all appropriate response actions under CERCLA have been completed. However, this deletion does not preclude future actions under CERCLA.

In the "Rules and Regulations" section of today's **Federal Register**, EPA is publishing a direct final rule of deletion of the Southern Maryland Wood Treating Site without prior notice of intent to delete because EPA views this as a noncontroversial deletion and anticipates no adverse comment. EPA has explained its reasons for this deletion in the direct final rule of deletion. If EPA receives no adverse comment(s) on this notice of intent to delete or the direct final rule of deletion, EPA will not take further action. If EPA receives adverse comment(s), EPA will withdraw the direct final rule of deletion and it will not take effect. EPA will, as appropriate, address all public comments in a subsequent final deletion notice based on this notice of intent to delete. EPA will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so at this time. For additional information, see the Direct Final Rule of Deletion which is located in the "Rules and Regulations" section of this **Federal Register**.

DATES: Comments concerning this Site must be received by March 7, 2005.

ADDRESSES: Written comments should be addressed to: Robert Sanchez, Remedial Project Manager, U.S. EPA Region III (3HS23), 1650 Arch Street, Philadelphia, PA 19103-2029, (215) 814-3451.

FOR FURTHER INFORMATION CONTACT: Robert Sanchez, Remedial Project Manager, U.S. EPA Region III (3HS23), 1650 Arch Street, Philadelphia, PA 19103-2029, (215) 814-3451 or 1-800-553-2509.

SUPPLEMENTARY INFORMATION: For additional information, see the Direct Final Notice of Deletion which is located in the "Rules and Regulations" section of this **Federal Register**.

Information Repositories: Repositories have been established to provide detailed information concerning this decision at the following addresses: U.S.

EPA Region III, Regional Center for Environmental Information (RCEI), 1650 Arch Street (2nd Floor), Philadelphia, PA 19103-2029, (215) 814-5254, Monday through Friday, 8 a.m. to 5 p.m.; and in Maryland at the St. Mary's County Library, 23250 Hollywood Road, Leonardtown, MD 20650 (301) 475-2846, Monday through Friday, 8 a.m. to 4 p.m.

BILLING CODE 6560-50-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-P-7669]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Doug Bellomo, P.E., Hazard Identification Section, Emergency Preparedness and Response Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2903.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Mitigation Division Director of the Emergency Preparedness and Response Directorate has resolved any appeals resulting from this notification.

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more

stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Mitigation Division Director of the Emergency Preparedness and Response Directorate certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant

regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Source of flooding and location of referenced elevation	◆Elevation in feet (NGVD)		Communities affected
	*Existing	Modified	
<i>Cobb Creek:</i>			
At the confluence with Florida Creek	None	◆ 1,099	Lac Qui Parle (Unincorporated Areas).
Approximately 7,850 feet upstream of County Road 50	None	◆ 1,237	
<i>County Ditch No. 5:</i>			
At the confluence with West Branch Lac Qui Parle River	None	◆ 1,096	Lac Qui Parle (Unincorporated Areas).
At the western county boundary	None	◆ 1,140	
<i>Florida Creek:</i>			
At the confluence with West Branch Lac Qui Parle River	None	◆ 1,094	Lac Qui Parle (Unincorporated Areas).
Approximately 2,300 feet upstream of the southern county boundary.	None	◆ 1,181

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-P-7667]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection

at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Doug Bellomo, P.E., Hazard Identification Section, Emergency Preparedness and Response Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2903.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Mitigation Division Director of the Emergency Preparedness and Response Directorate has resolved any appeals resulting from this notification.

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental

Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Mitigation Division Director of the Emergency Preparedness and Response Directorate certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:
