The Black Mesa Project includes Peabody Western Coal Company's proposed operation and reclamation plans for the Black Mesa and Kayenta coal mines; the Coal Slurry Preparation Plant at the Black Mesa Mine; the reconstruction of the 273-mile long Coal Slurry Pipeline across northern Arizona from the Coal Slurry Preparation Plant to the Mohave Generating Station (electrical) in Laughlin, Nevada; the construction and operation of water wells in the Coconino aquifer (C-aquifer) northwest of Winslow, Arizona; and construction and operation of a water supply pipeline running about 120 miles across the Navajo and Hopi Reservations from the wells to the Coal Slurry Preparation Plant. In accordance with the Council on Environmental Quality's regulations for implementing NEPA, 40 CFR Parts 1500 through 1508, OSM solicits public comments on the scope of the EIS and

significant issues that it should address in the EIS.

Written comments, including email comments, should be sent to OSM at the addresses given in the **ADDRESSES** section of this notice. Comments should be specific and pertain only to the issues relating to the proposals. OSM will include all comments in the administrative record.

DEPARTMENT OF JUSTICE

Office of Special Counsel for Immigration Related Unfair Employment Practices; Immigration Related Employment Discrimination Public Education Grants

AGENCY: Office of Special Counsel for Immigration Related Unfair Employment Practices, Civil Rights Division, U.S. Department of Justice.

ACTION: Notice of availability of funds and solicitation for grant applications.

SUMMARY: The Office of Special Counsel for Immigration Related Unfair Employment Practices (OSC) announces the availability of funds for grants to conduct public education programs about the rights afforded potential victims of employment discrimination and the responsibilities of employers under the anti-discrimination provision of the Immigration and Nationality Act

(INA), 8 U.S.C. 1324b. It is anticipated that a number of grants will be competitively awarded to applicants who can demonstrate a capacity to design and successfully implement public education campaigns to address immigration related unfair employment discrimination. Grants may range in size from \$35,000 to \$100,000. Applicants must demonstrate the ability to educate workers, employers and/or the general public about the anti-discrimination provision of the INA. OSC welcomes proposals from diverse public service groups, organizations or associations providing information services to employers and/or potential victims of discrimination, and Faith-Based organizations, non-profit groups providing services and assistance to potential victims of discrimination.

DATES: *Application Due Date:* March 21, 2005.

FOR FURTHER INFORMATION CONTACT: Lilia Irizarry, Acting Public Affairs Specialist, Office of Special Counsel for Immigration Related Unfair Employment Practices, 950 Pennsylvania Ave., Washington, DC 20530. Tel. (202) 616-5594, or (202) 616-5525 (TDD for the hearing impaired).

SUPPLEMENTARY INFORMATION: The Office of Special Counsel for Immigration Related Unfair Employment Practices of the Civil Rights Division of the Department of Justice announces the availability of funds to conduct cost effective public education programs concerning the anti-discrimination provision of the INA. Funds will be awarded to selected applicants who propose cost-effective ways of educating employers, workers covered by this statute, community service providers, and/or the general public.

Background: The Immigration and Nationality Act protects work authorized individuals from employment discrimination based on their citizenship status and/or national origin. Federal law also makes knowingly hiring unauthorized workers unlawful, and requires employers to verify the identity and employment eligibility of all new employees. Employers who violate this law are subject to sanctions, including fines and possible criminal prosecution. Employers of four or more employees are prohibited from discriminating on the basis of citizenship status or national origin with respect to hiring, firing, recruitment or referral for a fee. They are also prohibited from committing "document abuse" on the basis of national origin or citizenship status in the employment eligibility

verification process. U.S. citizens and certain classes of work authorized individuals are protected from citizenship status discrimination. Protected non-citizens include:

- Legal Permanent Residents;
- Refugees;
- Asylees; and
- Temporary Residents.

Citizens and all work authorized individuals are protected from discrimination on the basis of national origin. However, under the INA the prohibition against national origin discrimination applies only to employers with four to fourteen employees. National origin discrimination complaints against employers with fifteen or more employees fall under the jurisdiction of the Equal Employment Opportunity Commission pursuant to Title VII of the Civil Rights Act of 1964, 42 U.S.C. 2000e, *et seq.* In addition, under the document abuse provision of the law, employers cannot request more or different documents than are required for completion of the Employment Eligibility Verification (I-9) Form, prefer or require one form of documentation over another, or refuse documents that appear reasonably genuine on their face, if made for the purpose or with the intent of discriminating against an individual on the basis of national origin or citizenship status. OSC is responsible for receiving and investigating discrimination charges and, when appropriate, filing complaints with specially designated administrative law judges. OSC also initiates independent investigations of possible immigration-related job discrimination. While OSC has established a record of vigorous enforcement, studies have shown that there is an extensive lack of knowledge on the part of protected individuals and employers about the anti-discrimination provision of the INA. Enforcement cannot be effective if potential victims of discrimination are not aware of their rights. Moreover, discrimination can never be eradicated so long as employers are not aware of their responsibilities.

Purpose: OSC seeks to educate both workers and employers about their rights and responsibilities under the anti-discrimination provision of the INA. Applicants must demonstrate the ability to use diverse forms of mass and electronic media to educate employers and/or employees [in both the public and private sectors], as well as agencies providing services to potential victims concerning the anti-discrimination provision of the INA. OSC seeks proposals that will use existing
