

amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these chart changes to SIAPs, the TERPS criteria were applied to only these specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Further, the SIAPs contained in this amendment are based on the criteria contained in TERPS. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established

body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Extension of Import Restrictions Imposed on Pre-Classical and Classical Archaeological Objects and Byzantine Period Ecclesiastical and Ritual Ethnological Material From Cyprus

AGENCIES: U.S. Customs and Border Protection, Department of Homeland Security; Department of the Treasury.

ACTION: Final rule.

SUMMARY: This document amends U.S. Customs and Border Protection (CBP) regulations to reflect the extension of

import restrictions on Pre-Classical and Classical Archaeological Objects and Byzantine Ecclesiastical and Ritual Ethnological Material from Cyprus which were imposed by Treasury Decision (T.D.) 02–37 and CBP Dec. 06–22. The Assistant Secretary for Educational and Cultural Affairs, United States Department of State, has determined that conditions continue to warrant the imposition of import restrictions. Accordingly, the restrictions will remain in effect for an additional 5 years, and the CBP regulations are being amended to indicate this extension. These restrictions are being extended pursuant to determinations of the United States Department of State made under the terms of the Convention on Cultural Property Implementation Act in accordance with the United Nations Educational, Scientific and Cultural Organization (UNESCO) Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property. This document also contains the Designated List of Archaeological Objects and Ethnological Material that describes the articles to which the restrictions apply.

Note that one subcategory, Coins of Cypriot Types, has been added to the category entitled Metal.

EFFECTIVE DATE: July 16, 2007.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to the provisions of the 1970 United Nations Educational, Scientific and Cultural Organization (UNESCO) Convention, codified into U.S. law as the Convention on Cultural Property Implementation Act (Pub. L. 97–446, 19 U.S.C. 2601 *et seq.*), the United States entered into a bilateral agreement with the Republic of Cyprus on July 16, 2002, concerning the imposition of import restrictions on certain archaeological material of Cyprus representing the Pre-Classical and Classical periods of its cultural heritage. On July 19, 2002, the former United States Customs Service published Treasury Decision (T.D.) 02–37 in the **Federal Register** (67 FR

47447), which amended 19 CFR 12.104g(a) to reflect the imposition of these restrictions, and included a list designating the types of archaeological materials covered by the restrictions.

Import restrictions listed in 19 CFR 12.104g(a) are “effective for no more than five years beginning on the date on which the agreement enters into force with respect to the United States. This period can be extended for additional periods not to exceed five years if it is determined that the factors which justified the initial agreement still pertain and no cause for suspension of the agreement exists” (19 CFR 12.104g(a)). T.D. 02–37 is set to expire on July 16, 2007.

We note that prior to the issuance of T.D. 02–37, the former United States Customs Service had issued T.D. 99–35 (64 FR 17529, April 12, 1999) imposing “emergency” import restrictions on certain Byzantine Ecclesiastical and Ritual Ethnological Material from Cyprus. Under T.D. 99–35, Sec. 12.104g(b) (19 CFR 12.104g(b)) of the regulations pertaining to emergency import restrictions was amended accordingly. This emergency protection was extended in CBP Dec. 03–25 (68 FR 51903, August 29, 2003). The ethnological material protected by the emergency restrictions was not covered by the 2002 bilateral agreement and the 2002 Treasury Decision.

On August 17, 2006, the Republic of Cyprus and the United States amended the bilateral agreement of July 16, 2002, to include the list of Byzantine Ecclesiastical and Ritual Ethnological Material from Cyprus that was protected pursuant to the emergency action. The amendment of the bilateral agreement to include this material was reflected in CBP Dec. 06–22, which was published in the **Federal Register** (71 FR 51724) on August 31, 2006. CBP Dec. 06–22 set forth the list of Byzantine Ecclesiastical and Ritual Ethnological Material from Cyprus that was previously protected pursuant to emergency action and announced that import restrictions were now imposed on this cultural property pursuant to the amended bilateral agreement. The amended bilateral agreement is set to expire on July 16, 2007, unless extended by the Parties.

After reviewing the findings and recommendations of the Cultural Property Advisory Committee, the Assistant Secretary for Educational and Cultural Affairs, United States Department of State, concluding that the cultural heritage of Cyprus continues to be in jeopardy from pillage of certain archaeological objects and ethnological materials, made the necessary determination to extend the import

restrictions on all the cultural property encompassed by the amended bilateral agreement for an additional five years on May 30, 2007. In addition to all the previously protected cultural material, import restrictions are also being imposed on a new subcategory of objects (Coins). Accordingly, CBP is amending 19 CFR 12.104g(a) to reflect the extension of the import restrictions on the currently protected cultural property as well as the new subcategory.

The Designated List of articles that are protected pursuant to the bilateral agreement, as extended, on Pre-Classical and Classical Archaeological Objects and Byzantine Period Ecclesiastical and Ritual Ethnological Material from Cyprus has been revised and is published below. We note that the subcategory Coins of Cypriot Types has been added to the category entitled Metal, pursuant to 19 U.S.C. 2604. This addition comes in response to a request from the Government of the Republic of Cyprus to amend the Designated List. Coins constitute an inseparable part of the archaeological record of the island, and, like other archaeological objects, they are vulnerable to pillage and illicit export.

Importation of such materials continues to be restricted unless the conditions set forth in 19 U.S.C. 2606 and 19 CFR 12.104c are met.

Inapplicability of Notice and Delayed Effective Date

This amendment involves a foreign affairs function of the United States and is, therefore, being made without notice or public procedure (5 U.S.C. 553(a)(1)). For the same reason, a delayed effective date is not required.

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

Executive Order 12866

Because this rule involves a foreign affairs function of the United States, it is not subject to Executive Order 12866.

Guidance under Subpart F Relating to Partnerships

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final regulations and removal of the temporary regulations.

SUMMARY: This document contains final regulations providing guidance under subpart F relating to partnerships. The final regulations add rules for determining whether a controlled foreign corporation’s (CFC’s) distributive share of partnership income is excluded from foreign personal holding company income under the exception contained in section 954(i). These regulations will affect CFCs that are qualified insurance companies, as defined in section 953(e)(3), that have an interest in a partnership and U.S. shareholders of such CFCs.

DATES: *Effective Date:* These regulations are effective July 13, 2007.

Applicability Date: For date of applicability, see § 1.954–2(a)(5)(v).

FOR FURTHER INFORMATION CONTACT: Kate Y. Hwa, (202) 622–3840 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

On January 17, 2006, the IRS and the Treasury Department published in the **Federal Register** a notice of proposed rulemaking (REG–106418–05, 2006–7 IRB 461, 71 FR 2496) by cross-reference to temporary regulations (TD 9240, 2006–7 IRB 454, 71 FR 2462) (collectively, the January 2006 regulations), which provide that a CFC’s distributive share of partnership income will qualify for the exception contained in section 954(i) of the Internal Revenue Code (Code) if the CFC is a qualifying insurance company and the income of the partnership would have been qualified insurance income under section 954(i) if received by the CFC directly. Thus, whether the CFC partner’s distributive share of partnership income is qualified insurance income is determined at the CFC partner level.

The IRS and the Treasury Department received no comments responding to the January 2006 regulations and no public hearing was requested or held. Accordingly, the proposed regulations are adopted without change by this Treasury decision and the corresponding temporary regulations are removed.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It has also been determined that section 553(b) of the Administrative Procedures Act (5 U.S.C. chapter 5) does not apply to these regulations and, because the regulation does not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Code, the notice of proposed rulemaking that preceded these regulations was submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

Drafting Information

The principal author of these regulations is Kate Y. Hwa of the Office of the Associate Chief Counsel (International). However, other personnel from the IRS and Treasury

Department participated in their development.
