

a national securities exchange⁸ and, in particular, the requirements of Section 6 of the Act.⁹ Specifically, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁰ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission believes that the proposal should benefit investors by providing an exception to the minimum public distribution requirements for Index-Linked Securities with a weekly redemption right. The Commission believes that the market price of Index-Linked Securities with a weekly redemption right should exhibit a strong correlation to the performance of the relevant underlying index or asset, since holders of such securities would be unlikely to sell them for less than their redemption value if they have a weekly right to be redeemed for their full value. The Commission believes that this exception is reasonable and should allow for the listing and trading of certain Index-Linked Securities that would otherwise not be able to be listed and traded on the Exchange.

The Commission finds good cause for approving the proposed rule change prior to the 30th day after the date of publication of the notice of filing thereof in the **Federal Register**. The Commission notes that it has approved a similar proposal filed by NYSE¹¹ and similar initial distribution requirements for Index-Linked Securities of other national securities exchanges¹² and does not believe that this proposal raises any novel regulatory issues. Accelerating approval of this proposal should benefit investors by creating, without undue delay, additional competition in the market for Index-Linked Securities. Therefore, the Commission finds good cause, consistent with Section 19(b)(2) of the

Act,¹³ to approve the proposed rule change on an accelerated basis.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁴ that the proposed rule change (SR-NYSEArca-2007-96) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁵

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56592; File No. SR-Amex-2007-60]

Self-Regulatory Organizations; American Stock Exchange LLC; Order Granting Approval of a Proposed Rule Change, as Modified by Amendment Nos. 1 and 2 Thereto, Relating to the Listing and Trading of Shares of Eight Funds of the ProShares Trust Based on International Equity Indexes

October 1, 2007.

I. Introduction

On June 15, 2007, the American Stock Exchange, LLC (“Amex” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder, a proposal to list and trade the shares of eight funds of the ProShares Trust based on certain international equity indexes.² On July 27, 2007, Amex filed Amendment No. 1 to the proposed rule change. The proposed rule change, as amended, was published for comment in the **Federal Register** on August 15, 2007 for a 15-day comment period.³ The Commission received no comments on the proposal. On September 7, 2007, Amex filed Amendment No. 2 to the proposed rule change.⁴ This order approves the

³ 17 CFR 200.30-3(a)(12).

⁴ 15 U.S.C. 78s(b)(1).

⁵ 17 CFR 240.19b-4.

⁶ See Securities Exchange Act Release No. 56223 (August 8, 2007), 72 FR 45837 (“Notice”).

⁷ In Amendment No. 2, the Exchange clarified that: (a) The value of the MSCI Japan Index will be calculated and disseminated every 15 seconds from 8 p.m. to 2 a.m. Eastern Time (“ET”); (b) the value of the MSCI EAFE Index will be calculated and disseminated every 60 seconds from 8 p.m. to 12 p.m. ET; (c) the value of the FTSE/Xinhua China 25 Index will be calculated and disseminated every 15

seconds from 10 p.m. to 4 a.m. ET; and (d) the Funds are expected to be highly inversely correlated (–0.95 or greater). Because Amendment No. 2 is technical in nature, the Commission is not republishing the notice of filing for public comment.

II. Description of the Proposal

The Exchange proposes to list and trade under Amex Rule 1000A–AEMI the shares (the “Shares”) of eight funds of the ProShares Trust (the “Trust”) that are designated as Short Funds (the “Short Funds”) and UltraShort Funds (the “UltraShort Funds,” and together with the Short Funds, collectively referred to as the “Funds”). The Exchange represents that the Funds will comply with all applicable provisions of Amex Rules 1000A–AEMI and 1001A–1003A.⁵ Each of the Funds has a distinct investment objective by attempting, on a daily basis, to correspond to a specified multiple of the inverse performance of a particular equity securities index. The Funds will be based on the following benchmark indexes: (1) MSCI Emerging Markets Index; (2) MSCI Japan Index; (3) MSCI EAFE Index; and (4) FTSE/Xinhua China 25 Index (each, an “Underlying Index,” and collectively, the “Underlying Indexes”).⁶ Each of the Underlying Indexes is rebalanced quarterly, calculated in U.S. dollars on a real-time basis, and, consistent with Commentary .02(b)(ii) to Amex Rule 1000A–AEMI, widely disseminated during Exchange trading hours.

Specifically, the Exchange proposes to list and trade Shares of the Short Funds that seek daily investment results, before fees and expenses, that correspond to the inverse or opposite of the daily performance (–100%) of the Underlying Indexes. If each of these Short Funds is successful in meeting its objective, the net asset value (“NAV”) of the Shares of each Short Fund should increase approximately as much, on a percentage basis, as the respective Underlying Index loses when the prices of the securities in the Underlying Index decline on a given day, or should decrease approximately as much, on a

⁷ E-mail from Nyieri Nazarian, Assistant General Counsel, Amex, to Edward Cho, Special Counsel, Division of Market Regulation, Commission, dated September 19, 2007.

⁸ A detailed discussion of the Underlying Indexes and dissemination of the values thereof, investment objective of the Funds, portfolio investment methodology, investment techniques, availability of information and key values, creation and redemption of Shares, dividends and distributions, Amex’s initial and continued listing standards, Amex trading rules and trading halts, information circular to Exchange members, and other related information regarding the Funds can be found in the Notice. See Notice, *supra* note 3.

⁸ In approving this proposed rule change, the Commission has considered the proposed rule’s impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁹ 15 U.S.C. 78f.

¹⁰ 15 U.S.C. 78f(b)(5).

¹¹ See *supra* note 4.

¹² See *supra* note 5.

percentage basis, as the respective Underlying Index gains when the prices of the securities in the Underlying Index rise on a given day, before fees and expenses.

The Exchange also proposes to list and trade Shares of the UltraShort Funds that seek daily investment results, before fees and expenses, that correspond to twice the inverse or opposite (–200%) of the daily performance of the Underlying Indexes. If each of these UltraShort Funds is successful in meeting its objective, the NAV of the Shares of each UltraShort Fund should increase approximately twice as much, on a percentage basis, as the respective Underlying Index loses when the prices of the securities in the Underlying Index decline on a given day, or should decrease approximately twice as much, on a percentage basis, as the respective Underlying Index gains when the prices of the securities in the Underlying Index rise on a given day, before fees and expenses.

III. Commission's Findings and Order Granting Approval of the Proposed Rule Change

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁸ which requires that an exchange have rules designed, among other things, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission notes that it previously approved the original listing and trading of certain inverse leveraged fund shares based on a variety of indexes.⁹ The Commission also notes that it has previously approved the

⁷ In approving this proposed rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁸ 15 U.S.C. 78f(b)(5).

⁹ See Securities Exchange Act Release Nos. 55117 (January 17, 2007), 72 FR 3442 (January 25, 2007) (SR-Amex-2006-101) (approving the listing and trading of shares of short and ultrashort funds, among others, of the Trust based on certain underlying indexes); 54040 (June 23, 2006), 71 FR 37629 (June 30, 2006) (SR-Amex-2006-41) (approving the listing and trading of shares of bearish funds, among others, of the Trust based on certain underlying indexes); and 52553 (October 3, 2005), 70 FR 59100 (October 11, 2005) (SR-Amex-2004-62) (approving the listing and trading of shares of bearish funds, among others, of the xtraShares Trust based on certain underlying indexes).

listing and trading of exchange-traded funds based on each of the Underlying Indexes.¹⁰

The Commission further believes that the proposal is consistent with Section 11A(a)(1)(C)(iii) of the Act,¹¹ which sets forth Congress's finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. Quotations and last-sale information for the Shares will be disseminated over the CT.¹² In addition, the Exchange will disseminate through the CT the IIV at least every 15 seconds throughout Amex's trading day, the market value of a Share for each Fund, the most recent NAV for each Fund, the number of Shares outstanding for each Fund, and the estimated cash amount and total cash amount per Creation Unit. The Exchange will also make available on its Web site daily trading volume, the closing prices, the NAV, and the final dividend amounts to be paid for each Fund. Furthermore, the value of each Underlying Index will be updated intra-day on a real-time basis as its individual component securities change in price and disseminated at least every 15 or 60 seconds, as applicable, throughout the trading day by Amex or another organization authorized by the relevant Underlying Index provider. The Trust's Web site will contain a variety of other quantitative information for the Shares of each Fund. Finally, each Fund's total portfolio composition will be disclosed on the Web site of the Trust or another

¹⁰ See Securities Exchange Act Release Nos. 44990 (October 25, 2001), 66 FR 55712 (November 2, 2001) (SR-Amex-2001-45) (approving the listing and trading of shares of funds of iShares, Inc. based on certain foreign stock indexes, including the MSCI Emerging Markets (Free) Index); 36947 (March 8, 1996), 61 FR 10606 (March 14, 1996) (SR-Amex-95-43) (approving the listing and trading of Index Fund Shares based on the MSCI Japan Index, among other indexes); 44700 (August 14, 2001), 66 FR 43927 (August 21, 2001) (SR-Amex-2001-34) (approving the listing and trading of shares of a fund based on the MSCI EAFE Index, among other indexes); 50505 (October 8, 2004), 69 FR 61280 (October 15, 2004) (SR-NYSE-2004-55) (approving the listing and trading of shares of the iShares FTSE/Xinhua China 25 Index Fund); and 50800 (December 6, 2004), 69 FR 72228 (December 13, 2004) (SR-Amex-2004-85) (approving the trading of shares of the iShares FTSE/Xinhua China 25 Index Fund pursuant to unlisted trading privileges).

¹¹ 15 U.S.C. 78k-1(a)(1)(C)(iii).

¹² E-mail from Nyieri Nazarian, Assistant General Counsel, Amex, to Edward Cho, Special Counsel, Division of Market Regulation, Commission, dated August 21, 2007 (clarifying the information to be disseminated through the CT). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Notice. See Notice, *supra* note 3.

relevant Web site as determined by the Trust and/or the Exchange. Web site disclosure of portfolio holdings will be made daily and will include, as applicable, the specific types of Financial Instruments and characteristics of such Financial Instruments and the cash equivalents and amount of cash held in the portfolio of each Fund.

Furthermore, the Commission believes that the proposal to list and trade the Shares is reasonably designed to promote fair disclosure of information that may be necessary to price the Shares appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. The Commission notes that the Exchange will obtain a representation from the Trust (for each Fund), prior to listing, that the NAV per Share for each Fund will be calculated daily and made available to all market participants at the same time.¹³ In addition, the Exchange represents that the Web site disclosure of the portfolio composition of each Fund and the disclosure by the Advisor of the IIV File and the PCF will occur at the same time. Commentary .02(b) to Amex Rule 1000A-AEMI provides for "fire wall" procedures with respect to personnel who have access to information concerning changes and adjustments to the Underlying Index and the implementation of procedures to prevent the use and dissemination of material non-public information regarding the Underlying Index. Commentary .09 to Amex Rule 1000A-AEMI restricts members or persons associated with members who have knowledge of all material terms and conditions of an order being facilitated or orders being crossed to enter, based on such knowledge, an order to buy or sell a Share that is the subject of the order, an order to buy or sell the overlying option class, or an order to buy or sell any related instrument¹⁴ until all the terms of the order are disclosed to the trading crowd or the trade is no longer imminent in view of the passage of time since the order was received.

The Commission also believes that the Exchange's trading halt rules are reasonably designed to prevent trading in the Shares when transparency is impaired. Amex Rule 1002A(b)(ii) provides that the Exchange will halt

¹³ See Amex Rule 1002A(a)(ii).

¹⁴ For purposes of Commentary .09, an order to buy or sell a "related instrument" means an order to buy or sell securities comprising ten percent or more of the component securities in the Underlying Index or an order to buy or sell a futures contract on any economically equivalent index. See Commentary .09 to Amex Rule 1000A-AEMI.

trading in the Shares if the circuit breaker parameters of Amex Rule 117 have been reached. In exercising its discretion to halt or suspend trading in the Shares, the Exchange may consider factors such as those set forth in Amex Rule 918C(b) and other relevant factors. In addition, Amex Rule 1002A(b)(ii) provides that, if the IIV or the Underlying Index value applicable to that series of Index Fund Shares is not being disseminated as required, the Exchange may halt trading during the day in which the interruption to the dissemination of the IIV or the Underlying Index value occurs. If the interruption to the dissemination of the IIV or the Underlying Index value persists past the trading day in which it occurred, the Exchange will halt trading no later than the beginning of the trading day following the interruption.

The Commission further believes that the trading rules and procedures to which the Shares will be subject pursuant to this proposal are consistent with the Act. The Exchange has represented that the Shares are equity securities subject to Amex's rules governing the trading of equity securities.

In support of this proposal, the Exchange has made the following representations:

(1) The Exchange's surveillance procedures are adequate to properly monitor the trading of the Shares. Specifically, Amex will rely on its existing surveillance procedures governing Index Fund Shares.

(2) Prior to the commencement of trading, the Exchange will inform its members and member organizations in an Information Circular regarding the application of Commentary .06 to Amex Rule 1000A-AEMI to the Funds and the prospectus and/or product description delivery requirements that apply to the Funds. The Information Circular will also provide guidance with regard to member firm compliance responsibilities when effecting transactions in the Shares and highlighting the special risks and characteristics of the Funds and Shares, as well as applicable Exchange rules. In addition, the Information Circular will disclose that the procedures for purchases and redemptions of Shares in Creation Units are described in each Fund's prospectus, and that Shares are not individually redeemable, but are redeemable only in Creation Unit aggregations or multiples thereof.

(3) The Exchange represents that the Trust is required to comply with Rule

10A-3 under the Act¹⁵ for the initial and continued listing of the Shares.

This approval order is based on the Exchange's representations.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁶ that the proposed rule change (SR-Amex-2007-60), as modified by Amendment Nos. 1 and 2 thereto, be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁷

Nancy M. Morris,

Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56588; File No. SR-NYSE-2007-92]

Self-Regulatory Organizations; New York Stock Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to NYSE Rules 104(b) and 123D

October 1, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 28, 2007, the New York Stock Exchange, LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the NYSE. The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The NYSE proposes to amend its Rule 104(b) to provide for an automated opening message that will be effectuated through the Specialist Application

Programmed Interface ("SAPI"), to allow specialists to open a security on a quote. Additionally, the Exchange seeks to amend its Rule 123D (Openings and Halts in Trading) to clarify that specialists may open a security on a trade or a quote. The text of the proposed rule change is available at the Exchange, on the Exchange's Web site at <http://www.nyse.com>, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is filing this proposed rule change to amend its Rules 104(b) and 123D to allow specialists to open a security on a quote by sending a message from the SAPI to the NYSE Display Book[®] system for publication of a quote when there is no opening trade.⁵ The proposed rule change merely provides the specialist with the ability to electronically open a security on a quote, which currently may be accomplished manually.

Proposed Rule 104(b)

The Exchange seeks to add this electronic opening quote message provision to Exchange Rule 104(b), which includes other SAPI trading and quoting messages. The Exchange believes that, with increased automation of trading, specialists should be able to perform their trading and quoting functions both electronically and manually. To do otherwise would unnecessarily limit their effectiveness in

⁵ The Display Book[®] system is an order management and execution facility. The Display Book system receives and displays orders to the specialists, contains the Book, and provides a mechanism to execute and report transactions and publish the results to the Consolidated Tape. The Display Book system is connected to a number of other Exchange systems for the purposes of comparison, surveillance, and reporting information to customers and other market data and national market systems.
