SUPPLEMENTARY INFORMATION:

A. General

The Privacy Act (5 U.S.C. 552a), as amended, establishes the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. Among other things, it requires Federal agencies involved in computer matching programs to:

- (1) Negotiate written agreements with the other agency for agencies participating in the matching programs;
- (2) Obtain the approval of the match agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;
- (3) Furnish detailed reports about matching programs to Congress and OMB;

(4) Notify applicants and beneficiaries that their records are subject to matching;

(5) Verify match findings before reducing, suspending, termination or denying an individual's benefits or payments.

B. OPM Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of OPM's computer matching programs comply with the requirements of the Privacy Act, as amended.

Notice of Computer Matching Program, Office of Personnel Management (OPM) With the Social Security Administration (SSA).

A. Participating Agencies

OPM and SSA

B. Purpose of the Matching Program

The purpose of this agreement is to establish the conditions under which SSA agrees to the disclosure of tax return information to OPM. The SSA records will be used in a matching program in which OPM will match SSA's tax return records with OPM's records on disability retirees under age 60, disabled adult child survivors, certain retirees in receipt of a supplemental benefit under the Federal Employees Retirement System (FERS), and certain annuitants receiving a discontinued service retirement benefit under the Civil Service Retirement System (CSRS). By law, these annuitants and survivors are limited in the amount they can earn and still retain benefits paid to them. In the case of the discontinued service annuitants, retirement benefits cease upon re-employment in Federal service. OPM will use the SSA data to determine continued eligibility for benefits being paid.

C. Authority for Conducting the Matching Program

Chapters 83 and 84 of title 5 of the United States Code and 26 United States Code 6103(1)(11).

D. Categories of Records and Individuals Covered by the Match

SSA will disclose data from its MBR file (60-0090, Master Beneficiary Record, SSA/OEEAS) and MEF file (60-0059, Earnings Recording and Self-Employment Income System, SSA/OEEAS). OPM will provide SSA with an electronic finder file from the OPM system of records published as OPM/Central-1 (Civil Service Retirement and Insurance Records) on October 8, 1999 (64 FR 54930), as amended on May 3, 2000 (65 FR 25775). The systems of

records involved have routine uses permitting the disclosures needed to conduct this match.

E. Privacy Safeguards and Security

The Privacy Act (5 U.S.C. 552a(o)(1)(G)), requires that each matching agreement specify procedures for ensuring the administrative, technical and physical security of the records matched and the results of such programs. All Federal agencies are subject to: The Federal Information Security Management Act of 2002 (FISMA), 44 U.S.C. 3541, *et seq.*; related Office of Management and Budget circulars and memorandum (*e.g.*, OMB Circular A-130 and OMB M-06-16); National Institute of Science and Technology (NIST) directives; and the Federal Acquisition Regulations (FAR). These laws, circulars, memoranda directives and regulations include requirements for safeguarding Federal information systems and personally identifiable information used in Federal agency business processes, as well as related reporting requirements. OPM and SSA recognize that all laws, circulars, memoranda, directives and regulations relating to the subject of this agreement and published subsequent to the effective date of this agreement must also be implemented if mandated.

FISMA requirements apply to all Federal contractors and organizations or sources that possess or use Federal information, or that operate, use, or have access to Federal information systems on behalf of an agency. OPM will be responsible for oversight and compliance of their contractors and agents. Both OPM and SSA reserve the right to conduct onsite inspection to monitor compliance with FISMA regulations.

F. Inclusive Dates of the Match

The matching program shall become effective upon the signing of the agreement by both parties to the agreement and approval of the agreement by the Data Integrity Boards of the respective agencies, but no sooner than 40 days after notice of this matching program is sent to Congress and the Office of Management and Budget or 30 days after publication of this notice in the **Federal Register**, whichever is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.

Office of Personnel Management.

Director.

PRESIDIO TRUST

Notice To Terminate the Environmental Impact Statement Process, Public Museum at the Presidio; and Notice of Intent To Prepare a Supplemental Environmental Impact Statement and Conduct Scoping, Proposed Changes to the May 2002 Presidio Trust Management Plan, Main Post District

AGENCY: The Presidio Trust.

ACTION: Notice to terminate an Environmental Impact Statement Process and notice of intent to supplement an Environmental Impact Statement.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as amended (Pub. L. 91-190, 42 U.S.C. 4321 *et seq.*) and in response to public comment, the Presidio Trust (Trust) is notifying interested parties that it will: (1) Terminate the Environmental Impact Statement (EIS) process for the Presidio Museum in the Main Post district of the Presidio of San Francisco, California (Presidio), (2) supplement the final EIS for the May 2002 Presidio Trust Management Plan (PTMP) to consider proposed changes in the actions analyzed for the Main Post district in the original NEPA document; and (3) engage in a scoping process to seek public input on the supplemental EIS. The supplemental EIS will address the environmental impacts of various proposals that would modify previous Trust decisions regarding the Main Post district. The public scoping process will determine the range of actions, alternatives and impacts to be considered in the supplemental EIS.

DATES: Written comments or suggestions to assist in identifying any significant environmental issues and in determining the appropriate scope of the supplemental EIS should be submitted on or before December 15, 2007. A public meeting will be held on November 21, 2007 beginning at 6:30 p.m., at the Presidio Officers' Club (50 Moraga Avenue) to accept comments on the scope of the supplemental EIS.

ADDRESSES: Electronic comments concerning this notice should be sent to Mainpost@presidiotrust.gov. Written comments may be faxed to Main Post at 415.561.5308. Written comments may

also be submitted to Main Post, Attn: Compliance Coordinator, The Presidio Trust, 34 Graham Street, P.O. Box 29052, San Francisco, CA 94129-0052. Comments previously received regarding the Presidio Museum EIS or the Presidio Lodge Environmental Assessment (EA) need not be repeated; these comments will inform the Trust's preparation of the supplemental EIS. Please be aware that all written comments and information submitted will be made available to the public, including, without limitation, any postal address, e-mail address, phone number, or other information contained in each submission.

SUPPLEMENTARY INFORMATION: In the **Federal Register** notice of August 14, 2007 (72 FR 45469), the Trust notified interested parties it was preparing an EIS for a proposed museum at the Main Post, and that the agency was seeking public input through scoping. On September 24, 2007, the Trust held a public meeting on the scope of the EIS at which 24 members of the public spoke. Before scoping ended on October 15, 2007, the Trust received 86 comment letters and electronic mails, including one petition with over 125 signatures (on file and available for public review in the Trust library). Several of the interested parties urged that the proposed museum, when viewed with other proposed actions, would have cumulatively significant impacts on the environment and should therefore be addressed in a single EIS. The Trust is responding to this public concern in its decision to supplement the final PTMP EIS in which it will assess the cumulative impacts of all reasonably foreseeable Trust actions at the Main Post. The Trust has elected to take a fresh look at this broader scope in order to better meet its NEPA compliance responsibilities and to engage more effectively the public in its decision making.

The Trust will supplement the final PTMP EIS to take into account new circumstances or information that is relevant to the Main Post. The subsequent analysis will provide a procedural framework for dealing with upcoming decisions at the Main Post. Proposed changes in the actions analyzed at the Main Post in the final PTMP EIS that will be reviewed in the supplemental EIS include the Presidio Museum, the Presidio Lodge (the EA for which is also being terminated through this notice), other potential building construction or demolition within the district, the El Presidio site, and parking and circulation improvements. The Trust intends to proceed with the
