SUPPLEMENTARY INFORMATION:

I. Abstract

The Pacific Islands Region portion of Office of Management and Budget (OMB) Control Number 0648-0361 will be merged into OMB Control Number 0648-0360, and the title will be changed to Pacific Islands Region Vessel and Gear Identification Requirements.

Regulations at 50 CFR 665.16 require that all U.S. vessels with Federal permits fishing for Western Pacific fishery management unit species display the vessel's official number on both sides of the deckhouse or hull and on an appropriate weather deck. The regulations at 50 CFR 300.35 require that vessels fishing under the South Pacific Tuna Treaty must display their international radio call sign on the hull, the deck, and on the sides of auxiliary equipment such as skiffs and helicopters. The numbers must be a specific size at specified locations. The display of the identifying numbers aids in fishery law enforcement.

Western Pacific fisheries regulations at 50 CFR 665.24, 665.47 and 665.606 require that certain fishing gear must be marked. In the pelagic longline fisheries, the vessel operator must ensure that the official number of the vessel is affixed to every longline buoy and float. In the crustacean fisheries (Permit Area 1, Northwestern Hawaiian Islands) each trap and float must be marked with the vessel's identification number. In the coral reef ecosystem fisheries, the vessel number must be affixed to all fish and crab traps. The marking of gear links fishing or other activity to the vessel, aids law enforcement, and is valuable in actions concerning the damage, loss of gear, and civil proceedings.
