

last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published in the **Federal Register**. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of this review by the current deadline of December 31, 2007. We require additional time to analyze a number of complex cost-accounting issues present in this administrative review, such as the calculation of the appropriate by-product offset value to use in the determination of production costs.

Therefore, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), we are extending the time period for issuing the preliminary results of this review by 120 days to April 29, 2008.

This notice is published in accordance with sections 751(a)(3)(A) and 777 (i)(1) of the Act.

SUPPLEMENTARY INFORMATION:

Background: The MBEC Program is a key component of MBDA's overall minority business development assistance program and promotes the growth and competitiveness of eligible minority-owned businesses. MBEC operators leverage project staff and professional consultants to provide a wide-range of direct business assistance services to eligible minority-owned

firms, including but not limited to initial consultations and assessments, business technical assistance, and access to federal and non-federal procurement and financing opportunities. MBDA currently funds a network of 31 MBEC projects located throughout the United States. Pursuant to this notice, competitive applications for new awards are being solicited for the MBEC project identified below.

Pursuant to a grant competition held in 2006, MBDA made a three (3) year award for the operation of the El Paso MBEC project for the period January 1, 2007—December 31, 2009. See 72 FR

42351. The operator of this project has since requested a termination of the award effective as of December 31, 2007. The purpose of this competition is to find a new operator for the El Paso MBEC project as MBDA intends to maintain program service delivery in this geographical service area. The new award for this project is expected to be made with an award period of April 1, 2008—December 31, 2009.

Locations and Geographical Service Areas: MBDA is soliciting competitive applications from organizations to operate an MBEC in the following location and geographical service area:

Name of MBEC	Location of MBEC	MBEC Geographical service area**
El Paso MBEC	El Paso, TX	El Paso, TX MSA.**

** Metropolitan Statistical Area, please see OMB Bulletin No. 07-01, Update of Statistical Area Definitions and Guidance on Their Uses (December 18, 2006) at <http://www.whitehouse.gov/omb/bulletins>.

Electronic Access: A link to the full text of the Announcement of Federal Funding Opportunity (FFO) for this solicitation may be accessed at: <http://www.Grants.gov>, <http://www.mbda.gov>, or by contacting the appropriate MBDA representative identified above. The FFO contains a full and complete description of the requirements under the MBEC Program. In order to receive proper consideration, applicants must comply with all information and requirements contained in the FFO. Applicants will be able to access, download and submit electronic grant applications for the MBEC Program through <http://www.Grants.gov>. MBDA strongly recommends that applicants not wait until the application deadline date to begin the application process through Grants.gov as in some cases the process for completing an online application may require additional time (e.g., 3-5 working days). The date that

applications will be deemed to have been submitted electronically shall be the date and time received at Grants.gov. Applicants should save and print the proof of submission they receive from Grants.gov. Applications received after the closing date and time will not be considered.

Funding Priorities: Preference may be given during the selection process to applications which address the following MBDA funding priorities:

- (a) Proposals that include performance goals that exceed by 10% or more the minimum performance goal requirements in the FFO;
- (b) Applicants who demonstrate an exceptional ability to identify and work towards the elimination of barriers which limit the access of minority businesses to markets and capital;
- (c) Applicants who demonstrate an exceptional ability to identify and work with minority firms seeking to obtain large-scale contracts and/or insertion

into supply chains with institutional customers;

(d) Proposals that take a regional approach in providing services to eligible clients; or

(e) Proposals from applicants with pre-existing or established operations in the identified geographic service area(s).

Funding Availability: MBDA anticipates that a total of approximately \$152,775 will be available in FY 2008 and that a total of approximately \$203,700 will be available in FY 2009 to fund one financial assistance award for the El Paso MBEC project. The total award period for the project is anticipated to be twenty-one (21) months and the award is expected to be made with a start date of April 1, 2008. The total anticipated amount of the financial assistance award for the El Paso MBEC project (including the minimum 20% non-federal cost share) is as follows:

Project name	April 1, 2008 through December 31, 2008			January 1, 2009 through December 31, 2009		
El Paso MBEC	\$190,969	\$152,775	\$38,194	\$254,625	\$203,700	\$50,925

Applicants must submit project plans and budgets for each of the two (2) funding periods covered by the award (April 1, 2008—December 31, 2008 and January 1, 2009—December 31, 2009, respectively). The El Paso MBEC project will initially be funded for the first funding period and will not have to compete for funding for the second funding period. However, should the operator that fail to achieve a “satisfactory” or better performance

rating for the first funding period it may be denied funding for the second funding period. Recommendations for funding for the second funding period are generally evaluated by MBDA based on a “Satisfactory” or better mid-year funding performance rating (i.e., April 1, 2007—September 30, 2007) and/or a combination of a mid-year and year-to date (i.e., April 1—December 31, 2007) “Satisfactory” or better performance rating. In making such funding

recommendations, MBDA and the Department of Commerce will consider the facts and circumstances of each case, such as but not limited to market conditions, most recent performance of the operator and other mitigating circumstances.

Applicants are hereby given notice that FY 2008 funds have not yet been appropriated for the MBEC program. Accordingly, MBDA issues this notice subject to the appropriations made available under the current continuing

resolution, H.J. Res. 52, "Making continuing appropriations for the fiscal year 2008, and for other purposes," Public Law 110-92, as amended by H.R. 3222, Public Law 110-116. In no event will MBDA or the Department of Commerce be responsible for proposal preparation costs if this program fails to receive funding or is cancelled because of other MBDA or Department of Commerce priorities.

Authority: 15 U.S.C. Section 1512 and Executive Order 11625.

Catalog of Federal Domestic Assistance (CFDA): 11.800, Minority Business Enterprise Centers.

Eligibility: For-profit entities (including but not limited to sole proprietorships, partnerships, and corporations), non-profit organizations, state and local government entities, American Indian Tribes, and educational institutions are eligible to operate an MBEC.

Program Description: MBDA is soliciting competitive applications from organizations to operate a Minority Business Enterprise Center (MBEC) (formerly known as Minority Business Development Centers). The MBEC will operate through the use of trained professional business consultants who will assist eligible minority entrepreneurs through direct client engagements. Entrepreneurs eligible for assistance under the MBEC Program are: African Americans, Puerto Ricans, Spanish-speaking Americans, Aleuts, Asian Pacific Americans, Native Americans (including Alaska Natives, Alaska Native Corporations and tribal entities), Eskimos, Asian Indians and Hasidic Jews. No service may be denied to any member of the eligible groups listed above.

The MBEC Program generally requires project staff to provide standardized business assistance services directly to "eligible minority owned firms," with an emphasis on those firms with \$500,000 or more in annual revenues and/or those eligible firms with "rapid growth potential" ("Strategic Growth Initiative" or "SGI" firms); to develop and maintain a network of strategic partnerships; to provide collaborative consulting services with MBDA and other MBDA funded programs and strategic partners; and to provide referral services (as necessary) for client transactions. MBEC operators will assist eligible minority-owned firms in accessing federal and non-federal contracting and financing opportunities that result in demonstrable client outcomes.

The MBEC Program incorporates an entrepreneurial approach to building

market stability and improving the quality of client services. This entrepreneurial strategy expands the reach of the MBECs by requiring project operators to develop and build upon strategic alliances with public and private sector partners as a means of serving minority-owned firms within each MBEC's geographical service area. The MBEC Program is also designed to effectively leverage MBDA resources, including but not limited to: MBDA Office of Business Development and MBDA National Enterprise Centers; MBDA's Business Internet Portal; and MBDA's nationwide network of MBECs, Native American Business Enterprise Centers (NABECs) and Minority Business Opportunity Centers (MBOCs). MBEC operators are also required to attend a variety of MBDA training programs designed to increase operational efficiencies and the provision of value-added client services.

MBEC operators are generally required to provide the following four client services: (1) Client Assessment—this is a standardized service activity that includes identifying the client's immediate and long-term needs and establishes a projected growth track; (2) Strategic Business Consulting—this involves providing intensive business consulting services that can be delivered as personalized consulting or group consulting; (3) Access to Capital—this assistance is designed to secure the financial capital necessary for client growth, and (4) Access to Markets—this involves assisting clients to identify and access opportunities for increased sales and revenues.

Please refer to the FFO pertaining to this competitive solicitation for a full and complete description of the application and programmatic requirements under the MBEC Program.

Match Requirements: The MBEC Program requires a minimum non-federal cost share of 20%, which must be reflected in the proposed project budget. Non-federal cost share is the portion of the project cost not borne by the Federal Government. Applicants must satisfy the non-federal cost sharing requirements in one or more of the following four means or any combination thereof: (1) Client fees; (2) applicant cash contributions; (3) applicant in-kind (*i.e.*, non-cash) contributions; or (4) third-party in-kind contributions. The MBEC is required to charge client fees for services rendered and such fees must be used by the operator towards meeting the non-federal cost share requirements under the award. Applicants will be awarded up to five bonus points to the extent that the proposed project budget includes a

non-federal cost share contribution, measured as a percentage of the overall project budget, exceeding 20% (see Evaluation Criterion below).

Evaluation Criterion: Proposals will be evaluated and one applicant may be selected based on the below evaluation criterion. The maximum total number of points that an application may receive is 105, including the bonus points for exceeding the minimum required non-federal cost sharing, except when oral presentations are made by applicants. If oral presentations are made (see below: Oral Presentation—Optional), the maximum total of points that can be earned is 115. for existing market conditions in its strategy to achieve such goals (10 points);

Review and Selection Process

1. Initial Screening

Prior to the formal paneling process, each application will receive an initial screening to ensure that all required forms, signatures and documentation are present. An application will be considered non-responsive and will not be evaluated by the review panel if it is received after the closing date for receipt of applications, the applicant fails to submit an original, signed Form SF-424 by the application closing date (paper applications only), or the application does not provide for the operation of a MBEC. Other application deficiencies may be accounted for through point deductions during panel review.

2. Panel Review

Each application will receive an independent, objective review by a panel qualified to evaluate the applications submitted. The review panel will consist of at least 3 persons, all of whom will be full-time federal employees and at least one of whom will be an MBDA employee, who will review the applications for a specified project based on the above evaluation criterion. Each reviewer shall evaluate and provide a score for each proposal. Each project review panel (through the panel Chairperson) shall provide the

MBDA National Director (Recommending Official) with a ranking of the applications based on the average of the reviewers' scores and shall also provide a recommendation regarding funding of the highest scoring application.

3. Oral Presentation—Upon MBDA Request

MBDA may invite the two (2) top-ranked applicants to develop and provide an oral presentation. If an oral presentation is requested, the affected applicants will receive a formal communication (via standard mail, e-mail or fax) from MBDA indicating the time and date for the presentation. In-person presentations are not mandatory but are encouraged; telephonic presentations are acceptable. Applicants will be asked to submit a PowerPoint presentation (or equivalent) to MBDA that addresses the oral presentation criteria set forth above. The presentation must be submitted at least 24 hours before the scheduled date and time of the presentation. The presentation will be made to the MBDA National Director (or his/her designee) and up to three senior MBDA staff who did not serve on the original review panel. The oral panel members may ask follow-up questions after the presentation. MBDA will provide the teleconference dial-in number and pass code. Each applicant will present to MBDA staff only; competitors are not permitted to listen (and/or watch) other presentations.

All costs pertaining to this presentation shall be borne by the applicant. MBEC award funds may *not* be used as a reimbursement for this presentation. MBDA will not accept any requests or petitions for reimbursement.

The oral panel members shall score each presentation in accordance with the oral presentation criterion provided above. An average score shall be compiled and added to the score of the original panel review.

4. Final Recommendation

The MBDA National Director makes the final recommendation to the Grants Officer regarding the funding of one application under this competitive solicitation. MBDA expects to recommend for funding the highest ranking application, as evaluated and recommended by the review panel and taking into account oral presentations (as applicable). However, the MBDA National Director may not make any selection, or he may select an application out of rank order for the following reasons:

(a) A determination that an application better addresses one or more

of the funding priorities for this competition. The National Director (or his/her designee) reserves the right to conduct one or more site visits (subject to the availability of funding), in order to make a better assessment of an applicant's capability to achieve the funding priorities; or

(b) The availability of MBDA funding. Prior to making a final recommendation to the Grants Officer, MBDA may request that the apparent winner of the competition provide written clarifications (as necessary) regarding its application.

Intergovernmental Review: Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Limitation of Liability: In no event will MBDA or the Department of Commerce be responsible for proposal preparation costs if this program fails to receive funding or is cancelled because of other MBDA or Department of Commerce priorities. All funding periods are subject to the availability of funds to support the continuation of the project and the Department of Commerce and MBDA priorities. Publication of this notice does not obligate the Department of Commerce or MBDA to award any specific cooperative agreement or to obligate all or any part of available funds.

Universal Identifier: Applicants should be aware that they will be required to provide a Dun and Bradstreet Data Universal Numbering system (DUNS) number during the application process. See the June 27, 2003 **Federal Register** notice (68 FR 38402) for additional information. Organizations can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at 1-866-705-5711 or by accessing the Grants.gov Web site at <http://www.Grants.gov>.

Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements: The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of December 30, 2004 (69 FR 78389) are applicable to this solicitation.

Paperwork Reduction Act: This document contains collection-of-information requirements subject to the Paperwork Reduction Act (PRA). The use of Standard Forms 424, 424A, 424B, SF-LLL, and CD-346 have been approved by OMB under the respective control numbers 0348-0043, 0348-0044, 0348-0040, 0348-0046, and 0605-0001. Notwithstanding any other provisions of

law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the Paperwork Reduction Act unless that collection displays a currently valid OMB Control Number.

Executive Order 12866: This notice has been determined to be not significant for purposes of E.O. 12866.

Administrative Procedure Act/Regulatory Flexibility Act: Prior notice and an opportunity for public comment are not required by the Administrative Procedure Act for rules concerning public property, loans, grants, benefits, or contracts (5 U.S.C. 533(a)(2)). Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 533 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are inapplicable. Therefore, a regulatory flexibility analysis is not required and has not been prepared.
