SUPPLEMENTARY INFORMATION:

I. *Background:* The Office of Workers' Compensation Programs administers the Federal Employees' Compensation Act, (5 U.S.C. 8101, *et seq.*), which provides for continuation of pay or compensation for work related injuries or disease that result from Federal Employment. Regulation 20 CFR 10.104 designates form CA-2a as the form to be used to request information from claimants with previously accepted injuries who claim a recurrence of disability, and from their supervisors. The form requests information relating to the specific circumstances leading up to the recurrence as well as information about their employment and earnings. The information provided is used by OWCP claims examiners to determine whether a claimant has suffered a recurrence of disability related to an accepted injury and, if so, the appropriate benefits payable. This information collection is currently approved for use through July 31, 2008.

II. *Review Focus:* The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions:* The Department of Labor seeks the approval for the extension of this currently approved information collection in order to

ensure the accurate payment of benefits to current and former Federal employees with recurring work-related injuries.
