The information collection packages that may be included in this notice are for new information collections, approval of existing information collections, revisions to OMB-approved information collections, and extensions (no change) of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Written comments and recommendations regarding the information collection(s) should be submitted to the OMB Desk Officer and the SSA Reports Clearance Officer. The information can be mailed, faxed or e-mailed to the individuals at the addresses and fax numbers listed below:

1. *Farm Self-Employment Questionnaire—20 CFR 404.1095—0960-0061.* Section 211(a) of the Social Security Act requires the existence of a trade or business as a prerequisite for determining whether an individual or partnership may have "net earnings from self-employment." Form SSA-7156 elicits the information necessary to determine the existence of an agricultural trade or business and subsequent covered earnings for Social Security entitlement purposes. The respondents are applicants for Social Security benefits, whose entitlement depends on whether the worker has covered earnings from self-employment as a farmer.

Type of Request: Extension of an OMB-approved information collection.

The applicant may use form SSA-827 to provide consent for release of information. Generally, the State DDS completes the form(s) based on information provided by the applicant, and sends the form(s) to the designated medical source(s). The respondents are applicants for SSDI and SSI payments.

Total Annual Responses: 15,415,712.
Estimated Annual Burden: 835,018 hours.

***Please Note:** Respondents to the SSA-827 collection complete a total four forms. SSA estimates that it takes a claimant 10 minutes to read both sides and sign the initial SSA-827. However, once a claimant reads the first form, it takes considerably less time to date and sign the subsequent forms because the forms do not have to be read again. SSA estimates the signing and dating of the three additional forms at one minute per form, resulting in three additional minutes. Therefore, the total time it takes to complete all four SSA-827's is 13 minutes.

3. *Prisoner Matching Agreements—20 CFR 404.468 and 20 CFR 416.211—0960-NEW.*

Collection Background

Section 202(x) of the Social Security Act (the Act) and regulations at 20 CFR 404.468 preclude a person from receiving a benefit under title II for any month during which such individual is confined in a jail, prison, or other penal institution or correctional facility pursuant to his conviction of a criminal offense or because he/she is not-guilty by reason of insanity. Accordingly, Section 1611(e) of the Social Security Act and regulations at 20 CFR 416.211, provide that no person shall be an eligible individual or eligible spouse for

title XVI with respect to any month if throughout such month he is an inmate of a public institution.

Prisoner Matching Collection Activity

To enforce these provisions of the Act, SSA has entered into agreements with the Federal Bureau of Prisons, along with State and local correctional facilities and certain mental health institutions, to submit monthly prisoner reports to SSA. SSA matches these reports against our files to identify incarcerated individuals receiving Social Security and Supplemental Security Income (SSI) payments and take action to suspend their payments. SSA uses the reports of confinement as the basis for stopping payments under titles II & XVI. The respondents to the collection are State and local correctional facilities, the Federal Bureau of Prisons and certain mental health institutions that have entered into prisoner matching agreements with SSA.

Type of Request: Collection in use without OMB Control Number.

Number of Respondents: 3,000.
Frequency of Response: 12.
Average Burden per Response: 60 minutes.

Estimated Annual Burden: 36,000 hours.

4. *Fugitive Felon Matching Agreements—20 CFR 404.471 and 416.1339—0960-NEW.*

Collection Background

Sections 202(x) and 1611(e)(4) of the Social Security Act provides that a person may not receive a benefit under title II and will not be eligible under title XVI for any month he or she is avoiding prosecution for a felony, is avoiding confinement or conviction of a felony, or is violating a condition of probation or parole. In jurisdictions that do not define crimes as felonies this nonpayment/ineligibility applies to any crime that is punishable by death or imprisonment for more than one year, regardless of the actual sentence imposed.

Fugitive Felon Matching Collection Activity

To enforce these provisions of the Act, SSA has entered agreements with the FBI's National Crime Information Center (NCIC), the U.S. Marshall Service, 21 individual States, Washington DC, and four metropolitan law enforcement agencies under which these law enforcement agencies submit outstanding felony and parole/probation violator warrants to SSA. SSA uses the reports of outstanding warrants as the basis for stopping payments under titles II & XVI. The respondents to the

collection are the Federal, State and local law enforcement agencies that have entered into Fugitive Felon matching agreements with SSA.

Type of Request: Collection in use without OMB Control Number.

Number of Respondents: 28.
Frequency of Response: * 7.
Average Burden per Response: 60 minutes.

Estimated Annual Burden: 196 hours.

***Please Note:** Seven responses per respondent is the average frequency of reporting. The actual response rate per respondent varies based on the individual need to report.
