SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of October 23, 2007 (72 FR 59973), FDA published a notice of public hearing requesting comments on FDA's current regulatory framework of policies regarding salt and sodium and future approaches, including approaches described in a citizen petition submitted by the Center for Science in the Public Interest. Specifically, FDA sought comments on the issues and questions presented in section III of the notice. (See 72 FR 59973 at 59976.)

Interested persons were originally given until March 28, 2008, to comment on issues related to salt and sodium.

II. Request for Comments

Following publication of the October 30, 2007, notice of public hearing, FDA received a request for a 60-day extension of the comment period. The request conveyed concern that the FDA Division of Dockets Management Web site transition to the Federal Docket Management System (FDMS) on January 15, 2008, delayed the public presentation of relevant material in the docket and thus did not allow sufficient time to develop a meaningful or thoughtful response to the request for comments on the issues and questions presented in section III of the notice.

FDA has considered the request and is reopening the comment period for the notice of public hearing, for 60 days, until August 11, 2008. The agency believes that reopening the comment period for 60 days allows adequate time for interested persons to submit comments on the issues and questions presented in section III of the notice without significantly delaying the agency's consideration of issues related to salt and sodium.

III. How to Submit Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments regarding this document. Submit a single copy of electronic comments to <http://www.regulations.gov> or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Please note that on January 15, 2008, the FDA Division of Dockets Management Web site transitioned to the Federal Dockets Management System (FDMS). FDMS is a Government-wide, electronic docket management system. Electronic comments or submissions will be accepted by FDA only through FDMS at <http://www.regulations.gov>.

Dated: June 3, 2008.

Jeffrey Shuren,

Associate Commissioner for Policy and Planning.
