Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the *Federal Register* concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. countries would not result in a notification to FDA.

The recordkeepers to this information collection are exporters who export human drugs, biologics, devices animal drugs, foods and cosmetics that may not be sold in the United States to maintain records demonstrating their compliance

with the requirements in section 801(e) (1) of the act.
