SUPPLEMENTARY INFORMATION:**I. Abstract**

Regulations at 50 CFR 600.503 require that a foreign fishing vessel display the vessel's international radio call sign on the port and starboard sides of the deckhouse or hull, and on a weatherdeck. The numbers must be of a specific size. The display of the identifying number aids in fishery law enforcement and allows other fishermen to report suspicious activity.

The regulations also require that foreign fishing vessels that deploy gear that is not physically and continuously attached to the vessel mark that gear with a buoy displaying the vessel identification number and attach a light visible for two miles on a night with good visibility. The marking of gear aids law enforcement and enables other fishermen to report on gear placed in unauthorized areas.

There currently are no foreign vessels authorized to do fishing that would be subject to the gear identification requirement.
