SUPPLEMENTARY INFORMATION:

Background

On January 28, 2008, the U.S. Department of Commerce ("the Department") published a notice of initiation of the administrative review of the countervailing duty order on hot-rolled carbon steel products from India covering the period January 1, 2007, through December 31, 2007. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 73 FR 4829 (January 28, 2008). The preliminary results are currently due no later than September 1, 2008.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the

administering authority may extend the 245-day period to issue its preliminary results to up to 365 days.

Due to the complexity of the issues in this administrative review, such as the absence of exports during the POR and the petitioners' request for verification, we have determined that it is not practicable to complete the preliminary results within the 245-day period. Therefore, in accordance with section 751(a)(3)(A) of the Act, we are partially extending the time period for issuing the preliminary results of the review by 109 days. The preliminary results are now due no later than December 19, 2008. The final results continue to be due 120 days after publication of the preliminary results.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: July 24, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Initiation of Antidumping and Countervailing Duty Administrative Reviews, Request for Revocation in Part, and Deferral of Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with June anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews. The Department also received a request to revoke one antidumping duty order in part and to defer the initiation of an administrative review for another antidumping duty order.

EFFECTIVE DATE: July 30, 2008.

FOR FURTHER INFORMATION CONTACT:

Sheila E. Forbes, Office of AD/CVD Operations, Customs Unit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-4697.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b)(2002), for administrative reviews of various antidumping and countervailing duty orders and findings with June anniversary dates. The Department also received a timely request to revoke in part the antidumping duty order on stainless steel butt-weld pipe fittings from Taiwan with respect to one exporter. In addition, the Department received a request to defer for one year the initiation of the June 1, 2007 through May 31, 2008 administrative review of the antidumping duty order on Folding Metal Tables and Chairs from the People's Republic of China with respect to one exporter in accordance with 19 CFR 351.213(c). The Department received no objections to this request from any party cited in 19 CFR 351.213(c)(1)(ii).

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews, the Department intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR). We intend to release the CBP data under Administrative Protective Order (APO) to all parties having an APO within five days of publication of this initiation notice and to make our decision regarding respondent selection within 20 days of publication of this **Federal Register** notice. The Department invites comments regarding the CBP data and respondent selection within 10 calendar days of publication of this **Federal Register** notice.

Separate Rates

In proceedings involving non-market economy ("NME") countries, the Department begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is the Department's policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, the Department analyzes each entity exporting the subject merchandise under a test arising from
