

SUMMARY: We, the U.S. Fish and Wildlife Service (Service) announce that our Draft Comprehensive Conservation Plan (CCP) and Environmental Assessment (EA) for the twelve National Wildlife Refuges (Refuges) are available. The twelve Refuges are combined and evaluated as one group and program under the CCP. The twelve Refuges include Audubon, Chase Lake, Kellys Slough, Lake Alice, Lake Ilo, Lake Nettie, Lake Zahl, McLean, Shell Lake, Stump Lake, Stewart Lake, and White Lake all located throughout the State of North Dakota. This Draft CCP/EA describes how the Service intends to manage these Refuges for the next 15 years.

DATES: To ensure consideration, we must receive your written comments on the draft CCP/EA by September 29, 2008.

ADDRESSES: Please provide written comments to John Esperance, Planning Team Leader, Division of Refuge Planning, P.O. Box 25486, Denver Federal Center, Denver, Colorado 80225; via facsimile at 303-236-4792; or electronically to John_Esperance@fws.gov. A copy of the CCP/EA may be obtained by writing to U.S. Fish and Wildlife Service, Division of Refuge Planning, 134 Union Boulevard, Suite 300, Lakewood, Colorado 80228; or by download from <http://mountain-prairie.fws.gov/planning>.

FOR FURTHER INFORMATION CONTACT: John Esperance, 303-236-4369 (phone); 303-236-4792 (fax); or John_Esperance@fws.gov (e-mail).

SUPPLEMENTARY INFORMATION: All twelve Refuges were established under authority to provide breeding ground for migratory birds and other wildlife. The twelve National Wildlife Refuges conserve, restore, and enhance the ecological diversity of grasslands and wetlands of the North Dakota prairie to support healthy populations of ducks and geese, other migratory birds, and native species. Through this work, the twelve Refuges provide vital resting and breeding habitat.

This draft CCP/EA identifies and evaluates three alternatives for managing the Refuges for the next 15 years.

Alternative A: Funding, staff levels, and management activities at the Refuges would not change. Programs would follow the same direction, emphasis, and intensity as they do at present. The Service would prioritize management of wildlife habitat and associated species on Refuges' lands into high, medium, and low areas. Only

high priority lands receive consistent management. Refuge staffs conduct limited, issue-driven research and limited monitoring and inventory of birds and vegetation. On a multiyear rotation among Refuges, the staffs conduct public use events and workshops with such groups as school districts, youth groups, and conservation groups.

Alternative B: The Service's proposed action. Wildlife habitat management would provide for enhanced wetland and upland management, where warranted, on Refuge lands. Management objectives for various habitat types would be based on habitat preferences of groups of target species, such as waterfowl, migratory shore birds, grassland bird species and priority species. Refuge staff will focus on high priority tracts and medium priority tracts. The Refuge staff will implement compatible production enhancement techniques for targeted migratory bird populations. The Refuge staff will maintain existing environmental education and public use programs, with additional waterfowl emphasis. The Service proposes, at a future date, a new environmental learning center for Audubon NWR and interpretive panels are planned for Lake Alice NWR.

Alternative C: Refuge staff would apply more intensive and widespread management that targets native prairie/wetland complexes. Refuge staff would seek out restoration projects that expand and return grasslands to a quality native prairie. This alternative would have the potential to provide additional management options to address habitat requirements and needs of specific groups of water dependent birds (for example, waterfowl and shorebirds). The staff would develop new environmental education and visitor services programs. The Service proposes, at a future date, a new environmental learning center for Audubon NWR and interpretive panels are planned for Lake Alice NWR.

Opportunity for public input will be provided by the Service. All public comment information provided voluntarily by mail, by phone, or at meetings (for example, names, addresses, letters of comment, input recorded during meetings) becomes part of the official Public Record. If requested under the Freedom of Information Act by a private citizen or organization, the Service may provide copies of such information. The Environmental Review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act (NEPA) of

1969, as amended (42 U.S.C. 4321 *et seq.*); NEPA Regulations (40 CFR parts 1500-1508); other appropriate Federal laws and regulations; Executive Order 12996; the National Wildlife Refuge System Improvement Act of 1997; and Service policies and procedures for compliance with those laws and regulations.

Dated: April 23, 2008.

Regional Director.

SUPPLEMENTARY INFORMATION: On April 9, 2008, a notice of proposed renewal of OMB Control No. 1076-0094 was published in the **Federal Register** (73 FR 19240), which requested any comments. No comments were received.

I. Abstract

The Bureau of Indian Affairs must collect personal information to carry out the requirements of 25 CFR 11.600(c)—Marriage, and 25 CFR 11.606(c)—Dissolution of Marriage, in order for a Court of Indian Offenses to issue a marriage license or dissolve a marriage.

The information is collected at the initiation of an applicant and requests only basic information necessary for the Court of Indian Offenses to properly dispose of the matter.

II. Method of Collection

Basic information is requested of applicants for the issuance of a marriage license or for the dissolution of a marriage by a Court of Indian Offenses under 25 CFR part 11. Information is collected by the Clerk of the Court of Indian Offenses so that the functions under 25 CFR 11.600(c), and 11.606(c) may be carried out.

III. Information Collected

Courts of Indian Offenses have been established on certain Indian reservations under the authority vested in the Secretary of the Interior by 5 U.S.C. 301 and 25 U.S.C. 2 and 9; and 25 U.S.C. 13, which authorize appropriations for "Indian judges." See *Tillett v. Hodel*, 730 F.Supp. 381 (W.D. Okla. 1990), *aff'd* 931 F.2d 636 (10th Cir. 1991) *United States v. Clapox*, 13 Sawy. 349, 35 F. 575 (D.Ore. 1888). The courts provide adequate machinery for the administration of justice for Indian tribes in those areas where tribes retain jurisdiction over Indians and is exclusive of State jurisdiction but where tribal courts have not been established to exercise that jurisdiction. Accordingly, Courts of Indian Offenses exercise jurisdiction under 25 CFR part 11. Domestic Relations are governed by 25 CFR 11.600, which authorizes the Court of Indian Offenses to conduct marriages and dissolve marriages. In order to be married in a Court of Indian Offenses, a marriage license must be obtained (25 CFR 11.601). To comply with this requirement an applicant must respond to the following six questions found at 25 CFR 11.600(c):

(1) Name, sex, occupation, address, Social Security number, and date and place of birth of each party to the proposed marriage;

(2) If either party was previously married, his or her name, and the date, place, and court in which the marriage was dissolved or declared invalid or the date and place of death of the former spouse;

(3) Name and address of the parents or guardian of each party;

(4) Whether the parties are related to each other and, if so, their relationship;

(5) The name and date of birth of any child of which both parties are parents, born before the making of the application, unless their parental rights and the parent and child relationship with respect to the child have been terminated; and

(6) A certificate of the results of any medical examination required by either applicable tribal ordinances, or the laws of the State in which the Indian country under the jurisdiction of the Court of Indian Offenses is located.

For the purposes of § 11.600, the Social Security Number information is requested to confirm identity. Previous marriage information is requested to avoid multiple simultaneous marriages, and to ensure that any pre-existing legal relationships are dissolved. Information on consanguinity is requested to avoid conflict with State or tribal laws against marriages between parties who are related by blood as defined in such laws. Medical examination information may be requested if required under the laws of the State in which the Court of Indian Offenses is located.

To comply with the requirement for dissolution of marriage, an applicant must respond to the following six questions found at 25 CFR 11.606(c):

(1) The age, occupation, and length of residence within the Indian country under the jurisdiction of the court of each party;

(2) The date of the marriage and the place at which it was registered;

(3) That jurisdictional requirements are met and that the marriage is irretrievably broken in that either: (i) The parties have lived separate and apart for a period of more than 180 days next preceding the commencement of the proceeding, or (ii) there is a serious marital discord adversely affecting the attitude of one or both of the parties toward the marriage, and there is no reasonable prospect of reconciliation;

(4) The names, age, and addresses of all living children of the marriage and whether the wife is pregnant;

(5) Any arrangement as to support, custody, and visitation of the children and maintenance of a spouse; and

(6) The relief sought.

For the purposes of § 11.606, Dissolution Proceedings, information on occupation and residency is necessary to establish Court of Indian Offenses jurisdiction. Information on the status of the parties, whether they have lived apart 180 days or if there is serious marital discord warranting dissolution, is necessary for the court to determine if dissolution is appropriate. Information on the children of the marriage, their ages and whether the wife is pregnant is necessary for the court to determine the appropriate level of support that may be required from the non-custodial parent.

OMB Control No.: 1076-0094.

Action: Renewal.

Description of the need for the information and proposed use of the

information: The information is submitted in order to obtain or retain a benefit, namely, the issuance of a marriage license or a decree of dissolution of marriage from the Court of Indian Offenses.

Affected entities: Indian applicants that are under the jurisdiction of one of the 24 established Courts of Indian Offenses are entitled to receive the benefit of this action by the Court of Indian Offenses.

Estimated number of respondents: Approximately 260 applications for a marriage license or petition for dissolution of marriage will be filed in the 24 Courts of Indian Offenses annually.

Proposed frequency of responses: On occasion as needed.

Burden: The average burden of submitting a marriage license or petition for dissolution of marriage is 15 minutes per application. The total annual burden is estimated as 65 hours.

Estimated cost: There are no costs to consider.

IV. Request for Comments

The Department of the Interior invites members of the public to submit comments to OMB concerning:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agencies' estimate of the burden (including the hours and cost) of the proposed collection of information, including the validity of the methodology and assumption used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and
