

must indicate their application is for redesignation to the MAP. In addition to the above information, they must explain:

(1) Why a redesignation and additional MAP eligible project funding is needed to accomplish the conversion to meet the civil role of the airport and the preferred time period for redesignation not to exceed five years;

(2) Why funding of eligible work under other categories of AIP or other sources of funding would not accomplish the development needs of the airport; and

(3) Why, based on the previously funded MAP projects, the projects and/or funding level were insufficient to accomplish the airport conversion needs and development goals.

This notice is issued pursuant to Title 49 U.S.C. 47118.

Issued at Washington, DC, on September 3, 2008.

Background

The U.S. Secretary of Transportation announced on March 7, 2006, the five medical experts who serve on FMCSA's Medical Review Board (MRB). Section 4116 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU, Public Law 109-59) requires the Secretary of Transportation with the advice of the MRB to "establish, review, and revise medical standards for operators of Commercial Motor Vehicles (CMVs) that will ensure that the physical condition of operators is adequate to enable them to operate the vehicles safely." FMCSA is planning updates to the physical qualification regulations of CMV drivers, and the MRB will provide the necessary science-based guidance to establish realistic and responsible medical standards.

The MRB operates in accordance with the Federal Advisory Committee Act (FACA) as announced in the **Federal Register** (70 FR 57642, October 3, 2005). The MRB is charged initially with the review of all current FMCSA medical standards (49 CFR 391.41), as well as making recommendations for new science-based standards and guidelines to ensure that drivers operating CMVs in interstate commerce, as defined in CFR 390.5, are physically capable of doing so.

Meeting Participation

Attendance is open to the interested public, including medical examiners,

motor carriers, drivers, and representatives of medical and scientific associations. Written comments for this MRB meeting will also be accepted beginning on *September 9, 2008* and continuing until October 20, 2008, and should include the docket ID that is listed in the **ADDRESSES** section.

During the MRB meeting (1200–1230), oral comments may be limited depending on how many persons wish to comment; and will be accepted on a first come, first serve basis as requestors register at the meeting. The comments must directly address relevant medical and scientific issues on the MRB meeting agenda. For more information, please view the following Web site: <http://www.fmcsa.dot.gov/mrb>.

Qualification of Drivers; Exemption Renewals; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA previously announced its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 11 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has reviewed the comments submitted in response to the previous announcement and concluded that granting these exemptions will provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Director, Medical Programs, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue, SE., Room W64–224, Washington, DC 20590–0001.

Office hours are from 8:30 a.m. to 5 p.m. Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

You may see all the comments online through the Federal Document Management System (FDMS) at <http://www.regulations.gov>.

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the 2-year period. The comment period ended on August 20, 2008.

Discussion of Comments

FMCSA received no comments in this proceeding.

Conclusion

The Agency has not received any adverse evidence on any of these drivers that indicates that safety is being compromised. Based upon its evaluation of the 11 renewal applications, FMCSA renews the Federal vision exemptions for Manuel A. Almeida, Ronald B. Brown, Thomas L. Corey, Brian G. Hagen, Donald E. Hathaway, John C. Lewis, William R. Proffitt, Jose M. Suarez, Louis E. Villa, Jr., Barney J. Wade, and Richard A. Yeager.

In accordance with 49 U.S.C. 31136(e) and 31315, each renewal exemption will be valid for 2 years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.
