

clarification will apply to entries of subject merchandise during the

POR produced by the company included in these preliminary results for which the reviewed company did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company or companies involved in the transaction.

Cash Deposit Requirements

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of PTFE from Italy entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Act: (1) the cash deposit rate listed above for Solvay will be the rate established in the final results of this review, except if a rate is less than 0.5 percent, and therefore de minimis, the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 46.46 percent, the "all others" rate established in the LTFV investigation. *See Final Determination of Sales at Less Than Fair Value: Granular Polytetrafluoroethylene Resin from Italy*, 53 FR 26096 (July 11, 1988). These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entities during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: September 16, 2008.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

Exemption of Foreign Air Carriers From Excise Taxes; Review of Finding of Reciprocity (Dominican Republic), 26 U.S.C. 4221

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Solicitation of public comments concerning a review of the existing exemption for aircraft registered in the Dominican Republic from certain internal revenue taxes on the purchase of supplies in the United States for such aircraft in connection with their international commercial operations.

SUMMARY: Notice is hereby given that the Department of Commerce is conducting a review to determine, pursuant to Section 4221 of the Internal Revenue Code, as amended (26 U.S.C. 4221), whether the Government of the Dominican Republic has discontinued allowing substantially reciprocal tax exemptions to aircraft of U.S. registry in connection with international commercial operations similar to those exemptions currently granted to aircraft of Dominican Republic registry by the United States under the aforementioned statute.

The above-cited statute provides exemptions for aircraft of foreign registry from payment of certain internal revenue taxes on the purchase of supplies in the United States for such aircraft in connection with their international commercial operations. These exemptions apply upon a finding by the Secretary of Commerce, or his designee, and communicated to the Department of the Treasury, that such country allows, or will allow, "substantially reciprocal privileges" to aircraft of U.S. registry with respect to purchases of such supplies in that country. If a foreign country discontinues the allowance of such substantially reciprocal exemption, the exemption allowed by the United States will not apply after the Secretary of the Treasury is notified by the Secretary of Commerce, or his designee, of the discontinuance.

Interested parties are invited to submit their views, comments and supporting documentation in writing concerning this matter to Mr. Mark Brady, Deputy Assistant Secretary for Services, Room 1128, U.S. Department of Commerce, Washington, DC 20230. Submissions should be sent electronically to Airservices@ita.doc.gov. All

submissions should be received no later than thirty days from the date of this notice.

Comments received, with the exception of information marked "business confidential," will be available for public inspection upon request. Information marked "business confidential" shall be protected from disclosure to the full extent permitted by law.

It is suggested that those desiring additional information contact Mr. Eugene Alford, Office of Service Industries, Room 1124, U.S. Department of Commerce, Washington, DC 20230, or telephone 202-482-5071.

Dated: September 12, 2008.

Deputy Assistant Secretary for Services.

Small Diameter Graphite Electrodes from the People's Republic of China: Amended Preliminary Determination of Sales at Less Than Fair Value

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 22, 2008.

SUMMARY: On August 21, 2008, the Department of Commerce (the Department) published the preliminary determination of sales at less than fair value (LTFV) in the antidumping investigation of small diameter graphite electrodes (graphite electrodes) from the People's Republic of China (PRC). See *Small Diameter Graphite Electrodes From the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Affirmative*

Preliminary Determination of Critical Circumstances, in Part, 73 FR 49408 (August 21, 2008) (*Preliminary Determination*). We are amending our *Preliminary Determination* to correct certain ministerial errors with respect to the antidumping duty margin calculation for the Fangda Group.¹ The corrections to the Fangda Group's margin also affect the margin applied to companies receiving a separate rate.

FOR FURTHER INFORMATION CONTACT:

Magd Zalok or Drew Jackson, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC, 20230; telephone: (202) 482-4162 or (202) 482-4406, respectively.

SUPPLEMENTARY INFORMATION: On August 21, 2008, the Department published in the **Federal Register** the preliminary determination that graphite electrodes from the PRC are being, or are likely to be, sold in the United States at LTFV, as provided in section 733 of the Tariff Act of 1930, as amended (the "Act"). See *Preliminary Determination*.

On August 25, 2008, the Fangda Group, as well as SGL Carbon LLC and Superior Graphite Co. (collectively "petitioners") filed timely allegations of ministerial errors in the Department's preliminary calculation of the Fangda Group's dumping margin. On August 26, 2008, petitioners submitted a ministerial error allegation with respect to Fushun Jinly Petrochemical Carbon Co., Ltd. (Fushun Jinly). On August 28, 2008, per the Department's request, petitioners submitted information regarding the affect the alleged errors have on the dumping margin calculated for the Fangda Group.

After reviewing the allegations, we have determined that the *Preliminary Determination* included significant ministerial errors. Therefore, in accordance with section 351.224(e) of the Department's regulations, we have made changes, as described below, to the *Preliminary Determination*.

Period of Investigation

The period of investigation (POI) is July 1, 2007, through December 31, 2007. This period corresponds to the two most recent fiscal quarters prior to the month of the filing of the petition, January 2008. See section 351.204(b)(1) of the Department's regulations.

¹ The Fangda Group consists of Fangda Carbon New Material Co., Ltd., Beijing Fangda Carbon Tech Co., Ltd., Fushun Carbon Co., Ltd., and Chengdu Rongguang Carbon Co., Ltd.
