GENERAL SERVICES ADMINISTRATION

Federal Management Regulation (FMR); Motor Vehicle Management; Notice of GSA Bulletin FMR B-22

AGENCY: Office of Governmentwide Policy, General Services Administration (GSA).

ACTION: Notice of a bulletin.

SUMMARY: This notice announces Federal Management Regulation (FMR) Bulletin B-22. Bulletin B-22 provides a deviation from the FMR to allow executive agencies to purchase premium fuel for Government owned and leased vehicles when lower grade fuels are not available due to possible nationwide market shortages due to refinery damage caused by Hurricane Ike. GSA Bulletin FMR B-22 may be found at www.gsa.gov/bulletin.

DATES: The bulletin announced in this notice became effective on September 13, 2008.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact General Services Administration, Office of Governmentwide Policy, Office of Travel, Transportation and Asset Management, at (202) 501-1777. Please cite Bulletin FMR B-22.

SUPPLEMENTARY INFORMATION:

A. Background

The Federal Management Regulation (FMR), Subpart B, section 102-34.335

(41 CFR 102-34.335), requires drivers to use the grade (octane rating) of fuel recommended by the motor vehicle manufacturer when fueling motor vehicles owned or leased by the Government. Present restrictions prohibit the use of premium grade fuel in motor vehicles owned or leased by the Government that will operate on a lower grade of fuel.

As a result of Hurricane Ike, executive agencies may encounter nationwide fuel shortages and may not be able to acquire lower grade fuel for their vehicles to complete their missions. The original intent of FMR section 102-34.335 was to reduce fuel costs and the unnecessary use of premium fuel in vehicles capable of being operated on lower grade fuel. FMR Bulletin, B-22, provides a deviation for executive agencies to purchase premium fuel for Government owned and leased vehicles when lower grade fuels are not available due to market shortages due to Hurricane Ike.

B. Procedures

Bulletins regarding motor vehicle management are located on the Internet at www.gsa.gov/bulletin as Federal Management Regulation bulletins.

Dated: September 16, 2008.

information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Proposed Project

Statements in Support of Application for Waiver of Inadmissibility Under the Immigration and Nationality Act (OMB Control No. 0920-0006)—Extension—National Center for Preparedness, Control and Detection of Infectious Diseases (NCPDCID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Section 212(a)(1) of the Immigration and Nationality Act states that aliens with specific health related conditions are ineligible for admission into the United States. The Attorney General may waive application of this inadmissibility on health-related grounds if an application for waiver is filed and approved by the consular office considering the application for visa. CDC uses this application primarily to collect information to establish and maintain records of waiver applicants in order to notify the U.S. Citizenship and Immigration Services when terms, conditions and controls imposed by waiver are not met. CDC is requesting approval from OMB to collect this data for another 3 years. CDC estimates that mailing costs per respondent will be \$80.00 per year. The annualized burden for this data collection is 167 hours.
