

and from 8:30 a.m. to 4 p.m. on December 12. The meeting on both days will be held at the Wright Brothers National Memorial Pavilion, 1000 Croatan Highway (Milepost 7.6), Kill Devil Hills, North Carolina 25948.

These, and any subsequent meetings, will be held for the following reason: To work with the National Park Service to assist in potentially developing special regulations for ORV management at Cape Hatteras National Seashore.

The proposed agenda for these meetings of the Committee may contain the following items: Approval of Meeting Summary from Last Meeting, Subcommittee and Members' Updates since Last Meeting, Alternatives Discussions, National Environmental Policy Act Update, and Public Comment. However, the Committee may modify its agenda during the course of its work. The meetings are open to the public. Interested persons may provide brief oral/written comments to the Committee during the public comment period of the meetings each day before the lunch break and at 5 p.m. on the first day of each meeting or file written comments with the Park Superintendent.

FOR FURTHER INFORMATION CONTACT:

Mike Murray, Superintendent, Cape Hatteras National Seashore, 1401 National Park Drive, Manteo, North Carolina 27954, (252) 473-2111, extension 148.

SUPPLEMENTARY INFORMATION:

The Committee's function is to assist directly in the development of special regulations for management of ORVs at Cape Hatteras National Seashore (Seashore). Executive Order 11644, as amended by Executive Order 11989, requires certain Federal agencies to publish regulations that provide for administrative designation of the specific areas and trails on which ORV use may be permitted. In response, the NPS published a general regulation at 36 CFR 4.10, which provides that each park that designates routes and areas for ORV use must do so by promulgating a special regulation specific to that park. It also provides that the designation of routes and areas shall comply with Executive Order 11644, and 36 CFR 1.5 regarding closures. Members of the Committee will negotiate to reach consensus on concepts and language to be used as the basis for a proposed special regulation, to be published by the NPS in the **Federal Register**, governing ORV use at the Seashore. The duties of the Committee are solely advisory.

Dated: September 26, 2008.

Michael B. Murray,

Superintendent, Cape Hatteras National Seashore.

BILLING CODE 4310-46-M

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R06-OAR-2007-0659; FRL-8727-1]

Approval and Promulgation of Air Quality Implementation Plans; Louisiana; Approval of Section 110(a)(1) Maintenance Plans for the 1997 8-Hour Ozone Standard for the Parishes of Calcasieu and St. James

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the Louisiana State Implementation Plan (SIP) concerning maintenance plans addressing the 1997 8-hour ozone standard for the parishes of Calcasieu and St. James. On July 20, 2007 and August 24, 2007, the State of Louisiana submitted separate SIP revisions containing maintenance plans for the 1997 ozone standard for Calcasieu and St. James Parishes, respectively. These plans ensure the continued attainment of the 1997 8-hour ozone National Ambient Air Quality Standard (NAAQS) through the year 2014. These maintenance plans meet the statutory and regulatory requirements, and are consistent with EPA's guidance. EPA is approving the revisions pursuant to section 110 of the Federal Clean Air Act (CAA). On March 12, 2008, EPA issued a revised ozone standard. Today's action, however, is being taken to address requirements under the 1997 ozone standard. Requirements for the areas under the 2008 standard will be addressed in future actions.

DATES: Written comments must be received on or before November 10, 2008.

ADDRESSES: Comments may be mailed to Mr. Guy Donaldson, Chief, Air Planning Section (6PD-L), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Ellen Belk, Air Planning Section (6PD-

L), Multimedia Planning and Permitting Division, U.S. EPA, Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733, telephone (214) 665-2164; fax number (214) 665-7263; e-mail address belk.ellen@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule, which is located in the rules section of this **Federal Register**.

Dated: September 29, 2008.

Richard E. Greene,

Regional Administrator, Region 6.
