

Transmittal No. 08-101

**Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act**

**Annex
Item No. vii**

(vii) Sensitivity of Technology:

1. The Multifunctional Information Distribution System/Low Volume Terminals (MIDS/LVT-1) Communications Security (COMSEC) device provides improved situational awareness and sensor cueing in support of air superiority and interdiction missions. The Link 16 tactical data link provides networking with other Link 16 capable aircraft, command, and control systems. The MIDS/LVT-1 are Controlled Cryptographic Items (CCI) to which access is restricted. Special shipping and handling procedures are in place for CCI hardware. The hardware and software are unclassified with embedded COMSEC chips.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent systems which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

**DEFENSE NUCLEAR FACILITIES
SAFETY BOARD**

**Revision of Routine Uses of Privacy
Act Systems of Records**

AGENCY: Defense Nuclear Facilities
Safety Board (Board).

ACTION: Notice of revision of routine
uses of Privacy Act systems of records.

SUMMARY: Each Federal agency is
required by the Privacy Act of 1974, 5
U.S.C. 552a, to publish a description of
the systems of records containing
personal information defined by the
Act. In this notice, the Board updates
the routine uses to all systems of records
as required by the Office of Management
and Budget Memorandum, M-07-16,
dated May 22, 2007, entitled
“Safeguarding Against and Responding
to the Breach of Personally Identifiable

Information.” This new routine use
enables the Board to quickly and
effectively respond to a breach of
personally identifiable information
through disclosure of information
regarding the breach to those
individuals affected by it, as well as to
persons and entities in a position to
cooperate, either by assisting in
notification to the affected individuals
or playing a role in preventing or
minimizing harms from the breach.

FOR FURTHER INFORMATION CONTACT:
Richard A. Azzaro, General Counsel,
Defense Nuclear Facilities Safety Board,
625 Indiana Avenue, NW., Suite 700,
Washington, DC 20004, (202) 694-7000,
mailbox@dnfsb.gov.

SUPPLEMENTARY INFORMATION: The Board
adds the following paragraph to each of
its eight systems of records, under the
section entitled, “Routine Uses of
Records Maintained in the System,
Including Categories of Users and the
Purpose of Such Uses:” The Board will
disclose information to appropriate

agencies, entities, and persons when the
Board (1) Suspects or has confirmed that
the security or confidentiality of
information in the system of records has
been compromised; (2) determines that
as a result of the suspected or confirmed
compromise there is a risk of harm to
economic or property interests, identity
theft or fraud, or harm to the security or
integrity of this system or other systems
or programs (whether maintained by the
Board or another agency or entity) that
rely upon the compromised
information; and (3) deems the
disclosure made to such agencies,
entities, and persons is reasonably
necessary to assist in connection with
the Board’s efforts to respond to the
suspected or confirmed compromise
and prevent, minimize, or remedy such
harm.

Dated: October 7, 2008.

A.J. Eggenberger,
Chairman.
