SUPPLEMENTARY INFORMATION:

Establishment of the National Maritime Security Advisory Committee. The Federal Advisory Committee Act (FACA), 5 U.S.C. App. (Pub. L. 92-463), governs the establishment of committees by Federal agencies.

The Committee will advise, consult with, report to, and make recommendations to the Secretary on matters relating to national maritime security. Such matters may include, but not be limited to:

- Developing a national strategy and policy to provide for efficient, coordinated and effective action to deter and minimize damage from maritime related transportation security incidents;

- Recommending actions required to meet current and future security threats to ports, vessels, facilities, waterways and their associated inter-modal transportation connections and critical infrastructure;

- Promoting international cooperation and multilateral solutions to maritime security issues;

- Addressing security issues and concerns brought to the Committee by segments of the maritime transportation industry, or other port and waterway stakeholders; and,

- Examining such other matters, related to those above, that the Secretary may charge the Committee with addressing.

FACA requires advisory committees to meet at least yearly. However, we anticipate that this Committee will meet more frequently. Subcommittees may also meet between meetings of the parent Committee. Most meetings will be held at Coast Guard Headquarters in Washington, DC, but some meetings may be held at locations around the country.

Dated: October 30, 2008.

Mark P. O'Malley,

Captain, U.S. Coast Guard, Office of Port and Facility Activities.
