WTO Dispute Settlement Proceeding Regarding United States—Definitive Anti-Dumping and Countervailing Duties on Certain Products From China

AGENCY: Office of the United States Trade Representative.

ACTION: Notice; request for comments.

SUMMARY: The Office of the United States Trade Representative ("USTR") is providing notice that on September 19, 2008, the People's Republic of China ("China") requested consultations with the United States under the *Marrakesh Agreement Establishing the World Trade Organization* ("WTO Agreement") concerning final anti-dumping and countervailing duty determinations and orders by the Department of Commerce on imports of the following products from China: Circular Welded Carbon Quality Steel Pipe (Investigations A-570-910 and C-570-911); Certain New Pneumatic Off-the-Road Tires (Investigations A-570-912 and C-570-913); Light-Walled Rectangular Pipe and Tube (Investigations A-570-914 and C-570-915); and Laminated Woven Sacks (Investigations A-570-916 and C-570-917). That request may be found at www.wto.org contained in a document designated as WT/DS379/1. USTR invites written comments from the public concerning the issues raised in this dispute.

DATES: Although USTR will accept any comments received during the course of the dispute settlement proceedings, comments should be submitted on or before December 12, 2008 to be assured of timely consideration by USTR.

ADDRESSES: Comments should be submitted (i) electronically to www.regulations.gov, docket number USTR-2008-0035, or (ii) by fax, to Sandy McKinzy at (202) 395-3640. For documents sent by fax, USTR requests that the submitter provide a confirmation copy to www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Arun Venkataraman, Associate General Counsel, Office of the United States

Trade Representative, 600 17th Street, NW., Washington, DC 20508, (202) 395-5694.

SUPPLEMENTARY INFORMATION: USTR is providing notice that consultations have been requested pursuant to the WTO *Understanding on Rules and Procedures Governing the Settlement of Disputes* (“DSU”). If such consultations should fail to resolve the matter and a dispute settlement panel is established pursuant to the DSU, such panel, which would hold its meetings in Geneva, Switzerland, would be expected to issue a report on its findings and recommendations within nine months after it is established.

Major Issues Raised by China

On September 19, 2008, China requested consultations regarding the Department of Commerce’s final antidumping and countervailing duty determinations and orders regarding the following products from China: Circular Welded Carbon Quality Steel Pipe (Investigations A-570-910 and C-570-911); Certain New Pneumatic Off-the-Road Tires (Investigations A-570-912 and C-570-913); Light-Walled Rectangular Pipe and Tube (Investigations A-570-914 and C-570-915); and Laminated Woven Sacks (Investigations A-570-916 and C-570-917). These final determinations and orders are available at the following Web pages of the Department of Commerce: <http://ia.ita.doc.gov/frn/0806frn/index.html#CHINA>, <http://ia.ita.doc.gov/frn/0807frn/index.html#CHINA>, <http://ia.ita.doc.gov/frn/0808frn/index.html#CHINA>, <http://ia.ita.doc.gov/frn/0809frn/index.html#CHINA>.

With respect to certain of the aforementioned determinations, China alleges that the Department of Commerce acted inconsistently with particular provisions of the *General Agreement on Tariffs and Trade 1994*, WTO Agreement on Anti-Dumping (“Anti-Dumping Agreement”), and *Agreement on Subsidies and Countervailing Measures* (“SCM Agreement”) when it (i) erroneously concluded that certain State-owned enterprises are “public bodies,” (ii) failed to determine whether such enterprises had been “entrusted or directed” to provide a “financial contribution,” (iii) erroneously concluded that a “benefit” had been conferred, and (iv) failed to demonstrate “specificity.” China also alleges that the United States acted inconsistently with particular provisions of the Anti-Dumping Agreement and SCM Agreement in connection with the

Department of Commerce’s use of a non-market economy (NME) methodology for the purpose of determining the existence and amount of alleged dumping under Article VI of the GATT 1994 and the AD Agreement, simultaneously with the determination of subsidization and imposition of countervailing duties on the same subject merchandise. Finally, China alleges actions inconsistent with the Anti-Dumping Agreement and the SCM Agreement in connection with the Department of Commerce’s conduct of the underlying anti-dumping and countervailing duty investigations, including its failure to inform interested parties of certain issues and the use of adverse inferences and facts available.
