If the petitioner wishes to contest the allegations set forth in the notice of non-compliance, written notice must be received by ICE within 30 days of receipt of the notice of non-compliance. 8 CFR 214.2(h)(5)(vi)(C). If the petitioner fails to contest the finding of non-compliance, or the petitioner's response fails to raise an issue of material fact, ICE will communicate liability for liquidated damages to the H-2A petitioner and inform the petitioner that it will receive a demand letter for payment for liquidated damages directly from CBP.

CBP will collect all liquidated damage payments. The CBP demand letter will specify the manner in which payment must be made.

III. Fee-Related Notifications

This Notice announces that on January 17, 2009, H-2A petitioners may begin filing fee-related notifications to USCIS pursuant to 8 CFR 214.2(h)(5)(xi)(A)(4). The notification must include the following information:

As previously stated, USCIS encourages the petitioner to submit notification electronically by e-mail. However, USCIS realizes that in certain instances, electronic notification may not be possible or feasible for the H-2A petitioner. Accordingly, the following two methods for notification are acceptable. Notification by mail must be postmarked before the end of the 2 workday reporting window.

By e-mail: CSC.H2AFee@dhs.gov.

- When the agricultural labor or services for which H-2A workers were hired is completed more than 30 days early; or

- When the H-2A worker absconds from the worksite or is terminated prior to the completion of agricultural labor or services for which he or she was hired.

H-2A petitioners must retain evidence of any such notification sent to USCIS, as well as evidence of an employment start date if different from the start date stated on the H-2A petition, for a one-year period.

This Notice further provides the procedures for H-2A petitioners to notify USCIS, after an H-2A petition has been filed, within 2 work days of learning that an H-2A alien worker paid a fee or other compensation to a facilitator, recruiter, or similar employment service as a condition of obtaining the H-2A employment.

ACTION: General notice.

SUMMARY: This notice announces that U.S. Customs and Border Protection (CBP) is establishing a new land-border exit system for certain temporary agricultural workers, starting on a pilot basis, at certain designated ports of entry. Under this pilot program, aliens admitted to the United States as H-2A temporary workers who were admitted to the United States at the ports of San Luis, Arizona, or Douglas, Arizona, must depart from either one of those ports and provide certain biographic and biometric information at one of the kiosks established for this purpose. Any nonimmigrant alien admitted under an H-2A nonimmigrant visa at one of the designated ports of entry will be issued a CBP Form I-94, Arrival and Departure Record, and be presented with

information material that explains the pilot program requirements.

DATES: The pilot program will commence August 1, 2009.

FOR FURTHER INFORMATION CONTACT: Ms. Erin M. Martin via e-mail at ERIN.Martin@dhs.gov.

SUPPLEMENTARY INFORMATION:

Background

On February 13, 2008, the Department of Homeland Security (DHS) published a Notice of Proposed Rulemaking in the **Federal Register** (73 FR 8230) proposing changes to requirements affecting temporary and seasonal agricultural workers within the H-2A nonimmigrant classification and their U.S. employers.¹ Among other things, DHS proposed to establish a visa exit program on a pilot basis that would require temporary agricultural workers within the H-2A nonimmigrant classification to register with CBP at the time of departure from the United States. DHS is publishing the final rule implementing the H-2A program in today's edition of the **Federal Register**, concurrent with this notice.

Specifically, the final rule implements the pilot program by adding 8 CFR 215.9, which provides that an alien admitted on an H-2A visa at a port of entry participating in the Temporary Worker Visa Exit Program must also depart at the end of his or her authorized period of stay through a port of entry participating in the program and present designated biographic and/or biometric information upon departure. Section 215.9 further states that CBP will publish a notice in the **Federal Register** designating which H-2A workers must participate in the Temporary Worker Visa Exit Program, which ports of entry are participating in the program, which biographical and/or biometric information would be required, and the format for submission of that information by the departing designated temporary workers.

The final rule indicates that the Temporary Worker Visa Exit Program will begin as a pilot. Accordingly, CBP is implementing the Temporary Worker Visa Exit Program, on a pilot basis. This notice contains all the required elements referenced in 8 CFR 215.9. Any alien subject to the program that is admitted into the United States at a designated port on or after August 1, 2009, is subject to the pilot program.

¹ The H-2A nonimmigrant classification applies to aliens seeking to perform agricultural labor or services of a temporary or seasonal nature in the United States. Immigration and Nationality Act (Act or INA) sec. 101(a)(15)(H)(ii)(a), 8 U.S.C. 1101(a)(15)(H)(ii)(a); see 8 CFR 214.1(a)(2) (designation for H-2A classification).

General Requirements of the Temporary Worker Visa Exit Program Pilot

Any alien subject to the Temporary Worker Visa Exit Program must depart from a designated port of entry and must submit certain biographic and biometric information at one of the kiosks established for this purpose.

Aliens Subject to the Pilot Program

Any alien admitted into the United States under an H-2A nonimmigrant visa at one of the designated ports.

Designated Ports

San Luis, Arizona; Douglas, Arizona.

Entry Procedures

Any nonimmigrant alien admitted under an H-2A nonimmigrant visa at one of the designated ports of entry will be issued a CBP Form I-94, Arrival and Departure Record, and be presented with information material that explains the pilot program requirements. The information material will instruct the alien to appear in person at one of the designated ports of entry and register his or her final departure from the United States at that port on or before the date his or her work authorization expires.

Exit Procedures

An alien admitted under an H-2A nonimmigrant visa must depart at a designated port on or before the date his or her work authorization expires. At the time of departure, the alien must present the following biographic and biometric information at a kiosk installed for this purpose:

- *1—Biographic information*—name, date of birth, country of citizenship, passport number, and the name of the Consulate where the alien's visa was issued. The biographic information will be provided by scanning the alien's travel document (visa). If the scan of the visa fails, the alien will scan his or her passport. If the scan of the passport fails the alien will manually enter the required biographic information.
- *2—Biometric information*—a 4-finger scan from one hand.
- *3—The departure portion of the CBP Form I-94*—this must be deposited into the kiosk and the departing alien will receive a receipt verifying a successfully completed checkout registration.

Kiosks

Instructions for departure registration will be available in both English and Spanish for use by departing aliens at the kiosks.

Officer assistance will be available in the event that an alien is unable to utilize the designated kiosk to record his or her departure.

Jayson P. Ahern,

Acting Commissioner, U.S. Customs and Border Protection.
