

SUPPLEMENTARY INFORMATION: On August 21, 2007, CBP published a general notice in the **Federal Register** (72 FR 46654) announcing a modification of the PEA test. The PEA test procedure allows test participants (importers) to amend entry summaries (not informal entries) prior to liquidation by filing with CBP either a single PEA upon discovery of certain kinds of errors or a quarterly tracking report covering certain other errors that occurred during the quarter. The test modification, which became effective on September 20, 2007, concerned the timeliness of filing single PEAs. Prior to the modification, the test participant was required to file a single PEA promptly after discovery of a covered error and prior to the liquidation of the subject entry summary. The test procedure as modified requires that a single PEA be filed at least 20 days before the scheduled liquidation date of the subject entry summary.

The modification notice explained that an untimely filed single PEA would be rejected and a timely filed single PEA would be treated by CBP as a protest under 19 U.S.C. 1514 in any instance where the entry summaries are not unset or processed by the scheduled liquidation date and liquidation therefore occurs without benefit of the requested amendment.

Correction

Under 19 U.S.C. 1514, a protest must be filed within a certain period after, not before, certain specified CBP actions, one of which is liquidation of the entry summary. To treat a single PEA filed prior to the liquidation, as described above, as a protest of the liquidation is contrary to the terms of the statute. Therefore, this notice specifies that in the instance of such liquidation, performed without consideration of the PEA, CBP may reliquidate the entry summary voluntarily under 19 U.S.C. 1501 or the importer may file a protest under 19 U.S.C. 1514.

Dated: April 7, 2008.

Daniel Baldwin,

Assistant Commissioner, Office of International Trade.

BILLING CODE 9111-14-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5186-N-15]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

DATES: *Effective Date: April 11, 2008.*

FOR FURTHER INFORMATION CONTACT: Kathy Ezzell, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 7262, Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565, (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with the December 12, 1988, court order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.), HUD publishes a Notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: April 3, 2008.

Mark R. Johnston,

Deputy Assistant Secretary for Special Needs.

BILLING CODE 4210-67-M

DEPARTMENT OF THE INTERIOR

UTAH RECLAMATION MITIGATION AND CONSERVATION COMMISSION

Central Utah Project Completion Act

AGENCIES: Department of the Interior. Office of the Assistant Secretary—Water and Science (Interior); and the Utah Reclamation Mitigation and Conservation Commission (Mitigation Commission).

ACTION: Notice of Availability, Final Environmental Impact Statement (FEIS), Lower Duchesne River Wetlands Mitigation Project (LDWP), Duchesne and Uintah Counties, Utah.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA), as amended, Interior and the Mitigation Commission (Joint Lead Agencies), have issued a Final Environmental Impact Statement (FEIS) for the Lower Duchesne River Wetlands Mitigation Project in Duchesne and Uintah Counties, Utah. The FEIS addresses potential impacts related to construction and operation of features proposed for the project and incorporates responses to public comments received on the Draft EIS.

The FEIS is intended to satisfy disclosure requirements of NEPA and will serve as the NEPA compliance document for contracts, agreements and permits that would be required for construction and operation of the project.

FOR FURTHER INFORMATION CONTACT: Additional information on matters related to this notice can be obtained from Mr. Ralph G. Swanson at (801) 379-1254, or rswanon@uc.usbr.gov. Copies of the FEIS, and supporting resource technical reports, are available upon request.

Copies of the FEIS are also available for inspection at:

Utah Reclamation Mitigation and Conservation Commission, 230 South 500 East, Suite 230, Salt Lake City, Utah 84102;
Department of the Interior, Natural Resource Library, Serials Branch, 18th and C Streets, NW., Washington, DC 20240;

Headquarters, Ute Indian Tribe of the Uintah and Ouray Agency, 988 South 7500 East, Ft. Duchesne, Utah 84026;
Bureau of Indian Affairs, P.O. Box 130, Ft. Duchesne, Utah 84026;
Duchesne County Library, 70 East Lagoon, Roosevelt, Utah 84066;
and on the Mitigation Commission Web site at: www.mitigationcommission.com.

SUPPLEMENTARY INFORMATION:

Background—The LDWP is proposed to fulfill certain environmental mitigation commitments of the Bonneville Unit of the Central Utah Project. The Strawberry Aqueduct and Collection System (SACS) is a key component of the Bonneville Unit, collecting water from the Upper Duchesne River and its tributaries and storing it in Strawberry Reservoir for delivery westward to the Wasatch Front in Utah. As a result, wetlands and wildlife habitats along the Duchesne River have been adversely impacted. Substantial wetland impacts occurred on the Uintah and Ouray Reservation lands of the Ute Indian Tribe. The Proposed Action would create, restore, and otherwise enhance riparian wetland habitats on reservation
