

fueled power plant on an approximately 60 acre site located on Peachtree Road near Fitzgerald, GA in Ben Hill County. The fuel will consist of biomass sources (primarily wood debris or residue from the regional forest products industry). It is anticipated that the facility would be in service in 2011.

A Notice of Intent to Prepare an EA and Hold a Scoping Meeting was published in the **Federal Register** at 74FR02510, on January 15, 2009, and *The Herald-Leader* on January 14, 2009. A public meeting was held on January 29, 2009, at the Grand Conference Center, 115 South Main Street in Fitzgerald, GA 31750. A summary of public comments can be found at the Agency Web site listed in this Notice.

As part of its environmental review process, RUS must take into account the effect of the proposal on historic properties in accordance with section 106 of the National Historic Preservation Act and its implementing regulation, "Protection of Historic Properties" (36 CFR part 800). Pursuant to 36 CFR 800.2(d)(3), RUS is using its procedures for public involvement under NEPA to meet its responsibilities to solicit and consider the views of the public during section 106 review. Accordingly, comments from the public submitted in response to scoping will inform RUS decision making in its section 106 review of the proposal. RUS has made the determination that no historic properties listed in or eligible for listing on the National Register of Historic Places (NRHP) will be affected by the Proposal.

Alternatives considered by RUS and FRE include (a) No action, (b) alternate sources of power, and (c) alternate sites. An environmental report that describes the proposal in detail and discusses its anticipated environmental impacts has been prepared by FRE. RUS has reviewed and accepted the document as its EA of the proposal. The EA is available for public review at the addresses provided in this Notice. Questions and comments should be sent to RUS at the mailing or e-mail addresses provided in this Notice. RUS should receive comments on the EA in writing by June 12, 2009 to ensure that they are considered in its environmental impact determination.

Should RUS, based on the EA of the proposal, determine that the impacts of the construction and operation of the proposal would not have a significant environmental impact, it will prepare a Finding of No Significant Impact. Public notification of a Finding of No Significant Impact would be published in the **Federal Register** and in

newspapers with circulation in the proposal area.

Any final action by RUS related to the proposal will be subject to, and contingent upon, compliance with all relevant Federal, State and local environmental laws and regulations, and completion of the environmental review requirements as prescribed in RUS' Environmental Policies and Procedures (7 CFR part 1794).

Dated: May 7, 2009.

Mark S. Plank,

Director, Engineering and Environmental Staff, USDA/Rural Utilities Service.

DEPARTMENT OF AGRICULTURE

Forest Service

Ravalli County Resource Advisory Committee

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: The Ravalli County Resource Advisory Committee will be meeting to hold a short public forum (question and answer session). The meeting is being held pursuant to the authorities in the Federal Advisory Committee Act (Pub. L. 106-393) and under the Secure Rural Schools and Community Self-Determination Act of 2000 (Pub. L. 106-393). The meeting is open to the public.

DATES: The meeting will be held on May 26, 2009, 6:30 p.m.

ADDRESSES: The meeting will be held at the Bitterroot National Forest Supervisor Office, Conference Room, 1801 North First Street, Hamilton, Montana. Send written comments to Dan Ritter, District Ranger, Stevensville Ranger District, 88 Main Street, Stevensville, MT 59870, by facsimile (406) 777-7423, or electronically to dritter@fs.fed.us.

FOR FURTHER INFORMATION CONTACT:

Daniel G. Ritter, Stevensville District Ranger and Designated Federal Officer, Phone: (406) 777-5461.

Dated: May 7, 2009.

Julie K. King,

Forest Supervisor.

BILLING CODE M

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Annual Survey of Local

Government Finances (School Systems).

Form Number(s): F-33, F-33-I, F-33-L1, F-33-L2, F-33-L3.

OMB Control Number: 0607-0700.

Type of Request: Extension of a currently approved collection.

Burden Hours: 4,032.

Number of Respondents: 3,249.

Average Hours per Response: 1 hour and 15 minutes.

Needs and Uses: The U.S. Census Bureau requests an extension of the current expiration date of the Annual Survey of Local Government Finances (School Systems) to ensure accurate collection of information about public school finances.

The Census Bureau's collection of school district finance data and associated publications are the most comprehensive sources for pre-kindergarten through grade 12 finance data. The data are collected from the universe of school districts using uniform definitions and concepts of revenue, expenditure, debt, and assets. This effort is part of the Census Bureau's Annual Survey of Government Finance (OMB No. 0607-0585). Data collected from cities, counties, States, and special district governments are combined with data collected from local school systems to produce State and national totals of government spending. Local school system spending comprises a significant portion of total government spending. In 2006, public elementary-secondary expenditures accounted for nearly 30 percent of total local government spending.

This comprehensive, ongoing, time series collection of local education agency finances maintains historical continuity in the State and local government statistics community. In addition to the State and local government statistics historical significance, this collection of data has gained added importance within the area of education statistics since the reauthorization of the Elementary and Secondary Education Act (ESEA) by the No Child Left Behind Act (NCLB). The increased focus on schools has led to a demand for data reflecting student

performance, graduation rates, and school finance policy—all of which require the collection and use of this local education finance data collection. State legislatures, local leaders, university researchers, and parents increasingly rely on data to make substantive decisions about education. School district finance is a vital sector of the education data spectrum used by stakeholders to form policy and to develop new education strategies.

The education finance data collected and processed by the Census Bureau are an essential component of the government finances program and provide unique products for education and finance data user groups. The Bureau of Economic Analysis (BEA) uses most of the items on Form F-33 to develop figures for the Gross Domestic Product. Reported F-33 data items specifically contribute to the estimates for National Income and Product Accounts (NIPA), and the Input-Output accounts (I-O), and gross domestic investments. BEA also uses the data to assess other public fiscal spending trends and events.

The Census Bureau's government finances program has made possible the dissemination of comprehensive and comparable public fiscal data since 1902. School finance data, which comprise nearly 30 percent of all local government general expenditures, are currently incorporated into the local government statistics released in the Annual Survey of Government Finance. The Census Bureau expects to release school finance data as part of its 2007 Census of Governments products. This table package contains benchmark statistics on public revenue, expenditure, debt, and assets. They are widely used by economists, legislators, social and political scientists, and government administrators.

The Census Bureau makes available a detailed account for all school systems on files available from its Internet Web site. That Web site currently contains data files and statistical tables for the 1992 through 2006 fiscal year surveys. Historical files and publications prior to 1992 are also available upon request for data users engaged in longitudinal studies. In addition to numerous academic researchers who use the F-33 products, staff receive inquiries from State government officials, legislatures, public policy analysts, local school officials, non-profit organizations, and various Federal agencies.

The U.S. Department of Education's National Center for Education Statistics (NCES) jointly conducts this survey annually as part of the Common Core of Data (CCD) program. The education

finance data collected by the Census Bureau are the sole source of school district fiscal information for the CCD. NCES data users utilize electronic tools to search CCD databases for detailed fiscal and non-fiscal variables. Additionally, the NCES uses the F-33 education finance files to publish annual reports on the state of education.

Affected Public: State, local or Tribal government.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Sections 161 and 182.

OMB Desk Officer: Brian Harris-Kojetin, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Brian Harris-Kojetin, OMB Desk Officer either by fax (202-395-7245) or e-mail (bharrisk@omb.eop.gov).

Dated: May 12, 2009.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-489-501]

Certain Welded Carbon Steel Pipe and Tube from Turkey: Notice of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.
SUMMARY: On February 9, 2009, the Department of Commerce ("the Department") published the preliminary results of its administrative review of the antidumping duty order on certain welded carbon steel pipe and tube ("welded pipe and tube") from Turkey.¹ This review covers one producer/exporter of the subject merchandise.²

¹ See *Certain Welded Carbon Steel Pipe and Tube from Turkey: Notice of Preliminary Results of Antidumping Duty Administrative Review*, 74 FR 6368 (February 9, 2009).

² On February 17, 2009, the review was rescinded with respect to *Toscelik Profil ve Sac Endustrisi*

The period of review ("POR") is May 1, 2007, through April 30, 2008. Based on our analysis of the comments received, these final results differ from the preliminary results. The final results are listed below in the Final Results of Review section.

EFFECTIVE DATE: May 15, 2009.

FOR FURTHER INFORMATION CONTACT: Dennis McClure or Christopher Hargett, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5973 or (202) 482-4161, respectively.

SUPPLEMENTARY INFORMATION:

Background

This review covers the Borusan Group³ ("Borusan"), a producer/exporter of the subject merchandise. On February 9, 2009, the Department published the preliminary results of this review and invited interested parties to comment on those results. On March 11, 2009, we received a case brief from Borusan. We did not receive a rebuttal brief from any interested parties.

Scope of the Order

The products covered by this order include circular welded non-alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, or galvanized, painted), or end finish (plain end, beveled end, threaded and coupled). Those pipes and tubes are generally known as standard pipe, though they may also be called structural or mechanical tubing in certain applications. Standard pipes and tubes are intended for the low pressure conveyance of water, steam, natural gas, air, and other liquids and gases in plumbing and heating systems, air conditioner units, automatic sprinkler systems, and other related uses. Standard pipe may also be used for light load-bearing and mechanical applications, such as for fence tubing, and for protection of electrical wiring, such as conduit shells.

The scope is not limited to standard pipe and fence tubing, or those types of mechanical and structural pipe that are used in standard pipe applications. All carbon steel pipes and tubes within the

A.S. See *Certain Welded Carbon Steel Pipe and Tube from Turkey: Notice of Rescission, in Part, of Antidumping Duty Administrative Review*, 74 FR 7394 (February 17, 2009).

³ The Borusan Group includes Borusan Mannesmann Boru Sanayi ve Ticaret A.S. and Borusan Istikbal Ticaret T.A.S. and other affiliated companies.
