DEPARTMENT OF THE TREASURY

Fiscal Service

31 CFR Part 285

RIN 1510–AB19

Debt Collection Authorities Under the Debt Collection Improvement Act of 1996

AGENCY: Financial Management Service, Fiscal Service, Treasury.

ACTION: Interim final rule.

SUMMARY: The Department of the Treasury, Financial Management Service, is amending its regulation governing the centralized offset of federal payments to collect nontax debts owed to the United States. The amendment removes the time limitation on the collection of nontax debts by centralized offset, consistent with a change in the statute on which it is based. The statutory change, enacted as part of the Food, Conservation and Energy Act of 2008, allows for the use of centralized offset of federal payments, including federal salary payments, to collect nontax debts owed to the United States irrespective of the amount of time the debt has been outstanding.

DATES: This interim final rule is effective June 11, 2009. Comments must be received by August 10, 2009.

ADDRESSES: The Financial Management Service (FMS) participates in the U.S. government’s eRulemaking Initiative by publishing rulemaking information on <http://www.regulations.gov>. SUPPLEMENTARY INFORMATION:

I. Background

The Food, Conservation and Energy Act of 2008, Public Law 110–334, Section 14219, 22 Stat. 923 (2008) (“the Act”) amended the Debt Collection Act of 1982 (as amended by the Debt Collection Improvement Act of 1996) to remove a restriction on the collection of debt by administrative offset, i.e., offset of payments pursuant to 31 U.S.C. 3716. Prior to this change, administrative offset to collect debt was only available if the debt was delinquent for a period of less than ten years. The amendment to the law allows for the collection of debt by administrative offset without any time limitation and applies to any debt outstanding on or after the date of the enactment of the Act.

The changes to this rule conform to the statutory language by removing the ten-year time limitation on the collection of nontax debt by administrative offset, including centralized salary offset, by explicitly stating that no time limitation shall apply, and by explaining that by removing the time limitation, all debts, including debts that were ineligible for collection by offset prior to the removal of the time limitation, may now be collected by administrative offset and centralized salary offset. To avoid any undue hardship, we have added a requirement applicable to debts that were previously ineligible for collection by offset because they had been outstanding for more than ten years. For these debts, creditor agencies must certify to FMS that the notice of intent to offset was sent to the debtor after the debt became ten years delinquent. This is intended to alert the debtor that his debt may now be collected by offset and allows the debtor additional

opportunities to dispute the debt, enter into a repayment agreement or otherwise avoid offset. This requirement applies even in a case where notice was sent prior to the debt becoming ten years delinquent. This requirement applies only with respect to debts that were previously ineligible for collection by offset because of the time limitation. This requirement does not apply to debts, such as Department of Education student loan debts, that could be collected by offset without regard to any time limitation prior to this statutory change.

II. Procedural Analyses

Administrative Procedures Act

This rule is being issued without prior public notice and comment because the changes to the rule are being made to conform to statutory requirements. Under 5 U.S.C. 553(b) and (d)(3), good cause exists to determine that notice and comment rulemaking is unnecessary and contrary to the public interest. The amendments made by this rule merely mirror amendments already enacted into law. Further delay in making these amendments would create an inconsistency between the law and the regulations and would cause confusion.

Request for Comment on Plain Language

Executive Order 12866 requires each agency in the Executive branch to write regulations that are simple and easy to understand. We invite comment on how to make the proposed rule clearer. For example, you may wish to discuss: (1) Whether we have organized the material to suit your needs; (2) whether the requirements of the rules are clear; or (3) whether there is something else we could do to make these rules easier to understand.

Regulatory Planning and Review

The final rule does not meet the criteria for a "significant regulatory action" as defined in Executive Order 12866. Therefore, the regulatory review procedures contained therein do not apply.

Regulatory Flexibility Act Analysis

Because no notice of rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. et seq.) do not apply.
