

provision confirms that the section 8 tenant's lease is, in effect, a bona fide lease and that the HAP contract survives the foreclosure, just as the lease does. Similar to Section 702, the provisions of Section 703 shall not affect any State or local law that provides additional time frames or protections for tenants.

B. Participants in HUD's Section 8 Voucher Programs

Immediate successor owners of foreclosed properties in which section 8 voucher recipients reside become participants in HUD's Section 8(o) tenant-based voucher programs and must comply with Sections 702 and 703. The following requirements apply to such foreclosed properties as long as the immediate successor in interest retains the interest and until the sunset date of the PTFA, December 31, 2012.

- A demand upon the section 8 voucher recipient to vacate the property prior to a sale of the property shall not constitute "other good cause" as meant in HUD's regulations on termination of tenancy (24 CFR 982.310), except that:

- The owner may terminate the tenancy effective on the date of the transfer to the owner if the owner:

- Will occupy the unit as a primary residence; and

- Has provided the tenant with a notice to vacate at least 90 days before the effective date of such notice.

C. Public Housing Agencies (PHAs)

With respect to PHAs, a PHA, after foreclosure, provides payments under the HAP contract to the new owner for the remaining term of the HAP contract, subject to the exception for an owner who will occupy the unit as a primary residence. In the case of the owner/occupant, the HAP contract would continue for the required notice period. The new owner also takes subject to the existing lease, which can only be terminated as described in this section.

The Office of Public and Indian Housing will be providing additional guidance as PHAs may need to help ensure that the requirements of Section 703 are carried out where applicable.

IV. Additional Guidance

As noted earlier in this notice, HUD will provide additional guidance as may be necessary to help ensure that the requirements of Sections 702 and 703.

Dated: June 18, 2009.

Ronald Y. Spraker,

Acting General Deputy Assistant Secretary for Housing—Federal Housing Commissioner.

Paula O. Blunt,

General Deputy Assistant Secretary for Public and Indian Housing.

In addition, Reclamation may publish notice of proposed contractual actions for extraordinary maintenance and replacement pursuant to the ARRA. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for the sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act. Pursuant to the "Final Revised Public Participation Procedures" for water resource-related contract negotiations, published in 47 FR 7763, February 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.

2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written request for such notice to the appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act, as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public

hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director shall furnish revised contracts to all parties who requested the contract in response to the initial public notice.
