SUPPLEMENTARY INFORMATION:

Background

The Departments and Customs and Border Protection (CBP), Department of Homeland Security, issue this rule to amend the regulations found in Part 301, Chapter III, Subtitle B of Title 15 of the Code of Federal Regulations (CFR) relating to their responsibilities under the Educational, Scientific, and Cultural Materials Importation Act of 1966 (the "Act") (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897). The Act implements U.S. treaty obligations under Annex D of the Florence Agreement, relating to the import of scientific instruments and apparatus. Treaty signatories agreed to waive duties on such imports if there is no scientifically equivalent instrument being manufactured in the country of importation and the instrument is to be used by a nonprofit institution established for scientific research or educational purposes.

The purpose of this rulemaking is to update the regulations by implementing various proposed technical and conforming changes to part 301 of title 15 of the CFR. Section 10.114 of the CBP regulations (19 CFR 10.114) cross-references the location of the consolidated regulations of the Commerce and Treasury Departments relating to the entry of instruments and apparatus for educational and scientific institutions in 15 CFR part 301. A brief overview of the amendments to part 301 of title 15 of the CFR is set forth below. A more detailed discussion on the background of these amendments may

be found in the preamble to the notice of proposed rulemaking (73 FR 76571, December 17, 2008).

Explanation of Amendments

This document amends 15 CFR 301 by making technical changes to replace "U.S. Customs Service" and similar references throughout the regulations with its new designation, "Customs and Border Protection" or CBP. This document also amends 15 CFR 301.8(a)(4) by deleting, in its entirety, any reference to the 180-day time period for the suspension of liquidation of entries of scientific instruments classified under subheading 9810.00.60 Harmonized Tariff Schedule of the United States (HTSUS) due to the subsequent amendments to 19 U.S.C.1504 since section 301.8(a)(4) was promulgated. Section 301.8(c) is amended to delete references to the 90-day protest period for such entries due to the statutory amendments made by the Miscellaneous Trade and Technical Corrections Act of 2004 to 19 U.S.C. 1514(c)(3). A technical change is made to section 301.3(b) by including the Statutory Import Programs Staff (SIPS) Web site address to let interested parties know that the application for duty-free entry of scientific instruments (Form ITA-338P) may be obtained from that Web site. Finally, sections 301.2(j) and (o) are amended to remove the references to spectrometers since the Presidential Proclamation 7011 of June 30, 1997, made spectrometers free of duty.

Conclusion

In light of the fact that no comments were submitted in response to the solicitation of public comment on the proposed rule published in the **Federal Register** (73 FR 76571) on December 17, 2008, the Departments are adopting the proposed regulations without change.
