## ENVIRONMENTAL PROTECTION AGENCY

[Petition IV-2008-3; FRL-8962-8 ]

### Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Louisville Gas and Electric Company—Trimble County Generating Station; Bedford (Trimble County), KY

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of final order on petition to object to a state operating permit.

**SUMMARY:** Pursuant to Clean Air Act (CAA) Section 505(b)(2) and 40 CFR 70.8(d), the EPA Administrator signed an Order, dated August 12, 2009, partially granting and partially denying a petition to object to a state operating permit issued by the Kentucky Division for Air Quality (KDAQ) to Louisville Gas and Electric (LG&E) for its Trimble County Generating Station located in Bedford, Trimble County, Kentucky. This Order constitutes a final action on the petitions submitted by Save the Valley, Sierra Club, and Valley Watch (Petitioners) on April 28, 2008 (Petition 2), and March 2, 2006 (Petition 1), respectively. Pursuant to section 505(b)(2) of the CAA, any person may seek judicial review of the Order in the United States Court of Appeals for the appropriate circuit within 60 days of this notice under section 307(b) of the Act.

**ADDRESSES:** Copies of the Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 4, Air, Pesticides and Toxics Management Division, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. The Order is also available electronically at the following address: <http://www.epa.gov/region07/programs/artd/air/title5/>

[petitiondb/petitions/ig&e\\_2nddecision2006.pdf](http://www.epa.gov/petitiondb/petitions/ig&e_2nddecision2006.pdf).

**FOR FURTHER INFORMATION CONTACT:** Art Hofmeister, Air Permits Section, EPA Region 4, at (404) 562-9115 or [hofmeister.art@epa.gov](mailto:hofmeister.art@epa.gov).

**SUPPLEMENTARY INFORMATION:** The CAA affords EPA a 45-day period to review and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the State, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

Petitioners submitted the first of two petitions regarding the LG&E Trimble County Generating Station on March 2, 2006, requesting that EPA object to Revision 2 to the LG&E merged prevention of significant deterioration and title V operating permit. The second petition, regarding Revision 3 to the merged permit, was submitted on April 29, 2008. On September 10, 2008, EPA issued a "Partial Order Responding to March 2, 2006, Petition and Denying in Part and Granting in Part Request for Objection to Permit Revision 2." In the September 2008 Order, EPA explained that some issues raised in Petition 1 were affected by permit Revision 3 and also discussed in Petition 2. At this time, EPA is addressing all the remaining issues identified by Petitioners in Petitions 1 and 2.

Petitioners alleged that the permit was not consistent with the CAA for the following reasons: (1) Public participation procedures were not adequate; (2) the permit failed to include requirements for addressing green house gases; (3) the best available control technology (BACT) analysis for nitrogen oxides and sulfur dioxide was not adequate; (4) BACT for the auxiliary boiler and emergency diesel generator were not adequate; (5) BACT for support operations was not adequate; (6) BACT for particulate matter (PM) and particulate matter with a diameter less than or equal to ten micrometers (PM<sub>10</sub>) was not adequate; (7) BACT for sulfuric acid mist (SAM) was not adequate; (8) the permit failed to consider particulate

matter with a diameter less than or equal to 2.5 micrometers; (9) the permit failed to express limits in an adequate manner; (10) BACT analyses did not include clean fuels; (11) the permit lacked a maximum achievable control technology determination for mercury and other hazardous air pollutants; (12) the emission limits for SAM, PM/PM<sub>10</sub>, and mercury were not enforceable (compliance assurance monitoring concerns); and (13) the permit improperly relied on manufacturer specifications that are not included in the permit, did not identify test methods, and additional concerns regarding netting.

On August 12, 2009, the Administrator issued an Order partially granting and partially denying the petition. The Order explains EPA's rationale for granting the petition with respect to issues 4 and 8, above, and denying on the other issues.

Dated: September 14, 2009.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-8955-1; Docket ID No. EPA-HQ-ORD-2009-0115]

### Draft Toxicological Review of 1,1,2,2-Tetrachloroethane: In Support of the Summary Information in the Integrated Risk Information System (IRIS)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of public comment period and listening session.

**SUMMARY:** EPA is announcing a public comment period and a public listening session for the external review draft document titled, "Toxicological Review of 1,1,2,2-Tetrachloroethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (EPA/635/R-09/001). The draft document was prepared by the National Center for Environmental Assessment (NCEA) within the EPA's Office of Research and Development (ORD). The public comment period and the external peer-review workshop, which will be scheduled at a later date and announced in the **Federal Register**, are separate processes that provide opportunities for all interested parties to comment on the document. EPA intends to forward the public comments that are submitted in accordance with this notice to the external peer-review panel prior to the

meeting for their consideration. When finalizing the draft document, EPA intends to consider any public comments that EPA receives in accordance with this notice.

EPA is also announcing a listening session to be held on October 14, 2009, during the public comment period for this draft document. This listening session is a step in EPA's revised IRIS process, announced on May 21, 2009, to develop human health assessments for inclusion in the IRIS database. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on draft IRIS health assessments to EPA and other interested parties during the public comment period and before the external peer review meeting. EPA welcomes the scientific and technical comments that will be provided to the Agency by the listening session participants. The comments will be considered by the Agency as it revises the draft assessment in response to the independent external peer review and the public comments. All presentations will become part of the official public record.

EPA is releasing this draft document solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This document has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination.

**DATES:** The public comment period begins September 24, 2009, and ends November 23, 2009. Technical comments should be in writing and must be received by EPA by November 23, 2009.

The listening session on the draft IRIS health assessment for 1,1,2,2-tetrachloroethane will be held on October 14, 2009, beginning at 9 a.m. and ending at 4 p.m., Eastern Daylight Time. If you want to make a presentation at the listening session, you should register by October 7, 2009, indicate that you wish to make oral comments at the session, and indicate the length of your presentation. When you register, please indicate if you will need audio-visual aid (e.g., lap top and slide projector). In general, each presentation should be no more than 30 minutes. If, however, there are more requests for presentations than the allotted time allows, then the time limit for each presentation will be adjusted. A copy of the agenda for the listening session will be available at the meeting. If no speakers have registered by October 7, 2009, the listening session

will be cancelled and EPA will notify those registered of the cancellation.

Listening session participants who want EPA to share their comments with the external peer reviewers should also submit written comments during the public comment period using the detailed and established procedures described in the **SUPPLEMENTARY INFORMATION** section of this notice. Comments submitted to the docket prior to the end of the public comment period will be submitted to the external peer reviewers and considered by EPA in the disposition of public comments. All comments must be submitted to the docket, but comments received after the public comment period closes will not be submitted to the external peer reviewers.

**ADDRESSES:** The draft "Toxicological Review of 1,1,2,2-Tetrachloroethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" is available primarily via the Internet on the NCEA home page under the Recent Additions and Publications menus at <http://www.epa.gov/ncea>. A limited number of paper copies are available from the Information Management Team, NCEA; telephone: 703-347-8561; facsimile: 703-347-8691. If you are requesting a paper copy, please provide your name, mailing address, and the document title.

Comments may be submitted electronically via <http://www.regulations.gov>, by mail, by facsimile, or by hand delivery/courier. Please follow the detailed instructions as provided in the **SUPPLEMENTARY INFORMATION** section of this notice.

The listening session on the draft 1,1,2,2-Tetrachloroethane assessment will be held at the EPA offices at Two Potomac Yard (North Building), 7th Floor, Room 7100, 2733 South Crystal Drive, Arlington, Virginia 22202. To attend the listening session, register by October 7, 2009, via e-mail at [meetings@erg.com](mailto:meetings@erg.com) (subject line: 1,1,2,2-Tetrachloroethane listening session), by phone: 781-674-7374 or toll free at 800-803-2833 or by faxing a registration request 781-674-2906 (please reference the "1,1,2,2-Tetrachloroethane Listening Session" and include your name, title, affiliation, full address and contact information). Please note that to gain entrance to this EPA building to attend the meeting, attendees must have photo identification with them and must register at the guard's desk in the lobby. The guard will retain your photo identification and will provide you with a visitor's badge. At the guard's desk, attendees should give the name Christine Ross and the telephone

number, 703-347-8592, to the guard on duty. The guard will contact Ms. Ross who will meet you in the reception area to escort you to the meeting room. When you leave the building, please return your visitor's badge to the guard and you will receive your photo identification.

A teleconference line will also be available for registered attendees/speakers. The teleconference number is 866-299-3188 and the access code is 926-378-7897, followed by the pound sign (#). The teleconference line will be activated at 8:45 am, and you will be asked to identify yourself and your affiliation at the beginning of the call.

**Information on Services for Individuals with Disabilities:** EPA welcomes public attendance at the "1,1,2,2-Tetrachloroethane Listening Session" and will make every effort to accommodate persons with disabilities. For information on access or services for individuals with disabilities, please contact Christine Ross at 703-347-8592 or [ross.christine@epa.gov](mailto:ross.christine@epa.gov). To request accommodation of a disability, please contact Ms. Ross, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

**FOR FURTHER INFORMATION CONTACT:** For information on the public comment period, contact the Office of Environmental Information Docket; telephone: 202-566-1752; facsimile: 202-566-1753; or e-mail: [ORD.Docket@epa.gov](mailto:ORD.Docket@epa.gov).

For information on the public listening sessions, please contact Christine Ross, IRIS Staff, National Center for Environmental Assessment, (8601P), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone: 703-347-8592; facsimile: 703-347-8689; or e-mail: [ross.christine@epa.gov](mailto:ross.christine@epa.gov).

If you have questions about the document, contact Martin Gehlhaus, National Center for Environmental Assessment (NCEA), 1200 Pennsylvania Ave., 8601P, Washington, DC 20460; telephone: 703-347-8579; facsimile: 703-347-8689; or e-mail: [gehlhaus.martin@epa.gov](mailto:gehlhaus.martin@epa.gov).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Information About IRIS**

IRIS is a database that contains potential adverse human health effects information that may result from chronic (or lifetime) exposure to specific chemical substances found in the environment. The database (available on the Internet at <http://www.epa.gov/iris>) contains qualitative and quantitative health effects information for more than

540 chemical substances that may be used to support the first two steps (hazard identification and dose-response evaluation) of a risk assessment process. When supported by available data, the database provides oral reference doses (RfDs) and inhalation reference concentrations (RfCs) for chronic health effects, and oral slope factors and inhalation unit risks for carcinogenic effects. Combined with specific exposure information, government and private entities can use IRIS data to help characterize public health risks of chemical substances in a site-specific situation and thereby support risk management decisions designed to protect public health.

## II. How To Submit Technical Comments to the Docket at <http://www.regulations.gov>

Submit your comments, identified by Docket ID No. EPA-HQ-ORD-2009-0115 by one of the following methods:

- <http://www.regulations.gov>: Follow the online instructions for submitting comments.

- *E-mail*: [ORD.Docket@epa.gov](mailto:ORD.Docket@epa.gov).
- *Fax*: 202-566-1753.

- *Mail*: Office of Environmental Information (OEI) Docket (Mail Code: 2822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460. The phone number is 202-566-1752.

- *Hand Delivery*: The OEI Docket is located in the EPA Headquarters Docket Center, EPA West Building, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center's Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744. Such deliveries are only accepted during the docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information. If you provide comments by mail or hand delivery, please submit one unbound original with pages numbered consecutively, and three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

*Instructions*: Direct your comments to Docket ID No. EPA-HQ-ORD-2009-0115. Please ensure that your comments are submitted within the specified comment period. Comments received after the closing date will be marked "late," and may only be considered if time permits. It is EPA's policy to include all comments it receives in the public docket without change and to

make the comments available online at <http://www.regulations.gov>, including any personal information provided, unless a comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

*Docket*: All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in <http://www.regulations.gov> or in hard copy at the OEI Docket in the EPA Headquarters Docket Center.

Dated: August 21, 2009.

**Rebecca Clark,**

*Acting Director, National Center for Environmental Assessment.*

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-8957-6; Docket ID No. EPA-HQ-ORD-2009-0348]

### Draft Toxicological Review of cis- and trans-1,2-Dichloroethylene: In Support of the Summary Information in the Integrated Risk Information System (IRIS)

**AGENCY**: Environmental Protection Agency (EPA).

**ACTION**: Notice of Public Comment Period and Listening Session.

**SUMMARY**: EPA is announcing a public comment period and a public listening session for the external review draft document titled, "Toxicological Review of cis- and trans-1,2-Dichloroethylene: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (EPA/635/R-09/006). The draft document was prepared by the National Center for Environmental Assessment (NCEA) within the EPA's Office of Research and Development (ORD). The public comment period and the external peer-review workshop, which will be scheduled at a later date and announced in the **Federal Register**, are separate processes that provide opportunities for all interested parties to comment on the document. EPA intends to forward the public comments that are submitted in accordance with this notice to the external peer-review panel prior to the meeting for their consideration. When finalizing the draft document, EPA intends to consider any public comments that EPA receives in accordance with this notice.

EPA is also announcing a listening session to be held on October 19, 2009, during the public comment period for this draft document. This listening session is a step in EPA's revised IRIS process, announced on May 21, 2009, to develop human health assessments for inclusion in the IRIS database. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on draft IRIS health assessments to EPA and other interested parties during the public comment period and before the external peer review meeting. EPA welcomes the scientific and technical comments that will be provided to the Agency by the listening session participants. The comments will be considered by the Agency as it revises the draft assessment in response to the independent external peer review and the public comments. All presentations will become part of the official public record.
