I. Abstract

The Survey of Manufactured (Mobile) Home Placements collects data on the

characteristics of newly manufactured homes placed for residential use including number, sales price, location, and other selected characteristics. HUD uses the statistics to respond to a Congressional mandate in the Housing and Community Development Act of 1980, 42 U.S.C. 5424 note, which requires HUD to collect and report manufactured home sales and price information for the nation, census regions, states, and selected metropolitan areas and to monitor whether new manufactured homes are being placed on owned rather than rented lots. HUD also used these data to monitor total housing production and its affordability.

Furthermore, the Survey of Manufactured (Mobile) Home Placements serves as the basis for HUD's mandated indexing of loan limits. Section 2145 (b) of the Housing and Economic Recovery Act (HERA) of 2008 requires HUD to develop a method of indexing to annually adjust Title I manufactured home loan limits. This index is based on manufactured housing price data collected by this survey. Section 2145 of the HERA of 2008 also amends the maximum loan limits for manufactured home loans insured under Title I. HUD implemented the revised loan limits, as shown below, for all manufactured home loans for which applications are received on or after March 3, 2009.

Loan type	Purpose	Old loan limit	New loan limit
MANUFACTURED HOME IMPROVEMENT LOAN.	For financing alterations, repairs and improvements upon or in connection with existing manufactured homes.	\$17,500	\$25,090
MANUFACTURED HOME UNIT(S) LOT LOAN	To purchase or refinance a Manufactured Home unit(s)	48,600	69,678
	To purchase and develop a lot on which to place a manufactured home unit.	16,200	23,226
COMBINATION LOAN FOR LOT AND HOME.	To purchase or refinance a manufactured home and lot on which to place the home.	64,800	92,904

II. Method of Collection

The methodology for collecting information on new manufactured homes involves contacting a monthly sample of new manufactured homes shipped by manufacturers. The units are sampled from lists obtained from the Institute for Building Technology and Safety. Dealers that take shipment of the selected homes are mailed a survey form for recording the status of the manufactured home. Each successive month, the dealer is contacted by telephone and provides updated status information about the home. Contact continues until the selected home is placed.

AGENCY: Office of the Secretary, National Business Center, Aviation Management Directorate (AMD), Interior.

ACTION: Proposed Revisions to an Existing System of Records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (5 U.S.C. 552a), the Office of the Secretary, National Business Center, Aviation Management Directorate (NBC-AMD) is issuing public notice of its intent to modify an existing Privacy Act system of records, DOI-07, "Federal and Non-Federal Aviation Personnel, Equipment, and Mishap Information System." The revisions will reflect the reorganization of the old Office of Aircraft Services into the current Aviation Management Directorate, with changes in office names, locations, and contact numbers. Further updates reflect the implementation of a new electronic Interagency Aviation Accident Database (IAAD) used for querying the collection of aviation accident and incident-with-potential (IWP) reports compiled by the USDA Forest Service and NBC-AMD for trend analysis of factors contributing to aviation mishaps. It also serves a secondary function as an archive of aviation accident and IWP investigation documents.

DATES: Comments must be received by November 3, 2009.

ADDRESSES: Send written comments to the U.S. Department of the Interior, Office of the Secretary, Privacy Officer, 1951 Constitution Avenue, NW., MS 116 SIB, Washington, DC 20240. You may also e-mail comments to Linda.Thomas@nbc.gov, or fax them to (202) 219-2374. Before including your address, phone number, e-mail address, or other personal identifying

SUPPLEMENTARY INFORMATION: The NBC-AMD is proposing to amend the system notice for DOI-07, "Federal and Non-Federal Aviation Personnel, Equipment, and Mishap Information System" to reflect organizational changes. The Office of Aircraft Services was reorganized under the National Business Center as the Aviation Management Directorate. AMD's area offices were re-categorized as regional offices; locations and contact numbers were changed.

Accordingly, the NBC-AMD proposes to amend the "Federal and Non-Federal Aviation Personnel, Equipment, and Mishap Information System," DOI-07. Comments received within 40 days of publication in the **Federal Register** will be considered. The system changes will be effective as proposed at the end of the comment period unless comments are received which would require a contrary determination.
