

habitat elements, increasing shoreform diversity, establishing areas of estuarine habitat, increasing floodplain habitat and connectivity, restoring small lagoons and estuaries, increasing the amount of submerged, emergent, and riparian vegetation, replenishing and protecting beach sediments, and improving tidal exchange. If the proposed action were approved, initial construction could begin in 2014.

2. *Restoration Alternatives:* Three programmatic restoration alternatives are currently being considered and evaluated in the environmental impact statement. The No Action alternative, as required by NEPA and SEPA, would include various agencies and groups continuing to implement small-scale restoration projects within existing frameworks without the implementation of this Corps of Engineers and Washington Department of Fish and Wildlife project. Continued implementation of restoration projects would focus on reconnecting isolated habitat elements, localized shoreline revegetation, restoration of estuary features and other discrete projects as real estate and funding allows. The second alternative is to pursue restoration of Puget Sound nearshore ecosystem processes using physical actions to remove or mitigate barriers to habitat forming processes and/or create habitats that have been lost as a result of those barriers. Under this alternative, plans may be formulated, including strategic restoration, which uses change analysis data comparing current and historic conditions as a means to identify candidate restoration sites based on criteria established by an interdisciplinary team, as well as stakeholders. The third alternative focuses on non-structural means to restore nearshore processes in Puget Sound. This non-structural alternative would include actions such as education, regulation, and changes in land-use policy. These three alternatives are not final and may not be analyzed in the final EIS, as they may change and/or new alternatives may develop during the scoping and NEPA process.

3. *Scoping and Public Involvement:* Public involvement will be sought during the study in accordance with NEPA and SEPA procedures. Public meetings will be held at the beginning of the NEPA process to scope the efforts that will be undertaken to prepare the draft PEIS. The objectives of the public meetings will be to clarify issues of major concern, identify information that might be needed to analyze and evaluate impacts, obtain public input on the range and acceptability of approaches and provide further definition of

alternatives. This notice of intent formally commences the joint scoping process under NEPA and SEPA. As part of the scoping process, all affected Federal, state, and local agencies, Native American tribes, and interested private organizations, including environmental interest groups, are invited to comment on the scope of the draft PEIS. Comments are requested concerning project alternatives, mitigation measures, probable significant environmental impacts, and permits or other approvals that may be required. To date, the following impact areas have been identified and will be analyzed in depth in the draft PEIS: (1) Marine mammals, fish, and invertebrates and their habitat, (2) sediment supply, (3) wetlands and estuaries, (4) submerged, emergent, and riparian vegetation, (5) wildlife, (6) land use, (7) public safety, and (8) hydrologic connectivity. The environmental review process will be comprehensive and will integrate and satisfy the requirements of NEPA (Federal), SEPA (Washington State), and other relevant Federal, state, and local environmental laws. The public scoping period will commence on October 26, 2009 in conjunction with the first scoping meeting and will extend throughout the development of the joint NEPA/SEPA PEIS. Four scoping meetings will be held throughout the Puget Sound region from 4 p.m. to 7 p.m. The meeting dates and locations are as follows:

October 26: Highline Community College, 2400 S. 240th St., Des Moines, WA 98198.

October 28: The chapel at Fort Worden State Park, 200 Battery Way, Port Townsend, WA 98368.

November 3: Lacey Community Center, 6729 Pacific Avenue SE., in the Woodland Creek Community Park, Lacey, WA 98503.

November 10: Skagit Station, 105 E. Kincaid, Mount Vernon, WA 98273.

All Federal, State, and local agencies, Native American Tribes, other interested private organizations, and the general public are invited to participate. Public comments will be considered in development of the draft PEIS. The formal public comment period will extend until December 10, 2009.

4. *Other Environmental Review, Coordination, and Permit Requirements:* Other environmental review, coordination, and permit requirements include preparation of a Clean Water Act, Section 404(b)(1) evaluation by the Corps, and consultation among the Corps, State of Washington, U.S. Fish and Wildlife Service, and National Oceanic and Atmospheric Administration per Section 7 of the

Endangered Species Act. Coordination will be continued with the U.S. Fish and Wildlife Service to meet the requirements of the Fish and Wildlife Coordination Act and initiated with Washington Department of Ecology for Clean Water Act compliance, and with the Washington Department of Archaeology & Historic Preservation for compliance with Section 106 of the National Historic Preservation Act.

5. *Availability of the Draft PEIS:* The draft PEIS is scheduled for release during the summer of 2012 and the final PEIS is scheduled for release during the winter of 2012.

Department of Defense Historical Advisory Committee; Meeting

AGENCY: Department of the Army, DoD.

ACTION: Notice of open meeting.

SUMMARY: In accordance with Section 10(a) (2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following committee meeting:

Name of Committee: Department of the Army Historical Advisory Committee.

Date: October 22, 2009.

Time: 9 a.m. to 4:30 p.m.

Place: U.S. Army Center of Military History, Collins Hall, Building 35, 103 Third Avenue, Fort McNair, DC 20319-5058.

Proposed Agenda: Review and discussion of the status of historical activities in the United States Army.

FOR FURTHER INFORMATION CONTACT: Dr. Richard Stewart, U.S. Army Center of Military History, ATTN: AAMH-ZC, 103 Third Avenue, Fort McNair, DC 20319-5058; telephone number (202) 685-2709.

SUPPLEMENTARY INFORMATION: The committee will review the Army's historical activities for FY 2009 and those projected for FY 2010 based upon reports and manuscript received throughout the period. And the committee will formulate recommendations through the Chief of Military History to the Chief of Staff, Army, and the Secretary of the Army for advancing the use of history in the U.S. Army.

The meeting of the advisory committee is open to the public. Because of the restricted meeting space, however, attendance may be limited to those persons who have notified the Advisory Committee Management Office in writing at least five days prior to the meeting of their intention to attend the October 22, 2009, meeting. Notifications should be addressed to the Executive Secretary of the committee, Dr. William Stivers, at the U.S. Army Center of Military History, 103 Third Avenue, Fort Lesley J. McNair, DC 20319-5058.

Any member of the public may file a written statement with the committee before, during, or after the meeting. Such statements may be sent to the Executive Secretary of the committee at the address shown in the paragraph above. To the extent that time permits, the committee chairman may allow public presentations or oral statements at the meeting.

Dated: September 21, 2009.

Availability for Non-Exclusive, Exclusive, or Partially Exclusive Licensing of U.S. Provisional Patent Application Concerning Novel Use and Method of Rapamycin To Treat Toxic Shock

AGENCY: Department of the Army, DoD.

ACTION: Notice.

SUMMARY: Announcement is made of the availability for licensing of the invention set forth in U.S. Provisional Patent Application Serial No. 61/231,348 entitled "Novel Use and Method of Rapamycin to Treat Toxic Shock," filed August 5, 2009. The United States Government, as represented by the Secretary of the Army, has rights to this invention.

ADDRESSES: Commander, U.S. Army Medical Research and Materiel Command, ATTN: Command Judge Advocate, MCMR-JA, 504 Scott Street, Fort Detrick, Frederick, MD 21702-5012.

FOR FURTHER INFORMATION CONTACT: For patent issues, Ms. Elizabeth Arwine, Patent Attorney, (301) 619-7808. For licensing issues, Dr. Paul Mele, Office of Research and Technology Assessment, (301) 619-6664, both at telefax (301) 619-5034.

SUPPLEMENTARY INFORMATION: The invention relates to the use of Rapamycin as a treatment of toxic shock induced by staphylococcal exotoxins; more specifically, staphylococcal enterotoxins that are potent activators for human T cells and can cause lethal shock.
