

located at the former Chanute Air Force Base, 601 S. Century Boulevard, Rantoul; and, *Proposed Site 8* (333 acres) -- Logistics Park Galesburg, 659 Knox Road 1440N (U.S. 150 East and I-74), Galesburg. The proposal would result in an overall net increase of 676 acres in total zone space. The proposed sites will provide warehousing and distribution services to area businesses. No specific manufacturing authority is being requested at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address listed below. The closing period for their receipt is May 12, 2009. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to May 27, 2009).

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz. Foreign-Trade Zones Board

[Docket 8-2009]

Review of Sourcing Change, Foreign-Trade Subzone 7M, Amgen Manufacturing Limited (Biotechnology and Healthcare Products), Juncos, Puerto Rico

Pursuant to the regulations of the Foreign-Trade Zones (FTZ) Board (the Board), a review has been initiated (under 15 CFR Sec. 400.28(a)(3)(iii)(A)) of changes in sourcing related to certain packaging products at Foreign-Trade Subzone 7M, at the facility of Amgen

Manufacturing Limited (Amgen), in Juncos, Puerto Rico.

Subzone 7M was approved by the Board on December 11, 2008 (Board Order 1597, 73 FR 78290-78291, 12/22/08), for the manufacturing and distribution of biotechnology and healthcare products under FTZ procedures. On products shipped to the U.S. market, the company is able to choose the duty rate during customs entry procedures that applies to the finished products (duty-free) for the otherwise dutiable foreign components (duty-free to 2.7%). Components sourced from abroad include vials, syringes, stoppers, plunger rods, partitions and dispenser packs.

Amgen has now notified the Board of additional sourcing of foreign packaging components. The imported components are PVC film (duty rate 5.8%) and a plastic device to be used with a syringe in the self-injection process (duty rate, 5.3%). The use of FTZ procedures for the additional components could exempt Amgen from customs duty payments on the foreign components used in export production. The company estimates that some 48 percent of the plant's shipments are exported. On its domestic sales, Amgen would be able to choose the duty rate during customs entry procedures that applies to the finished pharmaceutical products (duty-free) for the foreign inputs noted above. The finished pharmaceutical products remain unchanged and were included in the scope of manufacturing authority approved by the FTZ Board.

In accordance with the Board's regulations, Elizabeth Whiteman is designated examiner to investigate the sourcing change, including its potential to cause "significant adverse effects" (15 CFR 400.28(a)(3)(iii)(A)), and report to the Board. Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 13, 2009. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 27, 2009.

A copy of the sourcing change notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

Refined Brown Aluminum Oxide from the People's Republic of China: Notice of Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.
SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (ITC) that revocation of the antidumping duty order on refined brown aluminum oxide (RBAO) from the People's Republic of China (PRC) would be likely to lead to continuation or recurrence of dumping and of material injury to an industry in the United States within a reasonably foreseeable time, the Department is publishing notice of the continuation of this antidumping duty order.

EFFECTIVE DATE: March 13, 2009.

FOR FURTHER INFORMATION CONTACT: David Goldberger, Katherine Johnson, or Brandon Farlander, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4136, (202) 482-4929, and (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2008, the Department initiated and the ITC instituted a sunset review of the antidumping duty order on RBAO from the PRC, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See Initiation of Five-year ("Sunset") Reviews 73 FR 57055 (October 1, 2008).

The Department conducted an expedited sunset review of this order. As a result of its review, the Department found that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail were the order to be revoked. See Refined Brown Aluminum Oxide

from the People's Republic of China: Final Results of Expedited Sunset Review, 74 FR 4138 (January 23, 2009). On March 6, 2009, the ITC published its determination pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on RBAO from the PRC would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See Refined Brown Aluminum Oxide from China; Determination, 74 FR 9830 (March 6, 2009).

Scope of the Order

The merchandise covered by this order is ground, pulverized or refined brown artificial corundum, also known as brown aluminum oxide or brown fused alumina, in grit size of 3/8 inch or less. Excluded from the scope of the order is crude artificial corundum in which particles with a diameter greater than 3/8 inch constitute at least 50 percent of the total weight of the entire batch. The scope includes brown artificial corundum in which particles with a diameter greater than 3/8 inch constitute less than 50 percent of the total weight of the batch. The merchandise under investigation is currently classifiable under subheadings 2818.10.20.00 and 2818.10.20.90 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise covered by the order is dispositive.

Continuation

As a result of the determinations by the Department and the ITC that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on RBAO from the PRC.

U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of continuation of this order will be the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of this order not later than February 2014.

This five-year (sunset) review and this notice are in accordance with sections 751(c) and 777(i)(1) of the Act.

Dated: March 9, 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.

Refined Brown Aluminum Oxide from the People's Republic of China: Notice of Extension of Time Limit for the Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 13, 2009.

FOR FURTHER INFORMATION CONTACT:

David Goldberger or Kate Johnson at (202) 482-4136 or (202) 482-4929, respectively, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 2008, the Department of Commerce (the Department) published the preliminary results of the 2006-2007 administrative review of the antidumping duty order on refined brown aluminum oxide (RBAO) from the People's Republic of China (PRC) covering the period November 1, 2006, to October 31, 2007. See *Refined Brown Aluminum Oxide from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review*, 73 FR 72767 (December 1, 2008). The final results for this administrative review are currently due no later than March 31, 2009, 120 days from the date of publication of the preliminary results of review.

Extension of Time Limit of Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires that the Department issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the deadline for the final results to a maximum of 180 days after the date on which the preliminary results are published.

The Department requires additional time to analyze the interested party comments concerning the issue of the appropriate surrogate value for the major raw material input in the production of RBAO. Thus, it is not practicable to complete this review within the original time limit. Therefore, the Department is extending the time limit for completion of the final results of this review by 60 days, in accordance with section 751(a)(3)(A) of the Act. Accordingly, the final results are now due no later than June 1, 2009, the next business day after 180 days from the date of publication of the preliminary results of review.

This notice is published pursuant to sections 751(a)(3)(A) and 777(i) of the Act.

Dated: March 9, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
