SUPPLEMENTARY INFORMATION:

A. Background

A proposed rule was published in the *Federal Register* at 74 FR 30493 on June 26, 2009. Three changes were proposed. One proposed change, removing the exchange/sale prohibition on aircraft and airframe structural components subject to certain conditions, received several comments. GSA is considering those comments and has decided not to go forward with that change at this time.

Another proposed change considered removing the prohibition on using scrap property in an exchange/sale transaction when the property had utility and value at the point in time when a determination was made to use the exchange/sale authority, thus addressing situations where the dismantling of property rendered it as “scrap”, but where replacement of property similar to the originally-configured property is still required. Only one substantive comment was received regarding that proposed

change. The commenter suggested that property which has been coded as scrap because of damage caused by, for example, natural disaster or accident, should also be eligible for exchange/sale. GSA agrees with that comment, and has addressed it in the final rule.

The third proposed change was editorial in nature. GSA received no comments regarding it.

B. Executive Order 12866

This final rule is excepted from the definition of “regulation” or “rule” under Section 3(d)(3) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993 and, therefore, was not subject to review under Section 6(b) of that executive order.

C. Regulatory Flexibility Act

This final rule is not required to be published in the *Federal Register* for comment. Therefore, the Regulatory Flexibility Act does not apply.

D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FMR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

E. Small Business Regulatory Enforcement Fairness Act

This final rule is exempt from Congressional review under 5 U.S.C. 801 since it relates solely to agency management and personnel.
