## SUPPLEMENTARY INFORMATION:

## I. Background

In FR Doc. E9-26502 of November 25, 2009 (74 FR 61738) (hereinafter referred to as the CY 2010 PFS final rule with comment period), there were a number of technical and typographical errors. Some of these errors were corrected in FR Doc. E9-29256 of December 10, 2009 (74 FR 65449) (hereinafter referred to as the December 10, 2009 correction notice).

We note that on December 19, 2009, the Department of Defense

Appropriations Act, 2010 (Pub. L. 111118) was signed into law. Section 1011 of Pub. L. 111-118 provided a 2-month zero percent update to the CY 2010 Medicare physician fee schedule (PFS) effective only for dates of service from January 1, 2010 through February 28, 2010. Further, on March 2, 2010, the Temporary Extension Act of 2010 (Pub. L. 111-144) was signed into law. Section 2 of Pub. L. 111-144 extended through March 31, 2010 the zero percent update to the PFS that was in effect for claims with dates of service from January 1, 2010 through February 28, 2010. In addition, on April 15, 2010, the Continuing Extension Act of 2010 (Pub. L. 111-157) was signed into law. Section 4 of Pub. L. 111-157 extended through May 31, 2010 the zero percent update to the PFS that was in effect for claims with dates of services from
January 1, 2010 through March 31, 2010.
The provisions of this notice are effective as if they had been included in the CY 2010 PFS final rule with comment period. Accordingly, the corrections are effective January 1, 2010.

## II. The December 10, 2009 Correction Notice

## A. Summary of Errors in the December 10, 2009 Correction Notice

On page 65450, we are correcting the figure for the CY 2010 CF by substituting the CF that should have been included in the CY 2010 PFS final rule with comment period. Under the current statute, this CF is effective for services furnished from June 1, 2010 through December 31, 2010. This correction to the CF results from corrections to the practice expense (PE) and malpractice (MP) relative value units (RVUs) to align their values with the final CY 2010 PFS policies for PE and MP RVUs, taking into consideration comments from the public and our further review following display of the final rule with comment period. We are also correcting the note referencing the CF used in Table 1: Calculation of PE RVUs under Methodology for Selected Codes.

On pages 65451 and 65452, we are replacing Table 1: Calculation of PE RVUs under Methodology for Selected Codes.

On page 65453, we are correcting the figures for the CY 2010 PFS CF and national anesthesia CF for the reasons indicated above. We are also correcting the discussion concerning the CY 2010 CF for the reasons indicated above. We are also correcting Table 44 concerning the CY 2010 CF budget neutrality adjustment and CY 2010 CF to reflect the net impact of the RVU changes discussed in this correction notice on the CF. In Table 45, we are correcting the lines concerning the CY 2010 anesthesia adjustment and the CY 2010 anesthesia CF contained in the table for the reasons indicated above. We are replacing Table 50 entitled "Impact of the Final Rule with Comment Period and Estimated Physician Update on 2010 Payment for Selected Procedures" in its entirety to correct the payment amounts for CY 2010. The corrections to Table 50 also reflect the removal of CPT code 78465-26, Heart image (3d), multiple, which was inadvertently included. This is not a procedure commonly furnished by a broad spectrum of physician specialties, the criterion for inclusion in Table 50.

On page 65455, we are correcting the CY 2010 payment amounts associated with CPT code 99203 for the reasons indicated above.

## B. Correction of Errors in the December 10, 2009 Correction Notice

## III. The CY 2010 PFS Final Rule With Comment Period

A. Summary of Errors in the CY 2010 PFS Final Rule With Comment Period

On page 61760, we are correcting typographical errors in the list of codes that have the surgical risk factor assigned for CY 2010.

On page 61808, we are removing reference to Medicare Part A.

On pages 61822 through 61826, we are correcting typographical errors in the titles of six Physician Quality Reporting Initiative (PQRI) measures listed in Table 11: 2010 Measures Selected from the 2009 PQRI Quality Measure Set Available for Either Claimsbased Reporting or Registry-based Reporting.

On page 61827, we are correcting a typographical error in the title of one PQRI measure listed in Table 12: 2010 Measures Selected from the 2009 PQRI Quality Measure Set Available for Registry-based Reporting Only.

On page 61842, we are correcting a typographical error in the title of one PQRI measure and the Measure Developer for two PQRI measures listed in Table 28: Measures for Physician Groups Participating in the 2010 PQRI Group Practice Reporting Option.

On page 61883, in the first column in the second paragraph, we are correcting a typographical error in the third response.

On page 61956, we are adding a discussion of CPT code 92520, Laryngeal function studies, that was inadvertently omitted.

On page 61957, we are correcting Table 31: Additions to the Physician Self-Referral List of CPT¹/HCPCS Codes to include CPT code 92520, Laryngeal function studies.

On pages 61983 and 61984, we are replacing Table 49: CY 2010 Total Allowed Charge Impact for Work, Practice Expense, and Malpractice Changes in its entirety to correct the impacts for CY 2010.

On pages 62017 through 62146, technical errors result in corrections to the work and/or PE and/or MP RVUs for certain existing and new and revised CY 2010 CPT codes in both Addendum B: Relative Value Units and Related Information Used in Determining Medicare Payments for 2010 and Addendum C: Codes With Interim RVUs. The PE corrections are made to ensure that the values are consistent with our interim acceptance of the American Medical Association (AMA) Relative (Value) Update Committee (RUC) recommendations for these codes as stated in the CY 2010 PFS final rule with comment period (74 FR 61955). We are also correcting the budget neutrality factor associated with the elimination of the use of the facility consultation codes to reflect the final rule policy. These include the following:

- CY 2010 New and Revised Codes: PE Corrections-The PE RVUs for 27 CPT codes are corrected due to technical errors. In the CY 2010 final rule with comment period, we provided interim acceptance of the RUC PE recommendations for the following CPT codes: 14301, 51728, 51728-TC, 51729, 51729-TC, 64490, 64491, 64492, 64493, 64494, 64495, 75571, 75571-TC, 75572, 75572-TC, 75573, 75573-TC, 75574, 75574-TC, 78451, 78451-TC, 78452, 78452-TC, 78453, 78453-TC, 78454, and 78454-TC. However, due to technical errors, we did not apply the correct PE values to these codes in Addendum B. The PE RVUs in Addendum B reflect these corrections.
- Malpractice Corrections-There were technical errors in the MP RVUs for certain codes, primarily due to the assignment of risk factors associated with technical component (TC) services and the assignment of risk factors to selected codes that were inconsistent with the policies described in the CY 2010 PFS final rule with comment period or the prior policies left unchanged by the final rule. The MP RVUs in Addendum B reflect these corrections.
- Other Corrections-
++ On pages 62017 through 62143 we are correcting a typographical error in the title of the last column in Addendum B.
++ On pages 62017 through 62143 we are correcting typographical errors in
the global period information for CPT¹/ HCPCS codes 0016T through 23472.
++ On page 62023, the work RVUs for CPT code 19340 are corrected due to a technical error.
++ On page 62059, the work RVUs for CPT code 42145 are corrected due to a technical error.

On pages 62150, 62151, 62153, 62156, 62159, 62161, and 62170 of Addendum G: CY 2010 ESRD Wage Index for Urban Areas Based on CBSA Labor Market Areas, the wage index values for eight CBSAs are corrected. In order to be consistent with the accurate CY 2010 wage index values provided in the ESRD PRICER, we have corrected the CY 2010 wage index table values in this correction notice.

On page 62178 of Addendum I: List of CPT¹/HCPCS used to Define Certain Designated Health Categories ${ }^{2}$ under Section 1877 of the Social Security Act, we are adding CPT 92520, Laryngeal function studies.

## B. Correction of Errors in the CY 2010 <br> PFS Final Rule With Comment Period

In FR Doc. E9-26502 of November 25, 2009 (74 FR 61738), make the following corrections:

* Does not include the impact of the current statute CY 2010 negative update except as applied in the OPPS imaging cap comparison (see next footnote). Rows may not sum to total due to rounding.
** Note: The statute caps the PFS imaging payment amount at the comparable payment amount in the hospital outpatient prospective payment system (OPPS) cap. In the absence of the negative update under current statute for CY 2010 PFS, the proposed fully implemented PE change to the equipment utilization rate for expensive diagnostic equipment from 50 percent to 90 percent would increase expenditures by less than 1 percent due to a loss of savings from the OPPS cap.

## IV. Waiver of Proposed Rulemaking and Delay in Effective Date

We ordinarily publish a notice of proposed rulemaking in the Federal Register to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive the notice and comment procedure if the Secretary finds, for
good cause, that the notice and comment process is impracticable, unnecessary, or contrary to the public interest, and incorporates a statement of the finding and the reasons for it in the rule.

Section 553(d) of the APA ordinarily requires a 30 -day delay in the effective date of final rules after the date of their publication. This 30-day delay in effective date can be waived, however, if an agency finds for good cause that the delay is impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings and its reasons in the rule issued.

This document merely corrects typographical and technical errors made in FR Doc. E9-26502, the CY 2010 PFS final rule with comment period (74 FR 61738) and in FR Doc. E9-29256, the December 10, 2009 correction notice ( 74 FR 65449), and is (with limited exceptions not relevant to these corrections, but noted in the rule), effective on January 1, 2010. The provisions of the final rule with comment period have been subjected previously to notice and comment procedures. The corrections contained in this document are consistent with, and do not make substantive changes to, the payment methodologies and policies adopted in the CY 2010 PFS final rule
with comment period. As such, these corrections are being made to ensure the CY 2010 PFS final rule with comment period accurately reflects the policies adopted in that rule. Therefore, we find for good cause that it is unnecessary and would be contrary to the public interest to undertake further notice and comment procedures to incorporate these corrections into the CY 2010 PFS final rule with comment period.

For the same reasons, we are also waiving the 30-day delay in effective date for these corrections. We believe that it is in the public interest to ensure that the CY 2010 PFS final rule with comment period accurately states our policies as of the date they take effect. Therefore, we find that delaying the effective date of these corrections beyond the effective date of the final rule with comment period would be contrary to the public interest. In so doing, we find good cause to waive the 30-day delay in the effective date.
