BILLING CODE 3410-11-M

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Charter Renewals

ACTION: Notice of Renewal of the Advisory Committee on Commercial Remote Sensing Charter.

SUMMARY: In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App 2, and the General Services Administration (GSA) rule on Federal Advisory Committee Management, 41 CFR Part 101-6, and after consultation with GSA, the Secretary of Commerce has determined that the renewal of the Advisory Committee on Commercial Remote Sensing (ACCRES) is in the public interest in connection with the performance of duties imposed on the Department by law. The ACCRES Charter was renewed on April 1, 2010.

SUPPLEMENTARY INFORMATION: The Committee was first established in May 2002, to advise the Under Secretary of Commerce for Oceans and Atmosphere on matters relating to the U.S. commercial remote-sensing industry and NOAA's activities to carry out the responsibilities of the Department of Commerce set forth in the Land Remote Sensing Policy Act of 1992 (15 U.S.C. Secs. 5621-5625).

ACCRES will have a fairly balanced membership consisting of approximately 9 to 15 members serving in a representative capacity. All members should have expertise in remote sensing, space commerce or a related field. Each candidate member shall be recommended by the Assistant Administrator of the National Environmental Data and Information Service (NESDIS) and shall be appointed by the Under Secretary for a term of two years serving at the discretion of the Under Secretary.

The Committee will function solely as an advisory body, and in compliance with provisions of the Federal Advisory Committee Act. Copies of the Committee's revised Charter have been filed with the appropriate committees of the Congress and with the Library of Congress.

FOR FURTHER INFORMATION CONTACT: David Hasenauer, Program Analyst,

Commercial Remote Sensing Regulatory Affairs Office, NOAA Satellite and Information Services, 1335 East West Highway, Room 8119, Silver Spring, Maryland 20910; telephone (301) 713-1644, e-mail

David.Hasenauer@noaa.gov.

Jane D'Aguanno,

Director, NOAA Commercial Remote Sensing, Regulatory Affairs.

Certain Crepe Paper Products From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* May 13, 2010.

SUMMARY: As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on certain crepe paper products from the People's Republic of China ("PRC") would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Alexis Polovina, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3927.

SUPPLEMENTARY INFORMATION: On December 1, 2009, the Department published the notice of initiation of the sunset review of the antidumping duty order on certain crepe paper products from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). *See Initiation of Five-Year ("Sunset") Review*, 74 FR 62748 (December 1, 2009).

As a result of its review, the Department determined that revocation of the antidumping duty order on certain crepe paper products from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. *See Certain Crepe Paper Products From the People's*

Republic of China: Final Results of Expedited Sunset Review of Antidumping Duty Order, 75 FR 15415 (March 29, 2010).

On April 30, 2010, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on certain crepe paper from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable future. *See Crepe Paper Products From China Determination*, 75 FR 24968 (May 6, 2010), and USITC Publication 4148 (April 2010), *Crepe Paper Products from China: Investigation No. 731-TA-1070A (Review)*.

Scope of the Order

For purposes of the order, the term "certain crepe paper" includes crepe paper products that have a basis weight not exceeding 29 grams per square meter prior to being creped and, if appropriate, flame-proofed. Crepe paper has a finely wrinkled surface texture and typically but not exclusively is treated to be flame-retardant. Crepe paper is typically but not exclusively produced as streamers in roll form and packaged in plastic bags. Crepe paper may or may not be bleached, dye colored, surface-colored, surface decorated or printed, glazed, sequined, embossed, die-cut, and/or flame retardant. Subject crepe paper may be rolled, flat or folded, and may be packaged by banding or wrapping with paper, by placing in plastic bags, and/or by placing in boxes for distribution and use by the ultimate consumer. Packages of crepe paper subject to this order may consist solely of crepe paper of one color and/or style, or may contain multiple colors and/or styles. The merchandise subject to this order does not have specific classification numbers assigned to them under the Harmonized Tariff Schedule of the United States ("HTSUS"). Subject merchandise may be under one or more of several different HTSUS subheadings, including: 4802.30; 4802.54; 4802.61; 4802.62; 4802.69; 4804.39; 4806.40; 4808.30; 4808.90; 4811.90; 4818.90; 4823.90; 9505.90.40. The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of this order is dispositive.

Continuation of the Order

As a result of these determinations by the Department and the ITC that revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping

and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping order on certain crepe paper from the PRC. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: May 7, 2010.

Ronald K. Lorentzen,
Deputy Assistant Secretary, for Import Administration.

Mid-Atlantic Fishery Management Council; Spiny Dogfish Amendment 3 Scoping Process

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent to prepare an Environmental Impact Statement (EIS); request for comments.

SUMMARY: The Mid-Atlantic and New England Fishery Management Councils (Councils), in cooperation with NMFS, announce that they may address two issues that were not noted in the initial Notice of Intent (NOI) for Amendment 3 to the Spiny Dogfish Fishery Management Plan (FMP). This notice announces a public process to solicit scoping comments on the two additional issues, which relate to Essential Fish Habitat (EFH) designations and commercial quota management. The scoping comment period for issues previously announced for Amendment 3 to the Spiny Dogfish Fishery Management Plan (FMP) closed on September 4, 2009. Please focus comments on these two additional issues not listed in the original NOI.

DATES: Written comments must be received on or before 5 p.m., EST, on June 1, 2010.

ADDRESSES: Written comments may be sent by any of the following methods:

- E-mail to the following address: dogfish3@noaa.gov. Please note on your correspondence and in the subject line of e-mail comments the following identifier: "Spiny Dogfish Amendment 3—Additional Scoping Comments.";
- Mail or hand deliver to Daniel T. Furlong, Executive Director, Mid-Atlantic Fishery Management Council, Suite 201, 800 N. State Street, Dover, DE 19901. Mark the outside of the envelope "Spiny Dogfish Amendment 3—Additional Scoping Comments"; or
- Fax to (302) 674-5399.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel T. Furlong, Mid-Atlantic Fishery Management Council, Suite 201, 800 N. State Street, Dover, DE 19901, (telephone 302-674-2331).

SUPPLEMENTARY INFORMATION: The initial NOI was published in the **Federal Register** on August 5, 2009 (74 FR 39063). This NOI solicited comments for the following issues to be addressed in Amendment 3: Including a Research-

Set-Aside (RSA) provision in the FMP, reviewing various commercial quota allocation alternatives, specifying the spiny dogfish quota and/or trip limits by sex, creating a limited access spiny dogfish permit, and developing management measures for the recreational spiny dogfish fishery. Since the initial scoping meetings, two additional issues have been identified for consideration in this Amendment:

1) Identify the geographic extent and ecological characteristics of EFH for spiny dogfish, and evaluate impacts of the spiny dogfish fishery on EFH for all federally managed species in the Northeast region. Amendment 3 will include revisions to EFH designations and the fishing impact analysis that were originally done in the 1999 FMP. It will also include any new information on non-fishing-related activities that may adversely impact spiny dogfish EFH, any appropriate habitat conservation and enhancement recommendations, revisions to the descriptions of prey species and their habitats, and a list of research and information needs. It could also identify Habitat Areas of Particular Concern for spiny dogfish, if appropriate.

2) Rollover of Annual Management Measures: Annual management measures are specified for each spiny dogfish fishing year (May 1 through April 30). If there is a delay in the development of annual management measures for spiny dogfish, the FMP does not currently specify that measures, such as the commercial quota, would continue in effect from one fishing year to the next. The Council is considering modifying the FMP to allow measures to remain in effect at the start of any fishing year if new management measures have not yet been specified for that year.

The scoping document for Amendment 3 has been modified to accommodate these two additional issues and may be obtained from the Council office (see **ADDRESSES**), or by request to the Council by telephone (302) 674-2331, or via the Internet at <http://www.mafmc.org/mid-atlantic/comments/comments.htm>.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 10, 2010

James P. Burgess,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
