

III. Data

OMB Control Number: 0648–0151.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Non-profit institutions; state, local, or tribal government; business or other for-profit organizations.

Estimated Number of Respondents: 71.

Estimated Time per Response: 339 hours for an Incidental Harassment Authorization (IHA) application; 310 hours for an IHA interim report (if applicable); 422 hours for an IHA draft annual report; 163 hours for an IHA final annual report (if applicable); 1,100 hours for the initial preparation of an application for new regulations; 70 hours for an annual Letter of Authorization (LOA) application; 220 hours for a LOA draft annual report; 65 hours for a LOA final annual report (if applicable); 625 hours for a LOA draft comprehensive report; and 300 hours for a LOA final comprehensive report (if applicable). Response times will vary for the public based upon the complexity of the requested action.

Estimated Total Annual Burden Hours: 27,814.

Estimated Total Annual Cost to Public: \$358,000 in capital costs (if applicable) and \$3,575 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 10, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; Highly Migratory Species Dealer Reporting Family of Forms**

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before July 13, 2010.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Craig Cockrell, (301) 713–2347 or Craig.Cockrell@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

Under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), the National Marine Fisheries Service (NMFS) is responsible for management of the Nation's marine fisheries. NMFS must also carry out, as necessary and appropriate, obligations the United States undertakes internationally regarding tuna management through the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*). NMFS must collect domestic landings data for Atlantic highly migratory species (HMS) via dealer reports in order to provide information vital for fishery management. In addition, the United States must monitor the import, export, and re-export of bluefin tuna, frozen bigeye tuna, and swordfish in order to comply with international obligations established through membership in the International Commission for the Conservation of Atlantic Tunas (ICCAT). ICCAT has implemented a trade monitoring program for bluefin tuna, frozen bigeye

tuna, and swordfish to discourage illegal, unregulated, and unreported fishing activities as well as to further understand catches of and international trade in these species. Similar objectives are the basis for the Southern bluefin tuna (BFT) trade monitoring program established by the Commission for the Conservation of Southern Bluefin Tuna (CCSBT). Although the United States is not a member of the CCSBT, effective management of the Southern bluefin tuna resource is in the best interest of affected parties in the United States. Thus, the United States has implemented the CCSBT trade monitoring program, along with the analogous ICCAT programs.

This collection serves as a family of forms for Atlantic HMS dealer reporting requirements, including for the purchase of HMS from fishermen, and the import, export, and/or re-export of HMS.

II. Method of Collection

Information is submitted via mail or fax.

III. Data

OMB Control Number: 0648–0040.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 1,456.

Estimated Time per Response: 5 minutes each for catch and statistical documents and re-export certificates; 1 minute for tagging; 2 hours for validation; 15 minutes for HMS International Trade biweekly report; 15 minutes for Southeast Region HMS biweekly dealer report and Northeast Region trip tickets; 3 minutes for Southeast Region HMS biweekly dealer negative reporting; 15 minutes for Atlantic BFT biweekly dealer report; 2 minutes for Atlantic BFT landing cards.

Estimated Total Annual Burden Hours: 6,794.

Estimated Total Annual Cost to Public: \$11,612 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the

burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 10, 2010.

Certain Hot-Rolled Carbon Steel Flat Products from India: Notice of Final Results of Antidumping Duty Administrative Review and Rescission of Administrative Review in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On January 8, 2010, the Department of Commerce (“the Department”) published the preliminary results of the antidumping duty administrative review for certain hot-rolled carbon steel flat products from India (“Indian Hot-Rolled”). See *Certain Hot-Rolled Carbon Steel Flat Products from India: Notice of Preliminary Results of Antidumping Duty Administrative Review, and Intent to Rescind in Part*, 75 FR 1031 (January 8, 2010) (“Preliminary Results”). The review covers one respondent, Essar Steel Limited (“Essar”). The period of review (“POR”) is December 1, 2007, through November 30, 2008. We invited parties to comment on our Preliminary Results. We did not receive any comments and we have made no changes for the final results of review.

EFFECTIVE DATE: May 14, 2010.

FOR FURTHER INFORMATION CONTACT: Joy Zhang or James Terpstra, AD/CVD Operations Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1168 and (202) 482-3965, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 8, 2010, the Department published the *Preliminary Results*. Since the *Preliminary Results*, we have not received any comments from interested parties.

Scope of the Order

The merchandise subject to this order is certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of this order.

Specifically included in the scope of this order are vacuum-degassed, fully stabilized (commonly referred to as interstitial-free “IF”) steels, high-strength low-alloy (“HSLA”) steels, and the substrate for motor lamination steels. IF steels are recognized as low-carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as columbium), or both, added to stabilize carbon and nitrogen elements. HSLA steels are recognized as steels with micro-alloying levels of elements such as chromium, copper, niobium, vanadium, and molybdenum. The substrate for motor lamination steels contains micro-alloying levels of elements such as silicon and aluminum.

Steel products included in the scope of this order, regardless of definitions in the Harmonized Tariff Schedule of the United States (“HTSUS”), are products in which: i) iron predominates, by weight, over each of the other contained elements; ii) the carbon content is 2 percent or less, by weight; and iii) none of the elements listed below exceeds the quantity, by weight, respectively indicated:

- 1.80 percent of manganese, or
- 2.25 percent of silicon, or
- 1.00 percent of copper, or
- 0.50 percent of aluminum, or
- 1.25 percent of chromium, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 1.25 percent of nickel, or

- 0.30 percent of tungsten, or
- 0.10 percent of molybdenum, or
- 0.10 percent of niobium, or
- 0.15 percent of vanadium, or
- 0.15 percent of zirconium.

All products that meet the physical and chemical description provided above are within the scope of this order unless otherwise excluded. The following products, by way of example, are outside or specifically excluded from the scope of this order:

* Alloy hot-rolled carbon steel products in which at least one of the chemical elements exceeds those listed above (including, *e.g.*, American Society for Testing and Materials (“ASTM”) specifications A543, A387, A514, A517, A506).

* Society of Automotive Engineers (“SAE”)/American Iron & Steel Institute (“AISI”) grades of series 2300 and higher.

* Ball bearings steels, as defined in the HTSUS.

* Tool steels, as defined in the HTSUS.

* Silico-manganese (as defined in the HTSUS) or silicon electrical steel with a silicon level exceeding 2.25 percent.

* ASTM specifications A710 and A736.

* United States Steel (“USS”) Abrasion-resistant steels (USS AR 400, USS AR 500).

* All products (proprietary or otherwise) based on an alloy ASTM specification (sample specifications: ASTM A506, A507).

* Non-rectangular shapes, not in coils, which are the result of having been processed by cutting or stamping and which have assumed the character of articles or products classified outside chapter 72 of the HTSUS.

The merchandise subject to this order is currently classifiable in the HTSUS at subheadings: 7208.10.15.00, 7208.10.30.00, 7208.10.60.00, 7208.25.30.00, 7208.25.60.00, 7208.26.00.30, 7208.26.00.60, 7208.27.00.30, 7208.27.00.60, 7208.36.00.30, 7208.36.00.60, 7208.37.00.30, 7208.37.00.60, 7208.38.00.15, 7208.38.00.30, 7208.38.00.90, 7208.39.00.15, 7208.39.00.30, 7208.39.00.90, 7208.40.60.30, 7208.40.60.60, 7208.53.00.00, 7208.54.00.00, 7208.90.00.00, 7211.14.00.90, 7211.19.15.00, 7211.19.20.00, 7211.19.30.00, 7211.19.45.00, 7211.19.60.00, 7211.19.75.30, 7211.19.75.60, and 7211.19.75.90.

Certain hot-rolled carbon steel covered by this order, including: vacuum-degassed fully stabilized; high-strength low-alloy; and the substrate for motor lamination steel may also enter under
