

impediments to and to perfect the mechanism for a free and open market and a national market system by having strike price intervals and trading hours established prior to the commencement of trading in options on Index-Linked Securities and thereby lessening the likelihood for investor confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that doing so is consistent with the protection of investors and the public interest. The Commission notes that it recently approved the same changes to strike price intervals and trading hours for options on Index-Linked Securities for another exchange.¹¹ The Commission believes that the proposed changes to strike price intervals and

trading hours for options on Index-Linked Securities do not raise any novel regulatory issues, and waiver of the operative delay should benefit investors by creating consistency and predictability for investors who may view these products as serving similar investment functions in the marketplace to ETFs. Therefore, the Commission designates the proposal operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to change the rates for orders routed to the NYSE in conjunction with similar pricing changes the NYSE is making operative from May 1, 2010. Under this proposal, the Tier 1 and Tier 2 rate for orders routed to the NYSE will be \$0.0021 per share. Previously the rate was set at \$0.0018 per share. Similarly, the non-tier rate for routing to the NYSE will go from \$0.0020 per share to \$0.0023 per share. The Exchange also proposes to change the rates for PO+ orders routed to the NYSE in Tape A securities. Under this proposal, the rebate for PO+ Orders that provide liquidity to the Book is \$0.0013 per share and the fee for removing liquidity is \$0.0021 per share. Previously the rebate for PO+ Orders providing liquidity was \$0.0010 per share and the fee for removing liquidity was \$0.0018 per share. Finally, the Exchange proposes to change the rates for Primary Sweep Orders ("PSO") in Tape A securities. Under this proposal, the fee for routing a PSO Order to the NYSE in Tape A securities will be 0.0019 per share. Previously the fee was set at \$0.0016 per share.

The proposed changes coincide with the pricing changes that the NYSE is making operative from May 1, 2010. The Exchange believes the proposed fees are reasonable and equitable in that they apply uniformly to all similarly situated ETP Holders. The proposed changes

will also become operative on May 1, 2010.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b) of the Securities Exchange Act of 1934 (the "Act"),⁴ in general, and Section 6(b)(4) of the Act,⁵ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The proposed changes coincide with the pricing changes that the NYSE is making. The proposed changes to the Schedule are reasonable and equitable in that they apply uniformly to all similarly situated ETP Holders.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁶ of the Act and subparagraph (f)(2) of Rule 19b-4⁷ thereunder, because it establishes a due, fee, or other charge imposed by NYSE Arca on its members.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
