

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE-EM and site management in the areas of environmental restoration, waste management, and related activities.

Tentative Agenda: The main meeting presentation will be Long-Term Stewardship for Contaminated Areas on the Oak Ridge Reservation.

Public Participation: The EM SSAB, Oak Ridge, welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Patricia J. Halsey at least seven days in advance of the meeting at the phone number listed above. Written statements may be filed with the Board either before or after the meeting. Individuals who wish to make oral statements pertaining to the agenda item should contact Patricia J. Halsey at the address or telephone number listed above. Requests must be received five days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comments will be provided a maximum of five minutes to present their comments.

Minutes: Minutes will be available by writing or calling Patricia J. Halsey at the address and phone number listed above. Minutes will also be available at the following Web site: <http://www.oakridge.doe.gov/em/ssab/minutes.htm>.

Issued at Washington, DC, on May 14, 2010.

Rachel Samuel,

Deputy Committee Management Officer.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. CP10-426-000]

CenterPoint Energy Gas Transmission Company; Notice of Application

May 12, 2010.

Take notice that on May 11, 2010, CenterPoint Energy Gas Transmission Company (CEGT), 1111 Louisiana Street, Houston, Texas 77002, filed in the above referenced docket an application pursuant to section 7(b) of the Natural Gas Act (NGA) and part 157 of the Commission's regulations, requesting authorization to abandon in place two 1,100 horsepower (HP) compressor units, fuel meter, compressor building and associated yard and station piping located at Dunn Junction Compressor Station in Logan County, Arkansas. CEGT states that the Dunn Junction Compressor Station is adjacent to the Dunn Compressor Station and yard and station piping at the Dunn Compressor Station has been reconfigured. CEGT asserts that gas supplies can be redirected from Dunn Junction Compressor Station to the Dunn Compressor Station, thus making the Dunn Junction Compressor Station inactive and no longer needed, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call

toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions concerning this application may be directed to Michelle Willis, Manager, Regulatory & Compliance, CenterPoint Energy Gas Transmission Company, P.O. Box 21734, Shreveport, Louisiana 71151, at (318) 429-3708.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission,

888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: June 2, 2010.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2851-016]

Cellu Tissue Corporation; Notice of Application Tendered for Filing With the Commission and Establishing Procedural Schedule for Licensing and Deadline for Submission of Final Amendments

May 12, 2010.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

- a. *Type of Application:* New Major License.
- b. *Project No.:* 2851-016.
- c. *Date Filed:* April 29, 2010.
- d. *Applicant:* Cellu Tissue Corporation.
- e. *Name of Project:* Natural Dam Hydroelectric Project.
- f. *Location:* On the Oswegatchie River in the town of Gouverneur, St. Lawrence County, New York. The project would not occupy any Federal lands.
- g. *Filed Pursuant to:* 18 CFR part 5 of the Commission's Regulations.
- h. *Agent Contact:* Chris Fiedler or Robin Gaumes, Cellu Tissue Corp., Natural Dam Mill, 4921 Route 58N, Gouverneur, NY 13642, (315) 287-7190.
- i. *FERC Contact:* John Baummer, (202) 502-6837.
- j. This application is not ready for environmental analysis at this time.

k. *Project Description:* The existing project consists of: (1) A 155 foot-long-dam and spillway with a inflatable rubber crest at a deflated crest elevation of 394.0 feet National Geodetic Vertical Datum (NGVD); (2) a 180-foot-long auxiliary dam/spillway with a crest elevation of 397.3 feet NGVD; (3) a 570-acre impoundment with a normal water surface elevation of 396.0 feet NGVD; (4) a 152-foot-long gated headpond structure leading to an intake structure and a 412-foot-long flume along the west bank of the river; (5) a 570-foot-long bypass reach; (6) a powerhouse containing three turbine generating units with a total installed capacity of 1,020 kW; and (7) electrical transformers located in a transformer yard adjacent to the north wall of the powerhouse that supply power for use at the Natural Dam Mill to produce specialty paper products.

Cellu Tissue Corporation proposes to: (1) Operate the project in a run-of river mode with a minimum impoundment elevation of 395.85 feet; (2) maintain a minimum bypass flow of 77 cubic feet per second (cfs) or inflow, whichever is less; (3) upgrade water level monitoring equipment for the impoundment; and (4) install equipment to allow for automatic pond level control.

l. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. *Procedural Schedule:* The application will be processed according to the following Hydro Licensing Schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Notice of Acceptance/Notice of Ready for Environmental Analysis	June 29, 2010.
Filing of Recommendations, preliminary terms and conditions, and fishway prescriptions	August 28, 2010.
Commission issues Non-Draft EA	December 26, 2010.
Comments on EA	January 25, 2011.
