

school safety, and unsafe and inappropriate use of electronic communication. This initiative will engage law enforcement leaders and front-line officers through classroom and Web-based instruction, online resources, peer-to-peer networking and interaction, and geospatial information system technology.

#### *State Advisory Group Training and Technical Assistance Project*

Under this project, OJJDP provides training and technical assistance to State advisory groups (SAGs) appointed under the Juvenile Justice and Delinquency Prevention Act (JJDP Act) 1974, as amended. The training and technical assistance that SAG members receive serve two broad purposes. It enables them to: (1) Better understand the juvenile justice system in their respective States or territories and (2) become more familiar with all programs and facilities serving youth. Trained SAG members will more effectively carry out their roles and responsibilities to ensure and enhance a responsive juvenile justice system within their jurisdictions.

#### *Support for Conferences on Juvenile Justice*

OJJDP will support conferences that address juvenile justice and the prevention of delinquency. This support would provide community prevention leaders, treatment professionals, juvenile justice officials, researchers, and practitioners with information on best practices and research-based models to support State, local government, and community efforts to prevent juvenile delinquency.
