#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Davis-Bacon Act (40 U.S.C. 3141, *et seq.*) provides, in part, that every contract in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, and/or repair, which requires or involves the employment of mechanics and/or laborers, shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics that were determined by the Secretary of Labor to be prevailing for the corresponding classes of laborers and mechanics employed on projects of a character similar to the contract work in the city, town, village or other civil subdivision of the State where the work is to be performed. The Administrator of the Wage and Hour Division, through a delegation of authority, is responsible for issuing these wage determinations (WDs). Section 1.3 of Regulations 29 CFR Part 1, Procedures for Predetermination of Wage Rates, provides, in part, that for the purpose of making WDs, the Administrator will conduct a continuing program for obtaining and compiling wage rate information. Form WD-10 is used to determine locally prevailing wages under the Davis-Bacon and Related Acts. The wage data collection is a primary source of information and is essential to the determination of prevailing wages. This information collection is currently approved for use through January 31, 2011.
