

LIST OF PETITIONS RECEIVED BY EDA FOR CERTIFICATION OF ELIGIBILITY TO APPLY FOR TRADE ADJUSTMENT 6/7/2010 THROUGH 6/24/2010—Continued

Firm	Address	Date accepted for filing	Products
Fulford Manufacturing Company, Inc.	65 Tripps Lane, East, RI 02915.	6/10/2010	Fulford Manufacturing company manufactures hardware, plumbing fixtures and fittings, metal stampings, costume jewelry using materials that include stainless steel, brass and aluminum.
Trelleborg Sealing Solutions US, Inc.	2531 Bremer Rd, Fort Wayne, IN.	6/10/2010	The company manufactures precision plastic bearings and sealing systems.
The Marwin Company, Inc	1703 Atlas Road P.O., Columbia, SC 29290.	6/11/2010	The firm produces attic stairways, bi-fold doors, & pocket door frames; primary manufacturing material is wood.
Elmet Technologies, Inc	1560 Lisbon Street, Lewiston, ME 04240.	6/14/2010	Elmet is global supplier of high performance materials including molybdenum, refractory metals, wire products and lighting products.
IQE, Inc	119 Technology Drive, Bethlehem, PA 18015.	6/14/2010	IQE manufactures epitaxial wafers used in cell phones, cell phone towers, advanced military communications, defense radar and guidance systems, sensors and optoelectronics. Pressure measuring instruments.
Oklahoma Safety Equipment Co., Inc.	1710 W. Tacoma, Broken Arrow, OK 74012.	6/14/2010	
Oliver Manufacturing Company, Inc.	17777 U.S. Highway 50, Rocky Ford, CO 81067.	6/14/2010	Manufacturer of farm machinery and equipment, specializing in cleaning machines for fruit, grain or vegetables.
Dry Corp, LLC	349 Military Cutoff Road, Wilmington, NC 28405.	6/15/2010	The firm produces waterproof cast, bandage, prosthetic and ostomy protectors. The primary manufacturing materials include natural rubber latex, neoprene, PVC vinyl, and injection molded plastic.
Lorbern Manufacturing, Inc	708 Morse Avenue, Schaumburg, IL 60193.	6/15/2010	The company is a manufacturer of machine parts and tooling for the fastener industry. The firm manufactures machined metal parts and tooling.
MicroMax, Inc	5840 N. Canton Center Rd., Canton, MI 48187.	6/15/2010	Engineering design and testing services.
Pollmann North America, Inc	950 Chicago Tube Drive, Romeoville, IL 60446.	6/15/2010	The company is a manufacturer of electro-mechanical and mechanical subassemblies for the automotive, medical, appliance, and consumer electronics industries.
DJ Acquisition Management Corp. d/b/a Weco.	6364 Dean Parkway, Ontario, NY 14519.	6/18/2010	The Company is engaged in contract manufacturing for original equipment manufacturers (OEMs). This includes metal fabrication, machining, finishing and assembly to the customer's product specifications.
Fletcher Rugs, Inc d/b/a Mountain Rug Mills.	609 North King Street, Hendersonville, NC 28792.	6/22/2010	The firm produces area rugs and carpets. The primary manufacturing material is wool and cotton.
AG Devices of Colorado, Inc	9595 Highway 65, Austin, CO 81410.	6/24/2010	AG Devices produces custom electrical cables for a range of applications.
Eldre Corporation	1500 Jefferson Road, Rochester, NY 14623.	6/24/2010	Manufacturer of laminated Bus Bars or current carrying wiring devices.
Tanury Industries	1500 Jefferson Road, Lincoln, RI 02865.	6/24/2010	The firm provides metal finishing services to a wide group of decorative products.

Any party having a substantial interest in these proceedings may request a public hearing on the matter. A written request for a hearing must be submitted to the Trade Adjustment Assistance for Firms Division, Room 7106, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than ten (10) calendar days following publication of this notice.

Please follow the procedures set forth in Section 315.9 of EDA's final rule (71 FR 56704) for procedures for requesting a public hearing. The Catalog of Federal Domestic Assistance official program number and title of the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance.

Dated: June 25, 2010.

Miriam J. Kearse,
Eligibility Certifier.

Welded Large Diameter Line Pipe From Japan: Notice of Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On January 29, 2010, the U.S. Department of Commerce (the

Department) published a notice of initiation of an administrative review of the antidumping duty order on welded large diameter line pipe from Japan. The review covers 4 producers/exporters of welded large diameter line pipe from Japan, which are, JFE Steel Corporation, Nippon Steel Corporation, Sumitomo Corporation, and Sumitomo Metal Industries, Ltd. (a.k.a. Sumitomo Metals Pipe & Tube Company). Based on a withdrawal of the request for review from United States Steel Corporation (hereafter "U.S. Steel"), a domestic producer of welded large diameter line pipe, we are now rescinding this administrative review in full.

DATES: *Effective Date:* July 7, 2010.

FOR FURTHER INFORMATION CONTACT: John Drury, or Angelica Mendoza, AD/CVD Operations, Office 7, Import

Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0195, or (202) 482-3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 2009, the Department published in the **Federal Register** the notice of opportunity to request an administrative review of the antidumping duty order on welded large diameter line pipe from Japan for the period December 1, 2008, through November 30, 2009. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 74 FR 62743 (December 1, 2009). On December 31, 2009, the Department received a request from U.S. Steel that the Department conduct an administrative review covering producers/exporters of welded large diameter line pipe from Japan. On January 29, 2010, the Department published in the **Federal Register** the notice of initiation of the 2008-2009 administrative review of welded large diameter line pipe from Japan. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews, Request for Revocation in Part, and Deferral of Initiation of Administrative Review*, 75 FR 4770 (January 29, 2010).

On March 1, 2010, the Department received notice on behalf of both Sumitomo Corporation and Sumitomo Metal Industries informing the Department that neither had made any exports, sales or entries of subject merchandise into the U.S. for the period of review.

On April 8, 2010, the Department issued its antidumping duty questionnaire to JFE Steel Corporation. At the time that U.S. Steel withdrew its request for review, JFE Steel Corporation had not submitted responses to the Department's questionnaire.

On April 14, 2010, the Department received a notice on behalf of Nippon Steel Corporation informing the Department that it had not made any exports, sales or entries of subject merchandise into the U.S. for the period of review.

On June 1, 2010, U.S. Steel withdrew its request for administrative review for all companies.

Period of Review

The period of review (POR) is December 1, 2008, through November 30, 2009.

Scope of the Order

The merchandise under review is welded large diameter line pipe from Japan. The product covered by this order is certain welded carbon and alloy line pipe, of circular cross section and with an outside diameter greater than 16 inches, but less than 64 inches, in diameter, whether or not stenciled. This product is normally produced according to American Petroleum Institute (API) specifications, including Grades A25, A, B, and X grades ranging from X42 to X80, but can also be produced to other specifications. The product currently is classified under U.S. Harmonized Tariff Schedule (HTSUS) item numbers 7305.11.10.30, 7305.11.10.60, 7305.11.50.00, 7305.12.10.30, 7305.12.10.60, 7305.12.50.00, 7305.19.10.30, 7305.19.10.60, and 7305.19.50.00. Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the scope is dispositive. Specifically not included within the scope of this order is American Water Works Association (AWWA) specification water and sewage pipe and the following size/grade combinations; of line pipe:

- Having an outside diameter greater than or equal to 18 inches and less than or equal to 22 inches, with a wall thickness measuring 0.750 inch or greater, regardless of grade.
- Having an outside diameter greater than or equal to 24 inches and less than 30 inches, with wall thickness measuring greater than 0.875 inches in grades A, B, and X42, with wall thickness measuring greater than 0.750 inches in grades X52 through X56, and with wall thickness measuring greater than 0.688 inches in grades X60 or greater.
- Having an outside diameter greater than or equal to 30 inches and less than 36 inches, with wall thickness measuring greater than 1.250 inches in grades A, B, and X42, with wall thickness measuring greater than 1.000 inches in grades X52 through X56, and with wall thickness measuring greater than 0.875 inches in grades X60 or greater.
- Having an outside diameter greater than or equal to 36 inches and less than 42 inches, with wall thickness measuring greater than 1.375 inches in grades A, B, and X42, with wall thickness measuring greater than 1.250 inches in grades X52 through X56, and with wall thickness measuring greater than 1.125 inches in grades X60 or greater.
- Having an outside diameter greater than or equal to 42 inches and less than

64 inches, with a wall thickness measuring greater than 1.500 inches in grades A, B, and X42, with wall thickness measuring greater than 1.375 inches in grades X52 through X56, and with wall thickness measuring greater than 1.250 inches in grades X60 or greater.

- Having an outside diameter equal to 48 inches, with a wall thickness measuring 1.0 inch or greater, in grades X-80 or greater.
- Having an outside diameter of 48 inches to and including 52 inches, and with a wall thickness of 0.90 inch or more in grade X80 or above.
- Having an outside diameter of 48 inches to and including 52 inches, and with a wall thickness of 0.54 inch or more in grade X100 or above.
- Having an outside diameter of 21 inches and wall thickness of 0.625 inch or more in grade X80.

Rescission of Antidumping Administrative Review

19 CFR 351.213(d)(1) of the Department's regulations provides that the Department will rescind an administrative review if the party that requested the review withdraws its request for review within 90 days of the date of publication of the notice of initiation of the requested review, or withdraws at a later date if the Department determines it is reasonable to extend the time limit for withdrawing the request. Therefore, although petitioners withdrew their request with regard to all four companies after the 90-day deadline, the Department has the discretion to extend this time limit. Consistent with the Department's practice,¹ we find it reasonable to extend the withdrawal deadline, because the Department has not yet devoted significant time or resources to this review and petitioners were the only party to request a review.

Assessment Instructions

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For companies for which this review is rescinded, antidumping duties shall be assessed at

¹ See *Persulfates from the People's Republic of China: Notice of Rescission of Antidumping Duty Administrative Review*, 71 FR 13810 (Mar. 17, 2006); see also *Honey from the People's Republic of China: Notice of Partial Rescission of Antidumping Duty Administrative Review*, 70 FR 42032 (Jul. 21, 2005); and *Certain Cut-to-Length Carbon Steel Plate From the People's Republic of China: Notice of Rescission of Antidumping Duty Administrative Review*, 70 FR 44560 (Aug. 3, 2005); and *Notice of Rescission of Antidumping Duty Administrative Review: Petroleum Wax Candles from the People's Republic of China*, 70 FR 33733 (Jun. 9, 2005).

rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR

351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: June 29, 2010.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-AY99

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Space Vehicle and Missile Launch Operations at Kodiak Launch Complex, Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for regulations and subsequent letters of authorization; request for comments and information.

SUMMARY: NMFS has received an application from the Alaska Aerospace Corporation (AAC) for authorization to take marine mammals incidental to launching space launch vehicles, long range ballistic target missiles, and other smaller missile systems at Kodiak Launch Complex (KLC) for the period of February 2011 through February 2016. Pursuant to the Marine Mammal Protection Act (MMPA), NMFS is announcing receipt of the AAC's request for the development and implementation of regulations governing the incidental taking of marine mammals and inviting information, suggestions, and comments on the AAC's application and request.

DATES: Comments and information must be received no later than August 6, 2010

ADDRESSES: Comments on the application should be addressed to P. Michael Payne, Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910-3225. The mailbox address for providing email comments is *PR1.0648-AY99@noaa.gov*. Comments sent via e-mail, including all attachments, must not exceed a 10-megabyte file size.

FOR FURTHER INFORMATION CONTACT: Jaclyn Daly or Michelle Magliocca, Office of Protected Resources, NMFS, (301) 713-2289.

SUPPLEMENTARY INFORMATION:

Availability

A copy of the AAC's application may be obtained by writing to the address specified above (see **ADDRESSES**), telephoning the contact listed above (see **FOR FURTHER INFORMATION CONTACT**), or visiting the internet at <http://www.nmfs.noaa.gov/pr/permits/incidental.htm>.

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (Secretary) to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) if certain findings are made and regulations are issued or, if the taking is limited to harassment, notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings may be granted if NMFS finds that the

taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for certain subsistence uses, and that the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such taking are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as "...an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."

The National Defense Authorization Act (NDAA; Pub. L. 108 136) removed the "small numbers" and "specified geographical region" limitations and amended the definition of "harassment" as it applies to a "military readiness activity" to read as follows (Section 3(18)(B) of the MMPA):

(i) Any act that injures or has the significant potential to injure a marine mammal or marine mammal stock in the wild [Level A Harassment]; or (ii) Any act that disturbs or is likely to disturb a marine mammal or marine mammal stock in the wild by causing disruption of natural behavioral patterns, including, but not limited to, migration, surfacing, nursing, breeding, feeding, or sheltering, to a point where such behavioral patterns are abandoned or significantly altered [Level B Harassment].

Summary of Request

On June 4, 2010, NMFS received a complete application from the AAC requesting authorization for the take of Steller sea lions (*Eumetopias jubatus*) and harbor seals (*Phoca vitulina*), incidental to space vehicle and missile launch activities from KLC for a period of 5 years. These launches are designed to support the U.S. Department of Defense training and operations and hence are considered military readiness activities. Marine mammals, specifically pinnipeds on nearby haulouts, may be exposed to launch noise. AAC is requesting the take, by harassment, of juvenile and adult Steller sea lions and all age class of harbor seals.

Specified Activities

AAC is proposing to launch small to medium space launch vehicles ranging in size from the small Castor 120 and the related Peacekeeper derived Minotaur IV and V vehicles to the medium lift Taurus II (currently under development) from the KLC. KLC can also support launch of the Minuteman II and III derived Minotaur I (a space launch vehicle) through III (which are primarily used as ballistic targets). Additional target missiles include the C-4 Trident, Quick Reaction Launch
