

with EPA requiring the implementation of remedial actions at such sites.

Under the agreement, EPA has also agreed that the liability of the Debtors under Sections 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607, arising from prepetition acts at the three Discharged Sites—the Byron Salvage Yard Site in Ogle County, Illinois, the Operating Industries Site in Monterey Park, California, and the Calumet Containers Site in Hammond, Indiana—were discharged under Section 1141 of the Bankruptcy Code by the Plan of Reorganization and the Confirmation Order.

The Agreement also provides that the liability of the Debtors at the following Excluded Sites will not be affected by the Settlement Agreement: (1) The Bulk Terminals Site in Louisville, Kentucky; (2) the Constitution Road Site in Atlanta, Georgia; (3) the M&J Solvents Site in Atlanta, Georgia; (4) the Seaboard Chemical Corp. Site in Jamestown, North Carolina; (5) the Frontier Chemical Waste Processing Site in Niagara Falls, New York; (6) the Somersville Road Site in Contra Costa County, California; (7) the Crymes Landfill Site in Tucker, Georgia; (8) the Interstate Pollution Control Site in Rockford, Illinois; (9) the Old Land Reclamation Landfill Site in Depew, New York; (10) the GBF Pittsburgh Landfill Site in Contra Costa, California; (11) the Chemical Control Corp. Site in Elizabeth, New Jersey; and (12) the Brampton Road Site in Garden City, Georgia.

With respect to any Debtor-Owned Sites, the Agreement provides that the claims of EPA and the State of Illinois against the Debtors related to postpetition cleanup costs, as well as actions seeking to compel performance of any cleanup action at such sites, shall not be discharged under Section 1141 of the Bankruptcy Code or impaired or affected by the Plan of Reorganization or the Confirmation Order.

Finally, the Agreement provides, with respect to Additional Sites—defined as all sites that are not Liquidated Sites, Debtor-Owned Sites, Consent Decree Sites, Discharged Sites, or Excluded Sites—that all liabilities of the Debtors to EPA under Sections 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607, and Section 7003 of RCRA, 42 U.S.C. 6973, arising from prepetition acts, shall be addressed as follows: EPA may not issue unilateral orders or seek injunctions against the Debtors, under Section 106 of CERCLA, 42 U.S.C. 9606 or Section 7003 of RCRA, 42 U.S.C. 6973, with respect to such sites, but EPA may seek to resolve Debtors' liability, or have such liability adjudicated, to a

Determined Amount. The Agreement provides that the Debtors will pay EPA a Distribution Amount, which is based on the amount the Debtors would have paid to EPA if, at the time of the bankruptcy proceeding, EPA had an allowed general unsecured claim equal to the Determined Amount.

The Agreement also provides that EPA will have a general unsecured claim in the amount of \$183,109 in connection with EPA's claim that one of the Debtors—Quebecor World Retail Printing Corp. (known as World Color Retail Printing Corp. since confirmation of the Plan of Reorganization and acquired by Quad/Graphics Inc. on or about July 2, 2010)—is liable for civil penalties for violations of the Clean Air Act at its facility located in Taunton, Massachusetts.

**FOR FURTHER INFORMATION CONTACT:**

Theda Kenney or Todd Owen, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, Room N-3609, 200 Constitution Ave., NW., Washington, DC 20210; telephone (202) 693-2222.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimal burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657). The OSH Act authorizes the Occupational Safety and Health Administration ("OSHA" or the "Agency") to conduct education and training courses (29 U.S.C. 670). These

courses must educate an adequate number of qualified personnel to fulfill the purposes of the OSH Act, provide them with short-term training, inform them of the importance and proper use of safety and health equipment, and train employers and workers to recognize, avoid, and prevent unsafe and unhealthful working conditions.

Under Section 21 of the OSH Act, the OSHA Training Institute (the "Institute") provides basic, intermediate, and advanced training and education in occupational safety and health for Federal and State compliance officers, Agency professionals and technical-support personnel, employers, workers, organizations representing workers and employers, educators who develop curricula and teach occupational safety and health courses, and representatives of professional safety and health groups. The Institute provides courses on occupational safety and health at its national training facility in Arlington Heights, Illinois.

Students attending Institute courses complete the one-page Student Data Form (OSHA Form 182) on the first day of class. The form provides information under five major categories titled "Course Information," "Personal Data," "Employer Data," "Emergency Contacts," and "Student Groups." The OSHA Directorate of Training and Education (the "Directorate") compiles, for each fiscal year, the following information from the "Course Information" and "Student Groups" categories: Total student attendance at the Institute; the number of students attending each training course offered by the Institute; and the types of students attending these courses (for example, students from Federal or State occupational safety and health agencies). The Directorate uses this information to demonstrate, in an accurate and timely manner, that the Agency is providing the training and worker education mandated by Section 21 of the Act. OSHA also uses this information to evaluate training output, and to make decisions regarding program/course revisions, budget support, and tuition costs.

The Agency uses the information collected under the "Course Information," "Personal Data," and "Employer Data" to identify private sector students so that it can collect tuition costs from them or their employers as authorized by 31 U.S.C. 9701 ("Fees and Charges for Government Services and Things of Value"); Office of Management and Budget Circular A-25 ("User Charges"); and 29 CFR part 1949 ("Directorate of Training and Education, Occupational Safety and Health

Administration"). The information in the "Personal Data" and "Emergency Contacts" categories permits OSHA to contact students who are residing in local hotels/motels if an emergency arises at their home or place of employment, and to alert supervisors/alternate contacts of a trainee's injury or illness.

**II. Special Issues for Comment**

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of the Agency's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

**III. Proposed Actions**

OSHA is requesting that OMB extend its approval of the information collection requirements contained in the Student Data Form. The Agency will summarize the comments submitted in response to this notice, and will include this summary in the request to OMB.

*Type of Review:* Extension of a currently approved collection.

*Title:* Student Data Form.

*OMB Number:* 1218-0172.

*Affected Public:* Individuals; business or other for-profit organizations; Federal government; State, Local, or Tribal governments.

*Number of Respondents:* 2,000.

*Frequency:* On occasion.

*Total Responses:* 2,000.

*Average Time per Response:* 5 minutes (.08 hour).

*Estimated Total Burden Hours:* 160 hours.

*Estimated Cost (Operation and Maintenance):* \$0.

**IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions**

You may submit comments in response to this document as follows:

- (1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for this

If you wish to mail additional materials in reference to an electronic or a facsimile submission, you must submit them to the OSHA Docket Office (*see* the section of this notice titled “ADDRESSES”). The additional materials must clearly identify your electronic comments by your name, date, and docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger or courier service, please contact the OSHA Docket Office at (202) 693–2350, (TTY (877) 889–5627).

### NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

#### Records Schedules; Availability and Request for Comments

**AGENCY:** National Archives and Records Administration (NARA).

**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be received in writing on or before August 9, 2010. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

**ADDRESSES:** You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means:

*Mail:* NARA (NWML), 8601 Adelphi Road, College Park, MD 20740–6001.

*E-mail:* [request.schedule@nara.gov](mailto:request.schedule@nara.gov).

*FAX:* 301–837–3698.

Requesters must cite the control number, which appears in parentheses

after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

**FOR FURTHER INFORMATION CONTACT:**

Laurence Brewer, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740–6001. Telephone: 301–837–1539. E-mail: [records.mgt@nara.gov](mailto:records.mgt@nara.gov).

**SUPPLEMENTARY INFORMATION:** Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA’s approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless specified otherwise. An item in a schedule is media neutral when the disposition instructions may be applied to records regardless of the medium in which the records are created and maintained. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is limited to a specific medium. (*See* 36 CFR 1225.12(e).)

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government’s activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records
