**III. Summary of Public Comments Received and Agency Response to Comments**

One comment was received during the 30-day public comment period. The commenter expressed her opinion that no living thing should be exposed to rotenone products. The commenter did

not, however, provide any information or reason to not grant the request to terminate certain uses. Therefore, the Agency does not believe that the comment submitted during the comment period merits further review or a denial of the requests for voluntary use deletion.

**IV. Cancellation Order**

Pursuant to FIFRA section 6(f), EPA hereby approves the requested amendments to terminate uses of rotenone registrations identified in Table 1 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II. are amended to terminate the affected uses. The effective date of the cancellations that are subject of this notice is July 14, 2010. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

**V. What is the Agency’s Authority for Taking this Action?**

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment on June 7, 2006 (71 FR 32948) (FRL–8071–1). The comment period closed on July 7, 2006.

**VI. Provisions for Disposition of Existing Stocks**

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is as follows.

For all products listed in Table 1 of Unit II, there is no provision for existing stocks of products with labels that include the deleted uses in the hands of technical registrants or any formulation of these products as of July 14, 2010. Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1 of Unit II, except for export in accordance with FIFRA section 17 or for proper disposal.

Persons other than the registrant may not formulate but may sell, distribute, or use existing stocks of products whose labels include the deleted uses for July 14, 2011, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling that included the deleted uses.

**Monosodium methanearsonate (MSMA); Cancellation Order for Certain Pesticide Registrations**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA’s order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of products containing the organic arsenical monosodium methanearsonate (MSMA), pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows an April 7, 2010 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 of Unit II. to voluntarily cancel these product registrations. These are not the last products containing this pesticide registered for use in the United States. In the April 7, 2010 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30 day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency did not receive any comments on the notice. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The cancellations are effective July 14, 2010.
