### Foreign Agricultural Service

#### Trade Adjustment Assistance for Farmers

**AGENCY:** Foreign Agricultural Service, USDA.

**ACTION:** Notice.

The Administrator of the Foreign Agricultural Service (FAS) has denied a petition (No. 2010014) for trade adjustment assistance (TAA) for apples that was filed by the New York Apple Association and accepted for review by USDA on May 4, 2010.

**SUPPLEMENTARY INFORMATION:** To qualify under the program, Subtitle C of Title I of the Trade Act of 2002 (Pub. L. 107-210) states that petitions must demonstrate, using data for the most recent, full marketing year or full official marketing season, a greater than 15-percent decline in at least one of the following factors: national average price, quantity of production, value of production, or cash receipts.

According to the statute, it is also necessary for the petition to demonstrate that an increase in imports of articles like or directly competitive, during the same marketing period, contributed importantly to the decrease in one of the above factors for the agricultural commodity.

All petitions were analyzed by USDA's Economic Research Service and reviewed by the TAA for Farmers Review Committee, comprised of representatives from USDA's Office of the Chief Economist, Farm Service Agency, Agricultural Marketing Service and Foreign Agricultural Service. After a review, the Administrator determined that the import data did not meet the regulatory requirement for the most recent, official USDA full marketing year or full marketing season data. Because the petition was unable to meet this regulatory requirement, it did not

qualify for certification for Fiscal Year (FY) 2010.

**ACTION:** Notice.

The Administrator of the Foreign Agricultural Service (FAS) has denied a petition (No. 2010017) for trade adjustment assistance (TAA) for apples that was filed by the Minnesota Apple Growers Association, Inc. (MAGA) and accepted for review by USDA on May 4, 2010.

**SUPPLEMENTARY INFORMATION:** To qualify under the program, Subtitle C of Title I of the Trade Act of 2002 (Pub. L. 107-210) states that petitions must demonstrate, using data for the most recent, full marketing year or full official marketing season, a greater than 15-percent decline in at least one of the following factors: national average price, quantity of production, value of production, or cash receipts.

According to the statute, it is also necessary for the petition to demonstrate that an increase in imports of articles like or directly competitive, during the same marketing period, contributed importantly to the decrease in one of the above factors for the agricultural commodity.

All petitions were analyzed by USDA's Economic Research Service and reviewed by the TAA for Farmers Review Committee, comprised of representatives from USDA's Office of the Chief Economist, Farm Service Agency, Agricultural Marketing Service

and Foreign Agricultural Service. After a review, the Administrator determined that the petition was unable to demonstrate an increase in fresh apple imports during the August-December 2009/2010 marketing season. Instead, it demonstrated that imports of fresh apples declined 30 percent during this period, compared to the previous 3-year average. For this reason, the petition does not meet the regulatory requirements for certification for Fiscal Year (FY) 2010.

The Administrator of the Foreign Agricultural Service (FAS) has denied a petition (No. 2010007) for trade adjustment assistance (TAA) for spiny lobsters that was filed by the Florida Keys Commercial Fishermen's Association and accepted for review by USDA on May 3, 2010.

**SUPPLEMENTARY INFORMATION:** To qualify under the program, Subtitle C of Title I of the Trade Act of 2002 (Pub. L. 107-210) states that petitions must demonstrate, using data for the most recent, full marketing year or full official marketing season, a greater than 15-percent decline in at least one of the following factors: national average price, quantity of production, value of production, or cash receipts.

After a review, the Administrator determined that the quantity of spiny lobsters imported during January-December 2009 was 22 percent lower, compared to the previous 3-year average. In order to qualify, recent marketing period imports must be higher than the previous 3-year average. Because the petition was unable to meet the regulatory requirement for increased imports, it did not qualify for certification for Fiscal Year (FY) 2010.
